The Rear-View Mirror Vineet Bhatt,2015-01-21 Travel through the twisting, grinding and bumpy road of life demands frequent introspection and self interrogation. Pausing, reflecting, revisiting the route, examining the effect of your words and actions and doing a course correction is essential if you wish to craft a remarkable legacy worth emulating. Philip Young was very proud of his background but was haunted by the fear of failure. His frantic clutch at security and his desperate longing for the comfort zone is remindful of our own certain tight spots in life. What happened during that day's travel and immediately thereafter that prompted a mysterious change in Philip which forty odd years couldn't? What was the treasure buried between the ears of a taxi driver and the wealth that lay in the pages of a book? Experience the saga of the journey Philip Young was so sceptical about, the company of a taxi driver that was barely exciting to start with, and a book he carried merely to see him through the idle hours of the journey.

Indian Winter Kazim Ali,2024-05-14 A queer writer travelling through India can't escape the regrets of his past, nor the impending ruin of his present. I am leaving for the winter - I have to get away from this small town and all its dangers - to write, read, think, all the most important things in the world but which are thought the least important, the most expendable. Thus begins the Indian winter of our narrator, a queer writer and translator much like the author, a winter that includes a meandering journey through India, trying to write about a long-ago lover whose death he has just learned of. While on this journey into memory, he flees his current faltering relationship in search of new friendships and intimacies. Inspired by Antonio Tabucchi's *Indian Nocturne*, and by the writings of Anaïs Nin, Rachel Cusk, and Carole Maso, among others, *Indian Winter* finds itself where the travel diary, the *künstlerroman*, poetry, and autofiction meet. But the heartbreak brought on by his unravelling relationship and his family's inability to accept his queerness cannot be outrun; as he traverses India, our narrator can't help but repeatedly encounter himself and the range of love and alienation he has within.

Life in Hyderabad Queeny Yalangi,2021-04-06 *Life in Hyderabad a city of tales* is a book of Anecdotes, the stories of love, pain and optimism. Every one of us has different stories in our lives but most them are unheard, unspoken or ignored. So I wrote *Life in Hyderabad* to introduce lives of common people and their untold stories. Every character in this book has lost something or other but they never gave up. We all are somewhere broken inside and lost in darkness, but it is our will power and the hope of a better tomorrow which gives us strength to fight that darkness and makes our life beautiful. *Life in Hyderabad* is not just my book, it's the book of millions of people who live with hope.

Evaluating Research in Academic Journals Maria Tcherni-Buzzeo,Fred Pyszczak,2024-03-01 *Evaluating Research in Academic Journals* is a guide for students learning how to evaluate reports of empirical research published in academic journals. It breaks down the process of evaluating a journal article into easy-to-understand steps and emphasizes the practical aspects of evaluating research. The book describes the nuances that may make an article publishable, even when it has serious methodological flaws. Students learn when and why certain types of flaws may be tolerated,

and why evaluation should not be performed mechanically. Each chapter is organized around evaluation questions, and the book includes numerous examples from journals in the social and behavioral sciences to illustrate the application of evaluation questions and provide actual instances of strong and weak features of published reports. Common-sense models for evaluation, combined with a lack of jargon make it possible for students to start evaluating research articles in the first week of class, making this the ideal textbook for instructors and students across a range of disciplines. New to this edition: A new chapter on Types of Research Coverage of the new realities of online survey methods and research using big data A new appendix on Emerging Issues in Survey Research More emphasis and information on qualitative, case studies, and action research Expanded discussion of research ethics, including additional research-ethics-oriented guidelines, and new appendices devoted to noteworthy cases of research ethics breaches. The accompanying Instructor and Student Resources provide free digital materials designed to test student knowledge and save time when preparing lessons, including over 150 multiple-choice questions, articles, videos, and weblinks for students to test their knowledge of the material and further their understanding of concepts; and downloadable lecture slides and test banks for instructors.
