Robert Chambers

Chambers Weasel Words ,2009

Weasel Words R. G. Virtue,2009 From the deliberately confusing to the downright vague, we all come across language that either seems meaningless or that makes our heads spin. Weasel Words is a demystification of those words and phrases used to bewilder, befuddle and confuse us, from the estate agent’s bijou to the politician’s more sinister waterboarding. Using contemporary examples, this book sets out those words we find confusing, explains what each word actually means and examines why these words are used the way they are.

**Play Among Books** Miro Roman,Alice \_ch3n81,2021-12-06 How does coding change the way we think about architecture? This question opens up an important research perspective. In this book, Miro Roman and his AI Alice\_ch3n81 develop a playful scenario in which they propose coding as the new literacy of information. They convey knowledge in the form of a project model that links the fields of architecture and information through two interwoven narrative strands in an “infinite flow” of real books. Focusing on the intersection of information technology and architectural formulation, the authors create an evolving intellectual reflection on digital architecture and computer science.

Moment of Truth V. J. Chambers, After some recovery time for the Conviction Review Unit, Elke Lawrence is ready for a challenge. But she gets more than she bargained for with this new case, involving a man convicted of killing his wife sixteen years before. There’s no body. No murder weapon. No physical evidence at all except two small drops of blood in his kitchen. The DNA of the blood doesn’t match anyone involved in the case. There’s challenging, and then there’s impossible. Elke is beginning to think this case is the latter.

Al Farese Day Robert M. Joost,Jr. Richard C. Chambers,2019-09-15 Al Farese had to be one of the most unusual lawyers who ever practiced in the United States. In that respect, how many lawyers have been labeled at an early age as the boy orator, been charged with kidnapping in their twenties while serving as a city councilor, received a year sentence in federal prison for contempt because they allegedly threatened witnesses with violence, and had his law partner's leg blown off with a car bomb outside their office-just to name a few odd occurrences in one's law practice?

**The Chamber** John Grisham,1994 Adam Hill is in his first year at a top Chicago law firm. He volunteers for the toughest assignment any lawyer could ask for. His prospective client doesn't want Adam or his law firm. He is an unrepentent and outspoken racist with a violent past. He is on Death Row for the murder of two Jewish children in a horrific bombing in 1967. Why would he take on Adam, a complete novice, to defend him? And why would Adam want his case so desperately? The answer lies in the past, in a twenty-year-old secret buried in the madness of another time. . .

Chamber John Grisham,1995-04 The author of the number-one bestsellers The Firm, The Pelican Brief and The Client has written another spellbinding tale of legal intrigue sure to hit bestseller lists this summer. Twenty-two years after the bombing deaths of a civil rights activist's two sons, the Klansman on death row for their murders is mysteriously aided in his last appeal by a young lawyer in a major firm. But why?
