Mixed: A Colorful Story Arree Chung, 2018-07-03 The reds, the yellows, and the blues all think they're the best in this vibrant, thought-provoking picture book from Arree Chung, with a message of acceptance and unity. In the beginning, there were three colors . . . Reds, Yellows, and Blues. All special in their own ways, all living in harmony—until one day, a Red says Reds are the best! and starts a color kerfuffle. When the colors decide to separate, is there anything that can change their minds? A Yellow, a Blue, and a never-before-seen color might just save the day in this inspiring book about color, tolerance, and embracing differences.

Color Choices Stephen Quiller, 2002-02-01 Internationally renowned artist and best selling author Stephen Quiller shows readers how to discover their own personal color sense in Color Choices, a book that offers readers a fresh perspective on perfecting their own color styles. With the help of his own Quiller Wheel, a special foldout wheel featuring 68 precisely placed colors, the author shows artists how they can develop their own unique color blends. First, Quiller demonstrates how to use the wheel to interpret color relationships and mix colors more clearly. Then he explains, step by step, how to develop five structured color schemes, apply underlays and overlays, and use color in striking, unusual ways. This book will bring out every artist's unique sense of color whether he or she works in oil, watercolor, acrylics, gouache, or casein.

Color Betty Edwards, 2004-09-23 Millions of people have learned to draw using the methods of Dr. Betty Edwards's bestseller *The New Drawing on the Right Side of the Brain*. Now, much as artists progress from drawing to painting, Edwards moves from black-and-white into color. This much-awaited new guide distills the enormous existing knowledge about color theory into a practical method of working with color to produce harmonious combinations. Using techniques tested and honed in her five-day intensive color workshops, Edwards provides a basic understanding of how to see color, how to use it, and—for those involved in art, painting, or design—how to mix and combine hues. Including more than 125 color images and exercises that move from simple to challenging, this volume explains how to: see what is really there rather than what you know in your mind about colored objects perceive how light affects color, and how colors affect one another manipulate hue,

value, and intensity of color and transform colors into their opposites balance color in still-life, landscape, figure, and portrait painting understand the psychology of color harmonize color in your surroundings While we recognize and treasure the beautiful use of color, reproducing what we see can be a challenge. Accessibly unweaving color's complexity, this must-have primer is destined to be an instant classic.
