The Power of the Holy Spirit in You Pat Robertson, 2022-01-11 Who Is the Holy Spirit—and Why Do You Need Him in Your Life? After His crucifixion and resurrection, Jesus gave His disciples an assignment to change the world—but told them to wait until the power of the Holy Spirit had come upon them before setting out. His charge to modern-day believers is no different: To do the works that Jesus did (and even greater ones, as He said), it is imperative that we operate from the indwelling power of the Holy Spirit. But Who is this mysterious Third Person of the Trinity? How do we get this power, and what are we to do with it when we receive it? Pat Robertson, founder of the Christian Broadcasting Network and beloved longtime host of The 700 Club, tackles these questions and many others in this, the final book of a life that is now in its ninth decade. Robertson traces the path of the Holy Spirit through both the Old and New Testaments, and shares stories from his own life and that of many 700 Club viewers testifying to how the power of the Holy Spirit has miraculously freed and healed them today. If you want a better understanding of the Holy Spirit and are hungry to know more about the power that is available through Him to every Christfollower today, this book is for you.

The Routledge Companion to Radio and Podcast Studies Mia Lindgren, Jason Loviglio, 2022-06-15 This comprehensive companion is a much-needed reference source for the expanding field of radio, audio, and podcast study, taking readers through a diverse range of essays examining the core questions and key debates surrounding radio practices, technologies, industries, policies, resources, histories, and relationships with audiences. Drawing together original essays from well-established and emerging scholars to conceptualize this multidisciplinary field, this book's global perspective acknowledges radio's enduring affinity with the local, historical relationship to the national, and its unpredictably transnational reach. In its capacious understanding of what constitutes radio, this collection also recognizes the latent time-and-space shifting possibilities of radio broadcasting, and of the myriad ways for audio to come to us 'live.' Chapters on terrestrial radio mingle with studies of podcasts and streaming audio, emphasizing continuities and innovations in form and content, delivery and reception, production cultures and aesthetics, reminding us that neither 'radio' nor 'podcasting' should be approached as static objects of analysis but rather as mutually constituting cultural forms. This cutting-edge and vibrant companion provides a rich resource for scholars and students of history, art theory, industry studies, journalism, media and communication, cultural studies, feminist analysis, and postcolonial studies. Chapter 42 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND) 4.0 license.

The First Survivors of Alzheimer's Dale Bredeesen, 2021-08-17 First person stories of patients who recovered from Alzheimer's Disease--and how they did it. It has been said that everyone knows a cancer survivor, but no one has met an Alzheimer's survivor – until now. In his first two books, Dr. Dale Bredeesen outlined the revolutionary treatments that are changing what had previously seemed like the inevitable outcome of cognitive decline and dementia. And in these moving narratives, you can hear directly from the first survivors of Alzheimer's themselves--their own amazing stories of hope told in their own words. These first person accounts honestly detail the fear, struggle, and ultimate victory of each patient's journey. They vividly describe what it is like to have Alzheimer's. They also drill down on how each of these patients made the program work for them--the challenges, the workarounds, the encouraging results that are so motivating. Dr. Bredeesen includes commentary following each story to help point readers to the tips and tricks that might help them as well. Dr. Bredeesen's patients have not just survived; they have thrived to rediscover fulfilling lives, rewarding relationships, and meaningful work. This book will give unprecedented hope to patients and their families.

The Word Made Flesh Ian A. McFarland, 2019-09-03 Most theologians believe that in the human life of Jesus of Nazareth, we encounter God. Yet how the divine and human come together in the life of Jesus still remains a question needing exploring. The Council of Chalcedon sought to answer the question by speaking of one and the same Son, our Lord Jesus Christ, the same perfect in divinity and also perfect in humanity, the same truly God and truly a human being. But ever since Chalcedon, the theological conversation on Christology has implicitly put Christ's divinity and humanity in competition. While ancient (and not-so-ancient) Christologies from above focus on Christ's divinity at the expense of his humanity, modern Christologies from below subsume his divinity into his humanity. What is needed, says Ian A. McFarland, is a Chalcedonianism without reserve, which not only affirms the humanity and divinity of Christ but also treats them as equal in theological significance. To do so, he draws on the ancient christological language that points to Christ's nature, on the one hand, and his hypostasis, or personhood, on the other. And with this, McFarland begins one of the most creative and groundbreaking theological explorations into the mystery of the incarnation undertaken in recent memory.

The Theft of America's Soul Phil Robertson, 2019-02-05 It's time to take back what the devil has stolen and bring God back into our culture. Phil Robertson, patriarch of A&E's *Duck Dynasty* and one of the most recognized voices of conservative Christianity in America, believes that little by little, generation by generation, America has allowed the lines of morality, decency, and virtue to be erased. Our values have disappeared as we began to believe lies that have only sown discord and division. But, most importantly, Phil also believes that things can change. Written with captivating storytelling and unflinching honesty, *The Theft of America's Soul* shows us how to make America a God-honoring nation once more by dropping the ten central lies that rule our day and replacing them with timeless, biblical truths, including: God's people represent his voice in the world True unity comes from a God-centered culture God's standard for all time is the standard of virtue *The Theft of America's Soul* is a prophetic wake-up call for anyone who wants to see our nation thrive, challenging us to exchange lies for truths that will bring peace of mind, harmony, and prosperity back to our country--an invitation to experience the life-giving, peace-filling, wholly-transforming love of God. Praise for *The Theft of America's Soul*: The moral clarity in this book is so powerful and so

refreshing I wish I could give it to everyone I know. Incidentally, the only way something could be this full of truth and wisdom is if its author is a prophet. That he is. Hear him. --Eric Metaxas, author of *Bonhoeffer In The Theft of America's Soul*, the Duck Commander has set his sights on something higher, taking aim at the ten lies that have led our culture astray and put our faith, our families, and our freedom at risk. I am grateful for the direct, nonpolitically correct way my friend Phil Robertson lays out the truth. My prayer is that this book finds its way into the hands and hearts of many Americans. --Tony Perkins, president of Family Research Council and president of Council for National Policy

Radio Audiences and Participation in the Age of Network Society Tiziano Bonini,Belén Monclús,2014-12-05 This book maps, describes and further explores all contemporary forms of interaction between radio and its public, with a specific focus on those forms of content co-creation that link producers and listeners. Each essay will analyze one or more case studies, piecing together a map of emerging co-creation practices in contemporary radio. Contributors describe the rise of a new class of radio listeners: the networked ones. Networked audiences are made up of listeners that are not only able to produce written and audio content for radio and co-create along with the radio producers (even definitively bypassing the central hub of the radio station, by making podcasts), but that also produce social data, calling for an alternative rating system, which is less focused on attention and more on other sources, such as engagement, sentiment, affection, reputation, and influence. What are the economic and political consequences of this paradigm shift? How are radio audiences perceived by radio producers in this new radioscope? What's the true value of radio audiences in this new frame? How do radio audiences take part in the radio flow in this age? Are audiences' interactions and co-creations overrated or underrated by radio producers? To what extent listeners' generated content can be considered a form of participation or free labour exploitation? What's the role of community radio in this new context? These are some of the many issues that this book aims to explore. Visit <https://www.facebook.com/pages/Radio-Audience-and-Participation-in-the-Age-of-Network-Society/869169869799842> for the book's Facebook page.

A Place to Belong Megan Hill,2020-04-16 Christians know church is important, but sometimes it doesn't seem worth it. An eclectic assortment of people with differing personalities, political views, and parenting styles can make for awkward interactions and difficult connections. What's the point of putting in the tough work to build relationships? But the Bible says God's people ought to be bound together. It uses words like beloved, brothers and sisters, saints, and fellow laborers to describe their mutual relationship in the church. In this book, Megan Hill answers a common question of churchgoers: What's so great about the church? With rich theology, practical direction, and study questions for group use, Hill encourages and equips both first-time visitors and regular members to delight in being a part of the local church—no matter how messy and ordinary it seems today. It is only when God's people begin to see one another as the Lord sees them that they will truly find a place to belong.

The Jesus I Know Kathie Lee Gifford,2021-11-30 New York Times bestselling author Kathie Lee Gifford reveals heartwarming, entertaining conversations between people and personalities who both agree and disagree about who Jesus is, his role throughout history, and his presence in our lives today. For decades Kathie Lee has had deep conversations about her faith with anyone who is interested in talking about it. What she discovered early on is most people are very willing to talk about Jesus: atheists, agnostics, Scientologists, Jews, broken-hearted Catholics, confused Baptists, Pentecostals, Sikhs, Buddhists, and Hindus alike. While some of the people Kathie Lee has spoken with do not share her belief that Jesus is the Messiah—as prophesied for centuries by prophets in the Hebrew scriptures—they nonetheless have a universal fascination with Him. This singular man who lived more than two thousand years ago, and never traveled more than one hundred miles from where He was born, managed to change the entire world. Even the way we delineate history (BC/AD) comes from His short thirty-three years of life. In The Jesus I Know, Kathie Lee shares cherished conversations that she's had with others who find Jesus to be an ancient historical figure who somehow continues to be an undeniably magnetic, relevant presence in the modern world. Those conversations include actors like Kristin Chenoweth and Cynthia Garrett, with stories of Craig Ferguson and Kevin Costner, newsmakers and news personalities like Kris Jenner, Megyn Kelly, Jason Kennedy, and Janice Dean, performers like Chynna Phillips Baldwin, Brian Welch, Jimmie Allen, and Jimmy Wayne, hitmakers like Louis York and David Pomeranz, as well as those coming from other faith traditions. Using Kathie Lee's favorite Scripture passages as scaffolding, these thought-provoking exchanges will bring His teachings to life before your very eyes.
