Catalan-english/ English-catalan Practical Dictionary A. Scott Britton, 2018-05-15 Catalan is a romance language named after the autonomous province Catalonia in Spain and spoken by well over 9 million people worldwide. It is also the national and only official language of Andorra. Most Catalan speakers, however, reside in Spain's Catalonia and Valencia provinces. Catalan is not a dialect of Spanish, but a language that developed independently from Vulgar Latin during the Middle Ages around the Pyrenees region. During the 19th century and the rise of a nationalist cultural movement in Catalonia, the language was revived as a literary language. Since the 1980s, Catalan has been the language used in state schools, and thus most residents of Catalonia are bilingual in Catalan and Spanish. Ideal for businesspeople, travelers, and students, this dictionary features over 16,000 word-to-word entries, including common words as well as technical, legal, business and locally-specific terms (key cities, foods, and cultural terms). It also includes an exhaustive pronunciation guide and a concise discussion of the basics of Catalan grammar.

On top of that, the index in the second half of the book provides you with a basic Catalan-English as well as English-Catalan dictionary which makes this a great resource for learners of all levels. What you can expect from this book: This Catalan learning resource is a combination of Catalan vocabulary book and a two-way basic Catalan dictionary: Part 1 - Topic based Catalan vocabulary book: This is the main part of the book and represents a list of chapters each containing Catalan vocabularies for a certain topic. The Catalan vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-Catalan dictionary: The index in the second half of the book can be used as a basic Catalan dictionary to look up words you have learned but can't remember or learn new words you need. Part 3 - Basic Catalan-English dictionary: Easy to use and with just the right amount of words, this third part finishes off with a second index that allows you to look for Catalan words and directly find the English translation How to use this Catalan vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication.

The Catalan dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Catalan translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Catalan dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Catalan and comes in particularly handy at times when there is no internet to look up words and phrases.

Manual of Catalan Linguistics Joan A. Argenter, Jens Lüdtke, 2020-04-06 This manual is intended to fill a gap in the area of Romance studies. There is no introduction available so far that broadly covers the field of Catalan linguistics, neither in Catalan nor in any other language. The work deals with the language spoken in Catalonia and Andorra, the Balearic Islands, the region of Valencia, Northern Catalonia and the town of l'Alguer in Sardinia. Besides introducing the ideologies of language and nation and the history of Catalan linguistics, the manual is divided into separate parts embracing the description – grammar, lexicon, variation and varieties – and the history of the language since the early medieval period to the present day. It also covers its current social and political situation in the new local and global contexts. The main emphasis is placed on modern Catalan. The manual is designed as a companion for students of Catalan, while also introducing specialists of other languages into this field, in particular scholars of Romance languages.

English / German Cognates John Rigdon, 2018-06-11 This dictionary contains over 1800 words which are the same or nearly the same in English and German. Such words are known as cognates. Just like human family, not all are twins. Some will be close, others only share a common etymology. It also contains a section of fake friends - words which one may think are cognates, but are not. Some of these will get you in trouble, for example: Gift does not mean something special for a friend, it means poison, Use das Geschenk instead. German is the most widely spoken and (co-) official language in Germany, Austria, Switzerland, South Tyrol (Italy), the German-speaking Community of Belgium, and Liechtenstein. It is also one of the three official languages of Luxembourg. German is the second most widely spoken Germanic language, after English. One of the major languages of the world, German is the first language of almost 100 million people worldwide and the most widely spoken native language in the European Union. Together with French, German is the second most commonly spoken foreign language in the EU after English, making it the second biggest language in the EU in terms of overall speakers. German is also the second most widely taught foreign language in the EU after English at primary school level (but third after English and French at lower secondary level), the fourth most widely taught non-English language in the US (after Spanish, French and American Sign Language), and the second most commonly used scientific language as well as the third most widely used

language on websites (after English and Russian). The German-speaking countries are ranked fifth in terms of annual publication of new books, with one tenth of all books (including e-books) in the world being published in the German language. In the United Kingdom, German and French are the most-sought after foreign languages for businesses (with 49% and 50% of businesses identifying these two languages as the most useful, respectively). This dictionary is derived from our Words R Us system. We publish more than 50 bilingual dictionaries and phrasebooks. Visit our website at www.wordsrus.info for availability of other volumes.

English / Spanish / Catalan Dictionary John C. Rigdon, 2017-08-12 This dictionary contains a guide to English and Spanish pronunciation and grammar, paired with a guide to Catalan pronunciation and grammar, and a dictionary of 2400 of the most commonly used words and phrases. Catalan is an interesting language which is neither Spanish nor French and is spoken by 4 million people primarily along the eastern (Mediterranean) coast of Spain and France. Just when you think aha, this is a lot like Spanish, you'll see a whole group of words that are French, primarily aligned along subjects - Food is French, Love is Spanish kind of things. Barcelona is one of the major cities of Catalonia and there is a strong push for independence from Spain, although

the area has been under French domination in the past. Generally the standard of living is higher than other areas in Spain with the overall cost of living comparable to the southern U.S. The people are predominantly Catholic in religion, but like most of the rest of Spain generally secular in their practice of their faith. The Catalonia region is known for the lively beach resorts of Costa Brava, the Pyrenees mountains and as home to surrealist artist Salvador Dalí. Barcelona has an ancient Gothic Quarter, La Rambla pedestrian mall and several beaches. Antoni Gaudí's distinctive architecture can be seen at the Sagrada Família basilica and in the colorful mosaics of Park Güell. Spanish is the official or national language in Spain, Equatorial Guinea, and 19 countries in the Americas. Speakers in the Americas total some 418 million. In the European Union, Spanish is the mother tongue of 8% of the population, with an additional 7% speaking it as a second language. It is usually considered the world's second-most spoken native language, after Mandarin Chinese. You will find an interesting number of words between these three languages which are cognates, but spelling and to some degree pronunciation often varies. This dictionary is extracted from our Words R Us system, a derivative of WordNet. English Wordnet, originally created by Princeton University is a lexical database for the English language. It groups words in English into sets of synonyms called synsets, provides brief definitions and usage examples, and records a series of relationships between these sets of synonyms. WordNet can be viewed as both a combination of

dictionary and thesaurus. This dictionary will be indispensable for any international company doing business in areas where Albanian and Spanish are spoken. We also publish a companion volume with definitions of the terms in English. Check our website for availability.
