Take More Vacations Scott Keyes, 2021-05-11 **
USAToday Bestseller ** The founder of Scott's Cheap Flights explains why we're searching for airfare all wrong, shares the strategies that have saved his two million newsletter subscribers a collective \$500 million on airfare, and presents a bold new approach for how to see the world while never overpaying for flights again. When Scott Keyes booked flights to Italy for \$130 roundtrip and Japan for \$169 roundtrip, he didn't just uncover amazing fares; it was the beginning of a new approach that makes travel possible for anyone who has dreamed of seeing the world. What's stopping us all from traveling more? The confusion of buying airfare—not knowing when to book, where to buy, or what to pay. Take More Vacations is the guidebook for anyone hoping to turn one annual vacation into three. Readers will discover why the traditional way of planning vacations undercuts our ability to enjoy them, and how a new strategy can lead to cheaper fares and more trips. Why cheap flights never have to be inconvenient flights, and all the steps you can take to get a good fare even when you don't have flexibility. The surprising best week for international travel, and how small airports actually get the best deals. Keyes challenges the conventional wisdom that it costs thousands of dollars to fly overseas and shows readers how to make previously unthinkable trips possible.

Ten Years a Nomad Matthew Kepnes, 2019-07-16 Part memoir and part philosophical look at why we travel, filled with stories of Matt Kepnes' adventures abroad, an exploration of wanderlust and what it truly means to be a nomad. Matt is possibly the most well-traveled person I know...His knowledge and passion for understanding the world is unrivaled, and never fails to amaze me. —Mark Manson, New York Times bestselling author of *The Subtle Art of Not Giving a F*ck* *Ten Years a Nomad* is New York Times bestselling author Matt Kepnes' poignant exploration of wanderlust and what it truly means to be a nomad. Part travel memoir and part philosophical look at why we travel, it is filled with aspirational stories of Kepnes' many adventures. New York Times bestselling author of *How to Travel the World on \$50 a Day*, Matthew Kepnes knows what it feels like

to get the travel bug. After meeting some travelers on a trip to Thailand in 2005, he realized that living life meant more than simply meeting society's traditional milestones, such as buying a car, paying a mortgage, and moving up the career ladder. Inspired by them, he set off for a year-long trip around the world before he started his career. He finally came home after ten years. Over 500,000 miles, 1,000 hostels, and 90 different countries later, Matt has compiled his favorite stories, experiences, and insights into this travel manifesto. Filled with the color and perspective that only hindsight and self-reflection can offer, these stories get to the real questions at the heart of wanderlust. Travel questions that transcend the basic how-to, and plumb the depths of what drives us to travel – and what extended travel around the world can teach us about life, ourselves, and our place in the world. Ten Years a Nomad is for travel junkies, the travel-curious, and anyone interested in what you can learn about the world when you don't have a cable bill for a decade or spend a month not wearing shoes living on the beach in Thailand.

New York to Dallas J. D. Robb,2012-03-06 #1 New York Times bestselling author J. D. Robb presents an intense and terrifying case for New York homicide cop Eve Dallas: one that will take her all the way to the city that named her—and plunge her into the nightmares of her childhood... When a monster named Isaac McQueen—taken down by Eve back in her uniform days—escapes from Rikers, he has two things in mind. One is to take up where he left off, abducting young victims and leaving them scarred in both mind and body. The other is to get revenge on the woman who stopped him all those years ago.

A Siberian Winter's Tale - Cycling to the Edge of Insanity and the End of the World Helen Lloyd, 2015-12-16 A Journey of Discovery driven by the Call of the Wild. In the depth of winter, Helen Lloyd spent three months cycling solo across

one of the most remote, coldest inhabited regions of the planet - Siberia. In temperatures down to -50 C, she battled against the cold, overcoming her fear of wolves and falling through the ice of a frozen lake. Alone in a hibernating land with little to stimulate the senses, the biggest challenges were with her mind as she struggled with the solitude. With flashes of humour and riveting, graphic descriptions that will have you living each moment with her, Helen Lloyd describes the fear, uncertainty and joy of riding through a frozen, icy world. Yet, A Siberian Winter's Tale is a touching story full of warm-hearted moments that are gifted to Helen by strangers along the Road of Bones.
