Bias Bernard Goldberg, 2014-07-21 In his nearly thirty years at CBS News, Emmy Award-winner Bernard Goldberg earned a reputation as one of the preeminent reporters in the television news business. When he looked at his own industry, however, he saw that the media far too often ignored their primary mission: objective, disinterested reporting. Again and again he saw that they slanted the news to the left. For years Goldberg appealed to reporters, producers, and network executives for more balanced reporting, but no one listened. The liberal bias continued. In this classic number one New York Times bestseller, Goldberg blew the whistle on the news business, showing exactly how the media slant their coverage while insisting they're just reporting the facts.

On and Off the Air David Schoenbrun, 1989

Air Time Gary Paul Gates, 1979

The Origins of Television News in America Mike Conway, 2009 This is the first in-depth look at the development of the television newscast, the most popular source of news for over forty-five years. During the 1940s, most journalists ignored or dismissed television, leaving the challenge to a small group of people working above New York City's Grand Central Terminal. Without the pressures of ratings, sponsors, company oversight, or many viewers, the group refused to recreate newspapers, radio, or newsreels on the new medium. They experimented, argued, tested, and eventually settled on a format to exploit television's strengths. This book documents that process, challenging common myths - including the importance of a popular anchor, and television's inability to communicate non-visual stories - and crediting those whose work was critical in the formation of television as a news format, and illustrating the pressures and professional roadblocks facing those who dare question journalistic traditions of any era. -- Publisher.

Black Ops Ric Prado, 2022-03-01 The Explosive National Bestseller A memoir by the highest-ranking covert warrior to lift the veil of secrecy and offer a glimpse into the shadow wars that America has fought since the Vietnam Era. Enrique Prado found himself in his first firefight at age seven. The son of a middle-class Cuban family caught in the midst of the Castro Revolution, his family fled their war-torn home for the hope of a better life in America. Fifty years later, the Cuban refugee retired from the Central Intelligence Agency as the CIA equivalent of a two-star general. *Black Ops* is the story of Ric's legendary career that spanned two eras, the Cold War and the Age of Terrorism. Operating in the shadows, Ric and his fellow CIA officers fought a little-seen and virtually unknown war to keep USA safe from those who would do it harm. After duty stations in Central, South America, and the Philippines, *Black Ops* follows Ric into the highest echelons of the CIA's headquarters at Langley, Virginia. In late 1995, he became Deputy Chief of Station and co-founding member of the Bin Laden Task Force. Three years later, after serving as head of Korean Operations, Ric took on one of the most dangerous missions of his career: to re-establish a once-abandoned CIA station inside a hostile nation long since considered a front line of the fight against Islamic terrorism. He and his team carried out covert operations and developed assets that proved pivotal in the coming War on Terror. A harrowing memoir of life in the shadowy world of assassins, terrorists, spies and revolutionaries, *Black Ops* is a testament to the courage, creativity and dedication of the Agency's Special Activities Group and its elite shadow warriors.

Who Killed CBS? Peter J. Boyer, 1988

Rather Dumb Mike Walker, 2005-02-27 Using *Rather* as a touchstone, Mike Walker rips into the arrogance and presumption of the news media-the elitist, agenda-driven mentality that allows its journalists and editors to ignore basic rules of journalism. Walker uses this short, blisteringly humorous book to personally kick *Rather* in the shins and also, more importantly, explain how real news is properly gathered and vetted, how it's properly written and reported, and why some journalists and editors think they're above such things. For years the mainstream media has stared down its collective nose at publications like the *National Enquirer*, but as Walker shows in scorching detail and irreverent humor, it is the gatekeepers and news elitists who need a trip to the woodshed, starting with Dan *Rather*.

The Place to Be Roger Mudd, 2009-03-24 Roger Mudd joined CBS in 1961, and as the

congressional correspondent, became a star covering the historic Senate debate over the 1964 Civil Right Act. Appearing at the steps of Congress every morning, noon, and night for the twelve weeks of filibuster, he established a reputation as a leading political reporter. Mudd was one of half a dozen major figures in the stable of CBS News broadcasters at a time when the network's standing as a provider of news was at its peak. In *The Place to Be*, Mudd tells of how the bureau worked: the rivalries, the egos, the pride, the competition, the ambitions, and the gathering frustrations of conveying the world to a national television audience in thirty minutes minus commercials. It is the story of a unique TV news bureau, unmatched in its quality, dedication, and professionalism. It shows what TV journalism was once like and what it's missing today.

Fifty Years of 60 Minutes Jeff Fager, 2017-10-24 "An illuminating TV show biography" (Kirkus Reviews), the ultimate inside story of 60 Minutes—the program that has tracked and shaped the biggest moments in post-war American history. From its almost accidental birth in 1968, 60 Minutes has set the standard for broadcast journalism. The show has profiled every major leader, artist, and movement of the past five decades, perfecting the news-making interview and inventing the groundbreaking TV exposé. From legendary sit-downs with Richard Nixon in 1968 and Bill Clinton in 1992 to landmark investigations into the tobacco industry, Lance Armstrong's doping, and the torture of prisoners in Abu-Ghraib, the broadcast has not just reported on our world but changed it, too. Executive Producer Jeff Fager takes us into the editing room with the show's brilliant producers and beloved correspondents, including hard-charging Mike Wallace, writer's-writer Morley Safer, soft-but-tough Ed Bradley, relentless Lesley Stahl, intrepid Scott Pelley, and illuminating storyteller Steve Kroft. He details the decades of human drama that have made the show's success possible: the ferocious competition between correspondents, the door slamming, the risk-taking, and the pranks. Above all, Fager reveals the essential tenets that have never changed: why founder Don Hewitt believed "hearing" a story is more important than seeing it, why the "small picture" is the best way to illuminate a larger one, and why the most memorable stories are almost always those with a human being at the center. "As traditional reporting is increasingly being challenged by high-decibel, opinion-drenched media, Fager highlights storytelling that conveys a deep understanding of issues and demonstrates the power of television to inform" (The Washington Post). *Fifty Years of 60 Minutes* is at once a sweeping portrait of fifty years of American cultural history and an intimate look at how the news gets made.

Mr. Trump's Wild Ride Major Garrett, 2018-09-18 Major Garrett has been reporting on the White House for nearly two decades, covering four different presidencies for three news outlets. But if he thought that his distinguished journalistic career had prepared him for the unique challenges of covering Donald Trump, he was in for a surprise. Like many others in Washington, Garrett found himself having to unlearn many of his own settled notions about the nature and function of the presidency. He also had to separate the carnival-like noise of the Trump presidency from its underlying substance. For even in its first half, Trump's tenure has been highly consequential. In *Mr. Trump's Wild Ride*, Major Garrett provides what journalists are often said to do, but usually don't: a

true first draft of history. His goal was to sift through the mountains of distracting tweets and shrieking headlines in order to focus on the most significant moments of Trump's young presidency, the ones that Garrett believes will have a lasting impact. The result is an authoritative, mature, and consistently entertaining account of one of the strangest eras in American political history. A consummate professional with unimpeachable integrity, remarkable storytelling skills, and a deep knowledge of his subject earned through decades of experience, Garrett brings to life the twists and turns of covering this White House and its unconventional occupant with wit, sagacity and style. Mr. Trump's Wild Ride should place him securely in the first rank of Washington journalists.

That's the Way It Is Charles L. Ponce de Leon, 2016-09-09 Ever since Newton Minow taught us sophisticates to bemoan the descent of television into a vast wasteland, the dyspeptic chorus of jeremiahs who insist that television news in particular has gone from gold to dross gets noisier and noisier. Charles Ponce de Leon says here, in effect, that this is misleading, if not simply fatuous. He argues in this well-paced, lively, readable book that TV news has changed in response to broader changes in the TV industry and American culture. It is pointless to bewail its decline. *That's the Way It Is* gives us the very first history of American television news, spanning more than six decades, from Camel News Caravan to Countdown with Keith Oberman and The Daily Show. Starting in the latter 1940s, television news featured a succession of broadcasters who became household names, even presences: Eric Sevareid, Walter Cronkite, David Brinkley, Peter Jennings, Brian Williams, Katie Couric, and, with cable expansion, people like Glenn Beck, Jon Stewart, and Bill O'Reilly. But behind the scenes, the parallel story is just as interesting, involving executives, producers, and journalists who were responsible for the field's most important innovations. Included with mainstream network news programs is an engaging treatment of news magazines like 60 Minutes and 20/20, as well as morning news shows like Today and Good Morning America. Ponce de Leon gives ample attention to the establishment of cable networks (CNN, and the later competitors, Fox News and MSNBC), mixing in colorful anecdotes about the likes of Roger Ailes and Roone Arledge. Frothy features and other kinds of entertainment have been part and parcel of TV news from the start; viewer preferences have always played a role in the evolution of programming, although the disintegration of a national culture since the 1970s means that most of us no longer follow the news as a civic obligation. Throughout, Ponce de Leon places his history in a broader cultural context, emphasizing tensions between the public service mission of TV news and the quest for profitability and broad appeal.

What We Saw CBS News, 2011-08-02 We each remember where we were, what we thought, what we felt, what we heard, and especially what we saw on September 11, 2001. In words, images, and nearly two hours of video, *What We Saw* captures those moments. Now, in this tenth anniversary edition, Joe Klein delivers an introspective and intimate look at those catastrophic events—along with what we have learned, and how we have changed, since that fateful date. As the world came to a halt that September morning, CBS News journalists worked tirelessly to provide detailed, accurate coverage, from the first interviews with eyewitnesses to a plane crashing into Tower 1 of the World Trade Center to the Towers of Light tribute six months later. In addition to the events that shook America's biggest city and its capital, *What We Saw* documents the tragedies that occurred elsewhere: from the crash of United Airlines Flight 93 outside Shanksville, Pennsylvania, to the waves of pain that moved across a New Jersey commuter town. Among the contributors are Jules Naudet, a French filmmaker who was working on a documentary about New York City firefighters when his subjects were called into service; Anna Quindlen, whose thoughts turn to a young family aboard United Airlines Flight 175; David Grann, who captures the hopelessness felt by families searching for missing loved ones; and CBS's Steve Kroft, who watched a small investment firm that lost dozens of employees slowly pull itself up from despair. In *What We Saw*, each moment of September 11 and its aftermath is portrayed with candor and honesty by the CBS News correspondents, photographers, camera operators, and journalists who were there. This is an invaluable documentary of a day that forever altered our world.

Who Killed CBS? Peter J. Boyer, 1988

Face the Nation Bob Schieffer, 2004-10-07 A fifty-year celebration of the Sunday morning broadcast reflects on the historical moments and people it has covered, from a controversial 1957 interview with Khrushchev to an analysis of communism by Martin Luther King.

Lake of the Ozarks Bill Geist, 2019-05-07 Beloved TV host Bill Geist pens a reflective memoir of his incredible summers spent in the heart of America in this New York Times bestseller. Before there was tourism and souvenir ashtrays became kitsch, the Lake of the Ozarks was a Shangri-La for middle-class Midwestern families on vacation, complete with man-made beaches, Hillbilly Mini Golf, and feathered rubber tomahawks. It was there that author Bill Geist spent summers in the Sixties during his school and college years working at Arrowhead Lodge -- a small resort owned by his bombastic uncle -- in all areas of the operation, from cesspool attendant to bellhop. What may have seemed just a summer job became, upon reflection, a transformative era where a cast of eccentric, small-town characters and experiences shaped (some might suggest slightly twisted) Bill into the man he is today. He realized it was this time in his life that had a direct influence on his sensibilities, his humor, his writing, and ultimately a career searching the world for other such untamed creatures for the Chicago Tribune, the New York Times, and CBS News. In *Lake of the Ozarks*, Emmy Award-winning CBS Sunday Morning correspondent Bill Geist reflects on his coming of age in the American Heartland and traces his evolution as a man and a writer. He shares laugh-out-loud anecdotes and tongue-in-cheek observations guaranteed to evoke a strong sense of nostalgia for the good ol' days. Written with Geistian wit and warmth, *Lake of the Ozarks* takes readers back to a bygone era, and demonstrates how you can find inspiration in the most unexpected places.

When Harry Met Minnie Martha Teichner, 2021-02-02 *An Instant New York Times Bestseller!* A memoir of love and loss, of being in the right place at the right time, and of the mysterious ways a beloved pet can bring people together, from CBS Sunday Morning News correspondent and multi-Emmy-Award-winning Martha Teichner. There are true fairy tales. Stories that exist because impossible-to-explain coincidences change everything. Except in real life, not all of them have conventional, happily-ever-after endings. *When Harry Met Minnie* is that kind of fairy tale, with the vibrant, romantic New York City backdrop of its namesake, the movie *When Harry Met Sally*, and the bittersweet wisdom of *Tuesdays with Morrie*. There's a special camaraderie among early-morning dog walkers. Gathering at dog runs in the park, or strolling through the farmer's market at Union Square before the bustling crowd appears, fellow pet owners become familiar--as do the personalities of their beloved animals. In this special space and time, a chance encounter with an old acquaintance changed Martha Teichner's world. As fate would have it, her friend knew someone who was dying of cancer, from exposure to toxins after 9/11, and desperate to find a home for her dog, Harry. He was a Bull Terrier—the same breed as Martha's dear Minnie. Would Martha consider giving Harry a safe, loving new home? In short order, boy dog meets girl dog, the fairy tale part of this story. But there is so much more to this book. After Martha agrees to meet Harry and his owner Carol, what begins as a transaction involving a dog becomes a deep and meaningful friendship between two women with complicated lives and a love of Bull Terriers in common. Through the heartbreak and grief of Carol's illness, the bond that develops changed Martha's life, Carol's life, Minnie's life, Harry's life. As it changed Carol's death as well. In this rich and touching narrative, Martha considers the ways our stories are shaped by the people we meet, and the profound love we can find by opening our hearts to unexpected encounters.

Slanted Sharyl Attkisson, 2020-11-24 USA TODAY BESTSELLER! New York Times bestselling author Sharyl Attkisson takes on the media's misreporting on Black Lives Matter, coronavirus, Joe Biden, Silicon Valley censorship, and more. When the facts don't fit their Narrative, the media abandons the facts, not the Narrative. Virtually every piece of information you get through the media has been massaged, shaped, curated, and manipulated before it reaches you. Some of it is censored entirely. The news can no longer be counted on to reflect all the facts. Instead of telling us what happened yesterday, they tell us what's new in the prepackaged soap opera they've been calling the news. For the past four years, five-time Emmy Award-winning investigative journalist and New York Times bestselling author Sharyl Attkisson has been collecting and dissecting alarming incidents

tracing the shocking devolution of what used to be the most respected news organizations on the planet. For the first time, top news executives and reporters representing every major national television news outlet—from ABC, CBS, NBC, and CNN to FOX and MSNBC—speak frankly, confiding in Attkisson about the death of the news as they once knew it. Their concern transcends partisan divides. Most frightening of all, a broad campaign in the media has convinced many Americans not only to accept but to demand censorship over journalism. It is a stroke of genius on the part of those seeking to influence public opinion: undermine public confidence in the news, then insist upon “curating” information and divining the “truth.” The thinking is done for you. They’ll decide which pesky facts shouldn’t cross your desk by declaring them false, irrelevant, debunked, unsafe, or out-of-bounds. We have reached a state of utter absurdity, where journalism schools teach students that their own, personal truth or chosen narratives matter more than reality. In *Slanted*, Attkisson digs into the language of propagandists, the persistence of false media narratives, the driving forces behind today’s dangerous blend of facts and opinion, the abandonment of journalism ethics, and the new, Orwellian definition of what it means to report the news.

The Hardest Job in the World John Dickerson, 2020-06-16 NEW YORK TIMES BESTSELLER • From the veteran political journalist and 60 Minutes correspondent, a deep dive into the history, evolution, and current state of the American presidency, and how we can make the job less impossible and more productive—featuring a new post-2020-election epilogue “This is a great gift to our sense of the actual presidency, a primer on leadership.”—Ken Burns Imagine you have just been elected president. You are now commander-in-chief, chief executive, chief diplomat, chief legislator, chief of party, chief voice of the people, first responder, chief priest, and world leader. You’re expected to fulfill your campaign promises, but you’re also expected to solve the urgent crises of the day. What’s on your to-do list? Where would you even start? What shocks aren’t you thinking about? The American presidency is in trouble. It has become overburdened, misunderstood, almost impossible to do. “The problems in the job unfolded before Donald Trump was elected, and the challenges of governing today will confront his successors,” writes John Dickerson. After all, the founders never intended for our system of checks and balances to have one superior Chief Magistrate, with Congress demoted to “the little brother who can’t keep up.” In this eye-opening book, John Dickerson writes about presidents in history such as Washington, Lincoln, FDR, and Eisenhower, and in contemporary times, from LBJ and Reagan to Bush, Obama, and Trump, to show how a complex job has been done, and why we need to reevaluate how we view the presidency, how we choose our presidents, and what we expect from them once they are in office. Think of the presidential campaign as a job interview. Are we asking the right questions? Are we looking for good campaigners, or good presidents? Once a candidate gets the job, what can they do to thrive? Drawing on research and interviews with current and former White House staffers, Dickerson defines what the job of president actually entails, identifies the things that only the president can do, and analyzes how presidents in history have managed the burden. What qualities make for a good president? Who did it well? Why did Bill Clinton call the White House “the crown jewel in the American penal system”? The presidency is a job of surprises with high stakes, requiring vision, management skill, and an even temperament. Ultimately, in order to evaluate candidates properly for the job, we need to adjust our expectations, and be more realistic about the goals, the requirements, and the limitations of the office. As Dickerson writes, “Americans need their president to succeed, but the presidency is set up for failure. It doesn’t have to be.”
