Starting Over Ken Sharp,2011-10-25 Oral history of the making of Double Fantasy and account of Lennon's last days.

Feed Me! Harriet Brown,2009-01-27 In our appearance-obsessed society, eating is about much more than hunger and sustenance. Food inspires pleasure and anxiety, shame and obsession. We are constantly judged on how we look, so we’ve come to judge ourselves (and others) on what and how we eat. Joyce Maynard writes about learning to make pie with her complex but adored mother. Caroline Leavitt’s chilling piece describes the overlap between power and eating. Ophira Edut explains how an outspoken “body outlaw” wound up on Jenny Craig. Diana Abu-Jaber writes about abandoning her Bedouin customs for America’s silverware and table manners—and missing the physical, hands-on connection with food. Exploring the bonds between appetite and remorse, hunger and longing, satisfaction and desire, this anthology is for every woman who’s ever felt guilty about eating dessert, or gushed over a friend’s weight loss, or wished she had a different body. Feed Me! features the following essays: “He Called Me Fat; It Set Me Free” by Sari Botton “The Grief Diety” by Caroline Leavitt “With Hands” by Diana Abu-Jaber “Seconds” by Jenny Allen “My Worst Excess” by Amity Gaige “Sisi, You’re Getting Fat” by Courtney E. Martin “My Ten Plagues” by Harriet Brown “Top Model” by Magali Amadei “Reader, I Ate Him” by Brenda Copeland “The Twin Paradox” by Susan O’Doherty “Attack of the XL Girl” by Laurie Notaro “Sugar Plum Fairy” by Dana Kinstler “Sky Girl” by Ann Hood “Plus What?” by Lisa Romeo “Ess, Ess” by Rochelle Jewel Shapiro “In the House of Jean Nidetch” by Whitney Otto “You’re Not Fat” by Kate Harding “My Binge Year” by Jane E. Brody “Day One” by Wendy McClure “Quacks” by Kathi Kamen Goldmark “Battle of the Bulge: Notes from a Decade of Body Activism” by Ophira Edut “Take this Cake and Shove it” by Joan Fischer “Pie” by Joyce Maynard

Still Competition Robert Lawson,2017-11-20 Following the success of his 2016 book Razama-Snaz! The Listener’s Guide to Nazareth, Robert Lawson returns with this meticulous reviewing of every Cheap Trick album, song by song. In his book, Still Competition: The Listener’s Guide to Cheap Trick, Lawson outlines the band’s significant television appearances, live shows, and more with the attention to detail only a super fan could provide. A dedicated follower, Lawson has assembled this reference guide out of a love of music and a dedication to fellow fans, but he is not without criticism (often humourously so) when the rockers fall short of his high expectations. He shines the spotlight indiscriminately, which makes him all the more credible a witness to the band’s lengthy career. Lawson also seeks input from some of the world’s greatest Cheap Trick and classic rock fans, who share stories from epic live shows. Fellow classic rock devotees will love this manual on Cheap Trick’s highs, lows, and everything in between.

Lennon Tim Riley,2011-09-20 In his commanding new book, the eminent NPR critic Tim Riley takes us on the remarkable journey that brought a Liverpool art student from a disastrous childhood to the highest realms of fame. Riley portrays Lennon's rise from Hamburg's red light district to Britain's Royal Variety Show; from the charmed naiveté of Love Me Do to the soaring ambivalence of Don't Let Me Down; from his shotgun marriage to Cynthia Powell in 1962 to his epic media romance with Yoko Ono. Written with the critical insight and stylistic mastery readers have come to expect from Riley, this richly textured narrative draws on numerous new and exclusive

interviews with Lennon's friends, enemies, confidantes, and associates; lost memoirs written by relatives and friends; as well as previously undiscovered City of Liverpool records. Riley explores Lennon in all of his contradictions: the British art student who universalized an American style, the anarchic rock 'n' roller with the moral spine, the anti-jazz snob who posed naked with his avant-garde lover, and the misogynist who became a househusband. What emerges is the enormous, seductive, and confounding personality that made Lennon a cultural touchstone. In Lennon, Riley casts Lennon as a modernist hero in a sweeping epic, dramatizing rock history anew as Lennon himself might have experienced it.

The Cosmic Perspective and Other Black Comedies Brian Stableford,2009-07-01 Collection of ten comedies in science fiction, fantasy, and horror.

Feeding the Beast Kenneth T. Walsh,1996 News & World Report, candidly reports how ordinary citizens are the biggest losers in the current state of affairs. The widespread practice of spin doctoring, the willingness on the part of the White House to mislead the press, overly interpretive reporting, and gotcha journalism do more to distort reality than illuminate it.

Gallows Rock Yrsa Sigurdardottir,2020-07-23 'Iceland's outstanding crime novelist' Daily Express On a jagged, bleak lava field just outside Reykjavik stands the Gallows Rock. Once a place of execution, it is now a tourist attraction. Until this morning, when a man was found hanging from it... The nail embedded in his chest proves it wasn't suicide. But when the police go to his flat, a further puzzle awaits: a four-year-old boy has been left there. He doesn't seem to have any link with the victim, his parents cannot be found, and his drawings show he witnessed something terrible. As detective Huldar hunts the killer, and child psychologist Freyja looks for the boy's parents, the mystery unfolds: a story of violence, entitlement, and revenge. Praise for Yrsa Sigurdardottir 'Iceland's outstanding crime novelist' Daily Express 'A magnificent writer' Karin Slaughter 'The undisputed queen of Icelandic Noir' Simon Kernick 'Believe all the hype - this is crime at its best' Heat NetGalley Reader Reviews 'Just as compelling as the previous books in the series. All of Yrsa Sigurðardóttir's books are extremely well written and a joy to read. There is plenty of suspense and twists in this story (. . .) I read this book in one sitting, I was unable to put it down. Highly recommended' 'There is such a skill to the author's writing, the way in which she creates tension and atmosphere and uses setting to bring and edge to the story, that it is difficult to put down. And she brings such a range of emotions out in me as a reader that I feel slightly battered myself when I finish reading . . . Truly powerful storytelling and characters I have come to love' 'I was hooked from the very first page and enthralled and completely drawn in throughout the book. (. . .) This is a story which builds and weaves perfectly. It's so twisty'

Writers, Writing on Conflict and Wars in Africa Okey Ndibe,2009-07-30 Many African countries are caught up in perennial or recurrent political conflicts that often culminate in devastating wars. These flaring conflicts and wars create harrowing economic hardships, dire refugee problems, and sustain a sense of despair in such countries. By their nature, these conflicts and wars affect writers in profound and sometimes paradoxical ways. On the one hand, literature-whether fiction, poetry, drama, or even memoirs-is animated by conflict. On the other hand, the sense of dislocation as well as the humanitarian crises unleashed by wars and other kinds of conflicts also constitute grave impediments to artistic exploration and literary expression. Writers and artists are frequently in the frontline of resistance to the kinds of injustices and abuses that precipitate wars and conflicts. Consequently, they are often detained, exiled, and even killed either by agents of state terror or by one faction or another in the tussle for state control. Writers, Writing Conflicts and Wars in Africa is a collection of testimonies by various writers and scholars who have experienced, or explored, the continent's conflicts and woes, including how the disruptions shape artistic and literary production. The book is divided into two broad categories: in one, several writers speak directly, and with rich anecdotal details about the impact wars and conflicts have had in the formation of their experience and work; in the second, a number of scholars articulate how particular writers have assimilated the horrors of wars and conflicts in their literary creations. The result is an invaluable harvest of reflections and perspectives that open the window into an essential, but until now sadly unexplored, facet of the cultural and political experience of African writers. The broad scope of this collection-covering Darfur, the Congolese crisis, Biafra, Zimbabwe, South Africa, among others-is complemented by a certain buoyancy of spirit that runs through most of the essays and anecdotes.

Translating the Language of the Syrian Revolution (2011/12) Eylaf Bader Eddin,2023-11-20 While the Arab revolutions have obviously triggered extensive social and political changes, the far-reaching consequences of the cultural and discursive changes have yet to be adequately considered. For activists, researchers and journalists, the revolution was primarily a revolution in language; a break with the linguistic oppression and the rigidity of the old regimes. This break was accompanied by the emergence of new languages, which made it possible to inform, tell and translate the ongoing events and transformations. This language of the revolution was carried out into the world by competing voices from Syria (by local and foreign researchers, activists, and journalists). The core of this project is to find the various translations of the language of the Syrian revolution (2011 -2012) from Arabic to English to study and analyze. In addition, the discursive and non-discursive dimensions of the revolution are to be seen as another act of translation, including the language of the banners, slogans, graffiti, songs and their representation in English. This research aims, in addition to contextualizing the language of the revolution, to demonstrate how this language was translated into English through three levels of translation. The first explores the context of translations from Arabic into English and examines three English books written about Syria. The second level sees translation as an act of importation into the dominant discourse and is exemplified with three books representing the revolutionary language. The third, and last, level looks at translation from the margin to the center, represented by activist translations from Arabic into English. The research tries to study how translations of the language of the Syrian revolution are reshaped after leaving their originating discourse and entering the English one

Shock Value Jason Zinoman,2011-07-07 An enormously entertaining account of the gifted and eccentric directors who gave us the golden age of modern horror in the 1970s, bringing a new brand of politics and gritty realism to the genre. Much has been written about the storied New Hollywood of the 1970s, but at the same time as Martin Scorsese, Steven Spielberg, and Francis Ford Coppola were making their first classic movies, a parallel universe of directors gave birth to the modern horror film-aggressive, raw, and utterly original. Based on unprecedented access to the genre's major players, The New York Times's critic Jason Zinoman's Shock Value delivers the first definitive account of horror's golden age. By the late 1960s, horror was stuck in the past, confined mostly to drive-in theaters and exploitation houses, and shunned by critics. Shock Value tells the unlikely story of how the much-disparaged horror film became an ambitious art form while also conquering the multiplex. Directors such as Wes Craven, Roman Polanski, John Carpenter, and Brian De Palma- counterculture types operating largely outside the confines of Hollywood-revolutionized the genre, exploding taboos and bringing a gritty aesthetic, confrontational style, and political edge to horror. Zinoman recounts how these directors produced such classics as Rosemary's Baby, Carrie, The Texas Chainsaw Massacre, and Halloween, creating a template for horror that has been imitated relentlessly but whose originality has rarely been matched. This new kind of film dispensed with the old vampires and werewolves and instead assaulted audiences with portraits of serial killers, the dark side of suburbia, and a brand of nihilistic violence that had never been seen before. Shock Value tells the improbable stories behind the making of these movies, which were often directed by obsessive and insecure young men working on shoestring budgets, were funded by sketchy investors, and starred porn stars. But once The Exorcist became the highest grossing film in America, Hollywood took notice. The classic horror films of the 1970s have now spawned a billion-dollar industry, but they have also penetrated deep into the American consciousness. Quite literally, Zinoman reveals, these movies have taught us what to

be afraid of. Drawing on interviews with hundreds of the most important artists in horror, Shock Value is an enthralling and personality-driven account of an overlooked but hugely influential golden age in American film.
