Cuban Artists Across the Diaspora Andrea O'Reilly

Herrera, 2011-07-11 As an island—a geographical space with mutable and porous borders—Cuba has never been a fixed cultural, political, or geographical entity. Migration and exile have always informed the Cuban experience, and loss and displacement have figured as central preoccupations among Cuban artists and intellectuals. A major expression of this experience is the unconventional, multi-generational, itinerant, and ongoing art exhibit CAFÉ: The Journeys of Cuban Artists. In *Cuban Artists Across the Diaspora*, Andrea O'Reilly Herrera focuses on the CAFÉ project to explore Cuba's long and turbulent history of movement and rupture from the perspective of its visual arts and to meditate upon the manner in which one reconstitutes and reinvents the self in the context of diaspora. Approaching the Cafeteros' art from a cultural studies perspective, O'Reilly Herrera examines how the history of Cuba informs their work and establishes their connections to past generations of Cuban artists. In interviews with more than thirty artists, including José Bedia, María Brito, Leandro Soto, Glexis Novoa, Baruj Salinas, and Ana Albertina Delgado, O'Reilly Herrera also raises critical questions regarding the many and sometimes

paradoxical ways diasporic subjects self-affiliate or situate themselves in the narratives of scattering and displacement. She demonstrates how the Cafeteros' artmaking involves a process of re-rooting, absorption, translation, and synthesis that simultaneously conserves a series of identifiable Cuban cultural elements while re-inscribing and transforming them in new contexts. An important contribution to both diasporic and transnational studies and discussions of contemporary Cuban art, Cuban Artists Across the Diaspora ultimately testifies to the fact that a long tradition of Cuban art is indeed flourishing outside the island.

Eating Cuban Beverly Cox, Martin Jacobs, 2016-12-20 James Beard Award-Winning Author: Savor a deliciously complex culinary culture with 120 recipes and gorgeous photos. Spanish, Native American, African, Chinese, and French traditions have all contributed to Cuban cooking, producing a distinctive Caribbean cuisine as richly chorded as the island's music. Beverly Cox and Martin Jacobs's itinerary takes them from the barrio, paladars (private restaurants), and chic nightspots of Havana to the eateries of Florida's emigré communities. From their journeys, they've

gathered more than 120 recipes that comprehensively document Cuban cooking's diversity, from the black bean soup found on any Cuban table, to the empanadas sold by Havana's street vendors, to the grilled sandwiches that are a mainstay of Miami's Calle Ocho, to the innovative dishes devised by chefs at top Cuban restaurants. Gorgeously illustrated with Jacobs's photographs—many shot on the authors' travels through Cuba—*Eating Cuban* highlights Cuban food's historical roots, the classic Creole dishes that evolved from these disparate cultural influences, current trends in Cuban cooking, street foods and on-the-go snacks, and quintessential Cuban beverages from café Cubano to the mojito. In addition, a valuable resource list helps American cooks locate the required ingredients, and a restaurant directory points the way to the very best in Cuban cuisine—in Cuba and the U.S.

My Cafe Cubano Cristina Graciela, 2007-04-01 *My Cafe Cubano* is the diary of Daniela Isabela Badilla begun on August 5, 1958, after the tragic death of a beloved cousin. Thus, begins a story of loss and suffering under Fidel Castro's regime. The novel chronicles a coffee baron's family as they face the consequences of communist dictatorship and the subsequent demise of their business, wealth and way of life in Cuba. It is a moving tale about

coming of age, loss of innocence and self-imposed exile in the search for personal freedom.

Rice in the Time of Sugar Louis A. Pérez Jr., 2019-03-28 How did Cuba's long-established sugar trade result in the development of an agriculture that benefited consumers abroad at the dire expense of Cubans at home? In this history of Cuba, Louis A. Pérez proposes a new Cuban counterpoint: rice, a staple central to the island's cuisine, and sugar, which dominated an export economy 150 years in the making. In the dynamic between the two, dependency on food imports—a signal feature of the Cuban economy—was set in place. Cuban efforts to diversify the economy through expanded rice production were met with keen resistance by U.S. rice producers, who were as reliant on the Cuban market as sugar growers were on the U.S. market. U.S. growers prepared to retaliate by cutting the sugar quota in a struggle to control Cuban rice markets. Pérez's chronicle culminates in the 1950s, a period of deepening revolutionary tensions on the island, as U.S. rice producers and their allies in Congress clashed with Cuban producers supported by the government of Fulgencio Batista. U.S. interests prevailed—a success, Pérez argues, that contributed to undermining Batista's capacity to govern. Cuba's inability to

develop self-sufficiency in rice production persists long after the triumph of the Cuban revolution. Cuba continues to import rice, but, in the face of the U.S. embargo, mainly from Asia. U.S. rice growers wait impatiently to recover the Cuban market.

Café Con Leche Jack E. Fernandez, 2005 Four Cuban immigrants in the stamy cauldron of Ybor City confront their racism through the Great Depression, labor unrest, World War II, and the Castro Revolution. Characters interact in the multiethnic community that grew around the cigar industry.

Cuba Brendan Sainsbury, 2012

Sofrito Phillippe Diederich, 2015 In this entertaining debut novel, Frank Delgado tries to save his failing restaurant by returning to Cuba, his dead father's homeland, to get ahold of a top-secret chicken recipe. But there is more than delicious chicken at stake here. Food is the road home--geographically, emotionally, metaphorically. Peppered with cooking advice from chefs, ordinary folks, and celebrities including Fidel Castro himself (an advocate of pork), Phillippe Diederich's *Sofrito* is a love letter to the deepest recesses of nostalgia's heart. Cristina Garcia, author of *Dreaming in Cuban* and *King of Cuba* Frank Delgado is no thief. He co-owns a failing Cuban restaurant in Manhattan's Upper East Side. The restaurant, like Frank, is rudderless. Lost. He decides he'll save the restaurant by traveling to Cuba to steal the legendary chicken recipe from the famed El Ajillo restaurant in Havana. The recipe is

a state secret, so prized that no cook knows the whole recipe. But Frank's rationale is ironclad--Fidel stole the secret from his family, so he will steal it back. He will triumphantly bring that recipe back to Manhattan and turn his fortunes around. Frank has no interest in Cuba. His parents fled after the Revolution. His dead father spent his life erasing all traces of Cuba from his heart with barbeques, television, lawn mowing and alcohol. So Frank is not prepared for the real Cuba. Sure, he gets beat up and almost killed, the secret service threatens him, but in the midst of the chaos, he falls in love with a prostitute and the city, and he unwraps the heroic story of his parents' life. Cuba begins to bind Frank together, the way a good sofrito binds the flavors of a Cuban dish. Phillippe Diederich is a Haitian American writer and photojournalist raised in Mexico City and Miami, Florida. The dictator Papa Doc kicked his parents out of Haiti in the 1960s. Phillippe grew up listening to stories of nostalgia, revolution, and exile. His friends were the sons and daughters of parents who had fled oppressive regimes throughout Latin America.

Havana Manana - A Guide to Cuba and the Cubans Consuelo Hermer, 2013-04-26 Most travel books take you far, but usually not

far enough. Too often they include too much historical material, too little about the facts of life. Knowledge of any city, after all, is written in terms of its people, its food, its customs. Take Havana, now. There have been no books about Havana that make its people real to us. If Americans consider the Cubans “touched,” they, in their turn, sum us up as *Americanos locos*. But the Cubans, at least, admire the stuff Americans are made of, even though it defies their analysis. It’s time for visitors to return the compliment, to be more open-minded and less jingoistic. The geniality and gracious dignity of life in Havana and the mercurial charm of its inhabitants deserve understanding and appreciation. There have been no books about Havana that guide tourists through the complicated maze of Cuban etiquette. Warm-hearted and easy-going though he may be, your true Cuban resents any transgression of the rules of his social code. The bad impressions left by Americans on a spree cry to heaven for correction. There have been no books about Havana that show tourists how to get more than their money’s worth out of shopping, eating, sightseeing and night-clubbing, how to spend intelligently, how to save wisely, how to have fun on even the most limited budget. These pages try to demonstrate that there is much more than rum, rumba and

revolution in Cuba; to indicate the pattern of behavior that furthers social success in this unpredictable but always enchanting country; to turn the spotlight on Cuban customs and the Latin way of looking at life. Understanding all this will mean keener appreciation of your experiences there, richer memories and a sympathy for Havana that make the place unforgettably warm and colorful.
