Writing in a delightfully personal and down-home style, Green emphasizes the point that herbal medicine-making is fundamental to every culture on the planet and is accessible to everyone. So, first head into the garden and learn to harvest your own herbs, and then head into your kitchen and whip up a batch of raspberry cough syrup, or perhaps a soothing elixir to erase the daily stresses of modern life.

The Impact, Legitimacy and Effectiveness of EU Counter-Terrorism Fiona de Londras,Josephine Doody,2015-04-10 Counter-terrorism law and policy has been prominent and widespread in the years following 9/11, touching on many areas of everyday life from policing and border control to financial

transactions and internet governance. The European Union is a major actor in contemporary counter-terrorism, including through its development of counter-terrorism laws for application within the Union. This book undertakes a multi-disciplinary and empirically informed analysis of the impact, legitimacy and effectiveness of EU counter-terrorism. Taking into account legal, societal, operational and democratic perspectives, this collection connects theoretical and practical perspectives to produce an interdisciplinary and multi-stakeholder study of how we might measure and understand the impact, legitimacy and effectiveness of EU counter-terrorism. Bringing together a select group of experts in the field, particular emphasis is placed on understanding the practical experience of implementing and assessing these measures gathered from and with end users, including law-makers, policy-makers, security services, industry partners and civil society. This edited collection will be of great relevance to scholars and policy makers with an interest in counter-terrorism law, EU law and security studies.
