Check In, Everyday Jesur Habek,2019-01-25 The framework for this journal as a workbook as inspired by Tim Ferriss. This meditation journal may help you feel more present in your everyday life by using simple checks at the beginning and end of your day. These check-ins are repeatable and can help you create a new pattern of awareness in ways that are easy to apply. Sample Excerpt The day is split up into three parts: the beginning, middle, and end. The beginning of the day is about rising from slumber back

into our skin. The way we start our day is how it continues until we decide to reflect on it. The middle of the day is running on autopilot from how we started the day. In the middle of the day, many events occur that can throw us off from what we want from our day. These distractions can be the smallest things: from spilling your hot coffee on your shirt on the way to work to being three-minute late for your bus that only comes every forty-five minutes. I like to call the middle of the day the struggle. The end of the day is time for reflection or to continue to run on autopilot from the struggle. During this time, we can ask ourselves questions about the day and see if we like the events that happened. This reflection is easier to do at home but can also be done by taking breaths when something goes wrong. Having a reflective moment during the middle of the day can help us get out of the struggle for some time until we trip again. The day can range from being exhausting to energizing; it all depends on how we feel our day. I believe it is important to keep myself in check when I wake up from rest and before I go rest.

Check in. Relax. Take A Shower. HfG Karlsruhe, Marco Walser,

We Check In with Each Other Lydia Bowers, 2021-11-18 Help young children understand that it's okay to establish personal boundaries and change their minds. Physical and emotional awareness are key foundations of consent. We Check In with Each Other gives children a vocabulary to understand that they can change their minds at any time, develop and communicate personal boundaries, and build their social and emotional skills. The second book in the We Say What's Okay series, We Check In with Each Other follows Harrison as he checks in with himself and with his classmates throughout the day to see if they're

still having fun and feeling safe. Using the book as a read-aloud, educators and families can model the language Harrison's teachers use to support children as they learn to listen to their body signals and respect the personal boundaries of others. The author, who hosts workshops and trainings on teaching consent for families and early childhood educators around the country, offers additional activities in the back of the book. Digital content includes a song from Peaceful Schools with downloadable audio files and sheet music. We Say What's Okay Series Teach the building blocks of consent in a child-friendly and developmentally appropriate way. Centered on a class of preschoolers, this series helps teach young children the social and emotional skills they need to understand the complexities of consent. Each book covers a consent theme, such as how to recognize the physical sensations that emotions create, look for body language cues, ask for and listen to choices, and know that our bodies have value. With believable, everyday situations and diverse characters, children can see themselves and others reflected in each story—and develop a vocabulary to communicate consent and feelings. Every book in the series is accompanied by a song from Peaceful Schools with downloadable audio files and sheet music.

The Daily Check-In Michelle Williams, 2022-01-25 In *The Daily Check-In*, singer and actress Michelle Williams helps readers process the emotions that cause them to feel overwhelmed and gives them powerful strategies for discovering freedom and wholeness. In her book *Checking In*, Michelle Williams shared the painful seasons of struggle that left her feeling like she couldn't go on. In the midst of her wrestling, she came to realize her crucial need for connection--with God, herself, and others--and developed strategies for checking in with each. Her life-giving strategies have helped her overcome the thoughts and emotions that once threatened to derail her. Now she shares those strategies with readers who are on their own journeys toward mental wholeness--and who want to discover how to be free to live an abundant life. In this sixty-day guided journal, Williams leads readers through the process of identifying the thoughts, emotions, and behaviors that leave them feeling overwhelmed, unfulfilled, and alone. Through her unique blend of tender, sometimes humorous, and often thought-provoking wisdom, Williams shows readers how to overcome difficult circumstances and relationships with life-giving honesty

and connection, offering powerful readings about overwhelming emotions and healing from hurt; key scriptures that emphasize the importance of checking in with God, themselves, and others; journaling prompts for personal processing; and short prayers to help readers lean on God for insight, strength, and courage on their journey toward mental wholeness.

The Chicago Guide to Fact-Checking, Second Edition Brooke Borel,2023-05-23 This book will help you: Recognize what information to fact-check Identify the quality and ranking of source materials Learn to fact-check a variety of media types: newspaper; magazine; social media; public and commercial radio and television, books, films, etc. Navigate relationships with editors, writers, and producers Recognize plagiarism and fabrication Discern conflicting facts, gray areas, and litigious materials Learn record keeping best practices for tracking sources Test your own fact-checking skills An accessible, one-stop guide to the why, what, and how of contemporary editorial fact-checking. Over the past few years, fact-checking has been widely touted as a corrective to the spread of misinformation, disinformation, conspiracy theories, and propaganda through the media. “If journalism is a cornerstone of democracy,” says author Brooke Borel, “then fact-checking is its building inspector.” In *The Chicago Guide to Fact-Checking*, Borel, an experienced fact-checker, draws on the expertise of more than 200 writers, editors, and fellow checkers

representing the New Yorker, Popular Science, This American Life, Vogue, and many other outlets. She covers best practices for editorial fact-checking in a variety of media—from magazine and news articles, both print and online, to books and podcasts—and the perspectives of both in-house and freelance checkers. In this second edition, Borel covers the evolving media landscape, with new guidance on checking audio and video sources, polling data, and sensitive subjects such as trauma and abuse. The sections on working with writers, editors, and producers have been expanded, and new material includes fresh exercises and advice on getting fact-checking gigs. Borel also addresses the challenges of fact-checking in a world where social media, artificial intelligence, and the metaverse may make it increasingly difficult for everyone—including fact-checkers—to identify false information. The answer, she says, is for everyone to approach information with skepticism—to learn to think like a fact-checker. The Chicago Guide to Fact-Checking is the practical—and thoroughly vetted—guide that writers, editors, and publishers continue to consult to maintain their credibility and solidify their readers’ trust.
