Neal Gabler

*Reading Celebrity Gossip Magazines* Andrea McDonnell, 2014-09-08 Americans are obsessed with celebrities. While our fascination with fame intensified throughout the twentieth century, the rise of the weekly gossip magazine in the early 2000s confirmed and fueled our popular culture's celebrity mania. After a decade of diets and dates, breakups and baby bumps, celebrity gossip magazines continue to sell millions of issues each week. Why are readers, especially young women, so attracted to these magazines? What pleasures do they offer us? And why do we read them, even when we disagree with the images of femininity that they splash across their hot-pink covers? Andrea McDonnell answers these questions with the help of interviews from editors and readers, and her own textual and visual analysis. McDonnell's perspective is multifaceted; she examines the notorious narratives of celebrity gossip magazines as well as the genre's core features, such as the Just Like Us photo montage and the Who Wore It Best? poll. McDonnell shows that, despite their trivial reputation, celebrity gossip magazines serve as an important site of engagement for their readers, who use these texts to generate conversation, manage relationships, and consider their own ideas and values.

*Real Lives, Celebrity Stories* Bronwen Thomas, Julia Round, 2014

Extraordinarily Ordinary Erin A. Meyers, 2020-02-14 Extraordinarily Ordinary offers a critical analysis of the production of a distinct form of twenty-first century celebrity constructed through the exploding coverage of reality television cast members in Us Weekly magazine. Erin A. Meyers connects the economic and industrial forces that helped propel Us Weekly to the top of the celebrity gossip market in the early 2000s with the ways in which reality television cast members fit neatly into the social and cultural norms that shaped the successful gossip formulas of the magazine. Us Weekly's construction of the "extraordinarily ordinary" celebrity within its gossip narratives is a significant symptom of the broader intensification of discourses of ordinariness and the private in the production of contemporary celebrity, in which fame is paradoxically grounded in "just being yourself" while simultaneously defining what the "right" sort of self is in contemporary culture.

**Celebrity** Andrea McDonnell, Susan J. Douglas, 2019-03-26 The historical and cultural context of fame in the twenty-first century Today, celebrity culture is an inescapable part of our media landscape and our everyday lives. This was not always the case. Over the past century, media technologies have increasingly expanded the production and proliferation of fame. Celebrity explores this revolution and its often under-estimated impact on American culture. Using numerous precedent-setting examples spanning more than one hundred years of media history, Douglas and McDonnell trace the dynamic relationship between celebrity and the technologies of mass communication that have shaped the nature of fame in the United States. Revealing how televised music fanned a worldwide phenomenon called "Beatlemania" and how Kim Kardashian broke the internet, Douglas and McDonnell also show how the media has shaped both the lives of the famous and the nature of the spotlight itself. Celebrity examines the production, circulation, and effects of celebrity culture to consider the impact of stars from Shirley Temple to Muhammad Ali to the homegrown star made possible by your Instagram feed. It maps ever-evolving media technologies as they adeptly interweave the lives of the rich and famous into ours: from newspapers and photography in the nineteenth century, to the twentieth century's radio, cinema, and television, up to the revolutionary impact of the internet and social media. Today, mass media relies upon an ever-changing cast of celebrities to grab our attention and money, and new stars are conquering new platforms to build their adoring audiences and enhance their images. In the era of YouTube, Snapchat, and reality television, fame may be fleeting, but its impact on society is profound and lasting.

Dishing dirt in the digital age : celebrity gossip blogs and participatory media culture , 2013

**Name Drop** Ross Mathews, 2021-02-09 From Ross Mathews, the nationally bestselling author of Man Up!, judge on RuPaul's Drag Race, and alum of Chelsea Lately, comes "a delightful mix of sweet and sour celebrity experiences" (Shelf Awareness) in this hilarious and irreverent collection

of essays. Pretend it's happy hour and you and I are sitting at the bar. I look amazing and, I agree with you, much thinner in person. You look good, too. Maybe it's the candlelight, maybe it's the booze. Either way, let's just go with it. Keep this all between you and me, and do me a favor? Don't judge me if I name drop just a little. Television personality Ross Mathews likes telling stories. He was always outrageous and hilariously honest, even when the biggest celebrity he knew was his favorite lunch lady in the school cafeteria. Now that he has Hollywood experience—from interning behind the scenes at The Tonight Show with Jay Leno to judging RuPaul's Drag Race—he has a lot to talk about. In *Name Drop*, Ross dishes about being an unlikely insider in the alternate reality that is showbiz, like that time he was invited by Barbara Walters to host *The View*—only to learn his hero did not suffer fools; his Christmas with the Kardashians, which should be its own holiday special; and his news-making talk with Omarosa on *Celebrity Big Brother*, which, as it turns out, was just the tip of the iceberg. Holding nothing back, Ross shares the most treasured and surprising moments in his celebrity-filled career, and proves that while exposure may have made him a little bit famous, he is still as much a fanboy as ever. Filled with “charmingly told” (Booklist) tales ranging from the horrifying to the hilarious—and with just the right “Rossipes” and cocktails to go along with them—*Name Drop* is every pop culture lover's dream come true.

*Winchell* Neal Gabler, 1995-09-26 Hailed as the most important and entertaining biography in recent memory, Gabler's account of the life of fast-talking gossip columnist and radio broadcaster Walter Winchell fuses meticulous research with a deft grasp of the cultural nuances of an era when virtually everyone who mattered paid homage to Winchell (Time). of photos.

*The Celebrity Playbook* Leslie Gornstein, 2014-10-21 Colbert is to politics as the *FameFatale* is to celebrity life—both deliciously irresistible. If Hollywood is a sport, you want Leslie Gornstein on your team and this playbook in your ridiculously oversized leather purse. *The Celebrity Playbook* is the perfect introduction for newcomers to the exciting alternate reality of the celebrity lifestyle. A must-read for anyone who cares why so many celebs are sporting “bumps,” or whether they are really “just like us,” this guide—nay, rulebook—lays down the law on what you need to know to play Hollywood in a simple and concise manner. (And if you don't care? You care. It's a celebrity culture; if you can't embrace it, mock it!) The voice is intelligently hilarious, and everyone's favorite Answer Bitch has been around the boulevard once or twice. For the first time on the written page, she reveals the secrets to celebrity life. Here's everything you need to know to hire and fire assistants, develop a loyal entourage, get free makeup, and keep those inaccurate cellulite-inclusive photographs out of the press. With timeless anecdotes, razor-sharp quotes, and illustrative charts, *The Celebrity Playbook* is the smart girl's response to *People*.

**Hedda Hopper's Hollywood** Jennifer Frost, 2011-01-10 Frost argues that Hopper has had a profound and lasting influence on popular and political culture and should be viewed as a pivotal popularizer of conservatism. As practiced by Hopper and her readers, Hollywood gossip shaped key developments in American movies and movie culture, newspaper journalism and conservative politics, along with the culture of gossip itself.

*Gossip Talk and Online Community* Erin A. Meyers, 2010

*Celebrity* Milly Williamson, 2016-10-18 It is a truism to suggest that celebrity pervades all areas of life today. The growth and expansion of celebrity culture in recent years has been accompanied by an explosion of studies of the social function of celebrity and investigations into the fascination of specific celebrities. And yet fundamental questions about what the system of celebrity means for our society have yet to be resolved: Is celebrity a democratization of fame or a powerful hierarchy built on exclusion? Is celebrity created through public demand or is it manufactured? Is the growth of celebrity a harmful dumbing down of culture or an expansion of the public sphere? Why has celebrity come to have such prominence in today's expanding media? Milly Williamson unpacks these questions for students and researchers alike, re-examining some of the accepted explanations for celebrity culture. The book questions assumptions about the inevitability of the growth of celebrity culture, instead explaining how

environments were created in which celebrity output flourished. It provides a compelling new history of the development of celebrity (both long-term and recent) which highlights the relationship between the economic function of celebrity in various media and entertainment industries and its changing social meanings and patterns of consumption.

**Celebrity, Inc.** Jo Piazza, 2011-11-15 From \$10,000 tweets to making money in the afterlife, a recovering gossip columnist explores the business lessons that power the Hollywood Industrial Complex Why do celebrities get paid so much more than regular people to do a job that seems to afford them the same amount of leisure time as most retirees? What do Bush-era economics have to do with the rise of Kim Kardashian? How do the laws of supply and demand explain why the stars of Teen Mom are on the cover of Us Weekly? And how was the sale of Brad Pitt and Angelina Jolie's baby pictures a little like a street drug deal? After a decade spent toiling as an entertainment journalist and gossip columnist, Jo Piazza asks the hard questions about the business behind celebrity. Make no mistake: Celebrity is an industry. Never in the course of human history has the market for celebrities been as saturated as it is today. Nearly every day most Americans will consume something a celebrity is selling—a fragrance, a sneaker, a song, a movie, a show, a tweet, or a photo in a magazine. With the benefits of Piazza's unique access to the celebrity market, *Celebrity, Inc.* explains in detail what generates cash for the industry and what drains value faster than a starlet downs champagne—in twelve fascinating case studies that tackle celebrities the way industry analysts would dissect any consumer brand.

**Bedside Book of Celebrity Gossip** Celebrity Research Group Staff, Research Group Celebrity, 1988-12-01

*Social Media Influencers* The New York Times Editorial Staff, 2019-12-15 Many popular social media websites and apps have one thing in common: celebrities looking to be worshipped. These social influencers come from all walks of life, and cater to young demographics with content including comedy routines, make-up advice, product reviews, and music videos. Watched by millions of viewers worldwide, they create diversion, provide commentary, endorse brands, and sometimes inspire the wrath of governments. With the aid of media literacy terms and questions, readers will discover how this comprehensive collection of articles reveals the ins and outs of internet commerce and culture.

**Protect Your Digital Privacy!** Glee Harrah Cady, Pat McGregor, 2002 Discusses such electronic privacy concerns as what privacy is, how it relates to individuals, laws and regulations, identity theft, monitoring devices, and how to protect Internet transactions.

**Celebrity in the 21st Century** Larry Z. Leslie, 2011-01-12 This book offers a critical look at celebrity and celebrities throughout history, emphasizing the development of celebrity as a concept, its relevance to individuals, and the role of the public and celebrities in popular culture. Tabloid magazines, television shows, and Internet sites inundate us with daily updates about movie stars, musicians, athletes, and even those who have achieved celebrity status simply for being rich and extravagant. Disturbingly, it appears that the harder our celebrities fall, the more fascinating they are to us. As popular culture becomes more influential, it is important to understand both the positive and negative aspects of celebrity. This volume traces the development of the concept of celebrity, discusses some of the problems facing both celebrities and their followers, and points to future trends and developments in our cultural understanding of celebrity. The author's treatment is unflinchingly honest, revealing the importance of the public's role in celebrities' lives and establishing firm criteria for determining who is a celebrity—and who is not.

**Lady Gaga and the Remaking of Celebrity Culture** Amber L. Davisson, 2013-07-30 Lady Gaga represents both the height of celebrity and a disruption of the norms surrounding the social position. This book charts the way the pop star manages the celebrity persona in her relationships with her fans, the development of her gender identity, her parodying of other celebrities, and her navigation of the legal and economic system that make up the music industry. Much of Gaga's ability to maintain ownership of her identity comes from her early decisions to characterize herself as a performance artist. For Gaga, this means living the persona 24 hours a day, seven days a week. Gaga mimicks celebrity life in a self-conscious way

that makes the mimicry apparent. Her performance of celebrity is an on-going project—despite what she may claim, she was not born this way. The excess of her celebrity is magnified by her title: Mother Monster. Historically, media narratives of celebrities, monsters, and mothers have centered on uncontrolled excesses that must be contained. Gaga adopts these personas, but refuses to submit to the containment that comes with each. Instructors considering this book for use in a course may request an examination copy [here](#).

*We All Want Something Beautiful* Randall Slavin, 2019-11-05 From award-winning Hollywood photographer Randall Slavin comes *We All Want Something Beautiful*, a brilliant, raw, and everlasting collection of celebrity photography. Randall's images cut through the noise...he has a way of finding beauty in a subject effortlessly. „€”, Ben Stiller Zero agenda. Zero politics. Pure intimacy and truth of the individual spirit...this is the setting Randall has always provided for me personally. „€”, Jeremy Renner

*Live in Contemporary China* Wilson, 2017-09-12 This book explores what its like living in contemporary China with extended essays on how the country has changed over the years. The author Wilson, a successful businessman in China, starts off by exploring the countrys technological shifts. It focuses on how to succeed in China, sharing why we must pay attention to the right information from reputable sources, why we must take a relative balance between demands and supply during economic development through supply-side structural reform, why we should review our personal situation to achieve a better life, and why investing time and effort on developing deep friendship is so worthwhile. Move beyond the superficial by focusing on self-cultivation, family governance, entrepreneurship, and national development. It starts with the lessons in *Live in Contemporary China*.

**Restricting Los Angeles Paparazzi** Joshua N. Azriel, 2020-09-30 *Restricting Los Angeles Paparazzi: California's Legal Efforts Impacting Free Press Rights* is a detailed analysis of California's anti-paparazzi laws aimed at protecting celebrities' privacy. Joshua N. Azriel provides an ethnographic, First Amendment-based critique of the state's privacy and anti-harassment laws and discusses the broader implications of these laws on free press rights. Azriel conducted fieldwork acting as a paparazzo taking photos of celebrities and interviewed paparazzi directly about whether they comply with the laws, providing readers with insight into the challenges and ethics of the paparazzi industry and firsthand perspectives of photographers in the field. Scholars of media studies, legal studies, and sociology will find this book particularly useful.
