The Education of a Circus Clown David Carlyon, 2016-01-28 2017 Freedley Award Finalist, Theatre Library Association 2016 Best Circus Book of the Year, Stuart Thayer Prize, Circus Historical Society The 1960s American hippie-clown boom fostered many creative impulses, including neo-vaudeville and Ringling's Clown College. However, the origin of that impulse, clowning with a circus, has largely gone unexamined. David Carlyon, through an autoethnographic examination of his own experiences in clowning, offers a close reading of the education of a professional circus clown, woven through an eye-opening, sometimes funny, occasionally poignant look at circus life. Layering critical reflections of personal experience with connections to wider scholarship, Carlyon focuses on the work of clowning while interrogating what clowns actually do, rather than using them as stand-ins for conceptual ideas or as sentimental figures.

Class Clown Academy Stephen Mooser, 2013-01-06 During the summer the Class Clown Academy opens for twelve days to let class clowns brush up on their skills. The Class Clown Academy is a special place that keeps our educational system afloat, a unique institution that requires a steady supply of dedicated jokers-people who aren't afraid to propel a classroom of students out of their seats and onto the floor, howling with laughter. Could that be you? Would you like to be part of the next generation of class clowns? Are you dead serious about being ridiculously funny? Can you laugh hard enough to blow milk out of your nose? Build a paper airplane in under ten seconds? Do them both at the same time! In this book you'll get a first hand peek at what it takes to gain the school credits necessary to be an official class clown. Meet the students and the teachers, complete an application for the Class Clown Academy!

Clown College Dan Wallace, 2019-11-21 Fear realized is never as bad as what stalks us in the shadows. Once it creeps out and drags us to its lair, it's not nearly as scary as imagined. All it can do then is kill you and eat you. It holds no more power over us to steal our peace and invade our dreams. It's better to be killed and eaten.

Tall Tales of A Short Clown Barry Lubin, 2015-03-09 Tall Tales of a Short Clown is the story of Barry Lubin, whose alter ego, Grandma, became one of the most successful clowns in American history, and was named The World's Funniest Grandma in Germany. Barry has entertained well over a hundred million people in circus rings, stadiums, arenas, on stage, in festivals, in films, and on television as the funny little carpetbagger with a mischievous view of the world. Barry is undoubtedly the only person to have achieved the combination of performing a running headstand onto a whoopee cushion on stage at Carnegie Hall, eating well over 10,000 bagels, and managing to piss off Ringo Starr, Meryl Streep, Gene Kelly, and Bruce Springsteen as well as being inducted into the International Clown Hall of Fame. Tall Tales of a Short Clown follows Barry's journey from Emerson College dropout to Clown College graduate, from his early failures on the Greatest Show on Earth to his induction into the Ring of Fame, the highest honor in clowning and in circus. He reveals his struggles with drug abuse and alcoholism and his journey into sobriety, his bout with thyroid cancer and his triumphant return to the ring, and his love affair with audiences on six continents over five decades, to earn his place as one of the most beloved clowns in history.

101 Amazing Facts about Clowns Jack Goldstein, 2017-05-30 From ancient Egypt to the modern-day circus, the role of the clown can be traced throughout

history. But how much do you really know about the profession that takes comedy very seriously? This fascinating book takes the reader on a journey through the ages, explaining how clowns such as the whiteface and auguste came to be. You'll read about history's best-loved performers such as Joseph Grimaldi, the father of modern clowning, and learn about the origin of terms used today such as the 'clown alley'. If you want to know why blue make-up is supposed to bring bad luck, and who the literary world's first ever killer clown was, then this is the book for you.

When Clowns Attack Chuck Sambuchino, 2015-09-29 THEY'RE COMING FOR YOU Coulrophobia--the fear of clowns--is very real and for good reason. You might think these red-nosed jokers are creepy, sure, but certainly not dangerous. You'd be wrong. Clowns never reveal their real names, and dress to obscure their identities. The rules of civilized society don't apply to them (what other stranger could offer candy to children and get away with it?), they have countless places to hide weapons on their person, and their appearance is downright unnatural. Clowns are the scariest people on earth, and the truth is, they are coming for your valuables, your children, and your sanity. In this comprehensive guide to self-protection from clown creepery, petty crime, and violence, Chuck Sambuchino--founder of the anti-clown group Red Nose Alert--delves into the terrifying clown underworld to provide the knowledge you need to know to protect yourself from these seemingly innocuous gagmen, using his proven four-step system: ASSESS, ANALYZE, DEFEND, PROTECT. Included within are instructions on how to defeat a clown in close combat, tips for spotting the plainclothes clown, and tutorials for fully clown-proofing your home against these painted and bewigged warriors. Most importantly, you'll learn what to do when clowns attack... because it's only a matter of time before they do.
