What You Become in Flight Ellen O'Connell Whittet, 2020-04-14 Poignant and exquisite--The Los Angeles Review of Books An inspiring and powerful book--Booklist A genuinely absorbing read--Kirkus Revelatory, honest, and wondrous.--Chanel Miller, author of *Know My Name* A lyrical and meditative memoir on the damage we inflict in the pursuit of perfection, the pain of losing our dreams, and the power of letting go of both. With a promising career in classical ballet ahead of her, Ellen O'Connell Whittet was devastated when a misstep in rehearsal caused a career-ending injury. Ballet was the love of her life. She lived for her moments under the glare of the stage-lights--gliding through the air, pretending however fleetingly to effortlessly defy gravity. Yet with a debilitating injury forcing her to reconsider her future, she also began to reconsider what she had taken for granted in her past. Beneath every perfect arabesque was a foot, disfigured by pointe shoes, stuffed--taped and bleeding--into a pink, silk slipper. Behind her ballerina's body was a young girl starving herself into a fragile collection of limbs. Within her love of ballet was a hatred of herself for struggling to achieve the perfection it demanded of her. In this raw and redemptive debut memoir, Ellen O'Connell Whittet explores the silent suffering of the ballerina--and finds it emblematic of the violence that women quietly shoulder every day. For O'Connell Whittet, letting go of one meant confronting the other--only then was it possible to truly take flight.

Choreography and the Specific Image Daniel Nagrin, 2001 Spiced with wit and strong opinions, the third installment in Daniel Nagrin's trilogy explores the art of choreography through the life's work of an important artist. This is the first book to approach choreography through content rather than structure.

The Six Questions Daniel Nagrin, 1997 Writing in *Dance Research Journal*, Joellen A. Meglin of Temple University called *The Six Questions*, a nerve-hitting, nitty-gritty, accept-nothing-bogus, action-painted account of the dance performance process based on a lifetime of creative performance, choreography, and teaching. Nagrin's second volume focuses on the theory of acting technique for dance performance and includes a workbook of exercises.

Dance Y'All, Dance Kelly Bennett, 2009-11-01 Telling the story of one perfect night when Sallie, Beau, and their family and friends dropped their cares and came together for some foot-tapping action, this rollicking tale re-creates the excitement of the dance hall. Set in the not-too-distant past, the story reveals the dance hall as the hub of the community in rural areas; a place where people of all ages gathered together to share news, enjoy each other's company, and support each other in trying times. Sallie, Beau, and friends are sure to dance their way right into kids' hearts.

Local Authorities and the Social Determinants of Health Bonner, Adrian, 2020-10-14 As many social inequalities widen, this is a crucial survey of local authorities' evolving role in health, social care and wellbeing. Health and social and public policy experts review structural changes in provision and procurement, and explore social determinants of health including intergenerational needs and housing. With detailed assessments of regional disparities and case studies of effective strategies and interventions from local authorities, this collaborative study addresses complex issues (*Wicked Issues*), considers where responsibility for wellbeing lies and points the way to future policy-making. The Centre for Partnering (CfP) is a key outcome of this innovative review along

with Bonner's previous work *Social Determinants of Health* (2017).

The Second Summer of Love Alon Shulman, 2019-05-02 'The definitive look at dance music and club culture - a must read' - Paul Oakenfold 'Brilliantly woven collection of aural histories ... a damn fine read' - DJ MAG In 1987, four friends from London, Paul Oakenfold, Danny Rampling, Nicky Holloway and Johnny Walker, took a week-long holiday to Ibiza. What they saw there, and brought back home, would give rise to a new global music and counterculture movement. As the eighties drew to their close, with Thatcherism holding the nation tight in its grip, something funny was happening right across the jungle of Britain's nightlife scene. People were dressing down, not up, to go to clubs. And they were dancing right through the night armed seemingly with only bottles of water. Ecstasy and acid house music had arrived on British shores, and a tribal battle between for the moral future of the nation, between the youth and the establishment, had begun. In *The Second Summer of Love*, author and dance music promoter Alon Shulman uses exclusive contributions from the world's biggest DJs, including Paul Oakenfold, Carl Cox, Fatboy Slim, Moby, Faithless, Mr C, Farley & Heller, Danny Rampling and many others to faithfully recreate the story of the summers of 1988 and 1989, and chart the birth and rise of Acid House, dance music and club culture right through to the modern day where dance music has become a culturally dominant global industry. Complete with stunning unseen photographs, this is the first authentic account of what really happened in that glorious period - from the politics and the people to the music, the drugs, the fashion and the culture - told by people who were there, as they bring to life the creation of an underground scene which inadvertently altered the course of modern global youth culture forever. 'It's as if house music and rave culture tapped into this ancient predilection of humans to stay up all night dancing and staring into the fire, and just supercharged it with electricity and MDMA' -Moby 'What I was experiencing was right in front of my eyes, it was happening right now and I loved it' -Carl Cox 'It opened my eyes and ears to a different spirit in music' - Fatboy Slim

Globalizing Education Michael W. Apple, Jane Kenway, Michael Singh, 2005 Because «globalization» is expressed in many ways and evokes complex responses, it demands various lines of analysis. *Globalizing Education* shows how this phenomenon is mediated and mitigated by a range of educational policies, pedagogies, and politics. It identifies the forms of educational governance associated with neoliberal globalism and their manifold effects on nation-state education systems, highlighting the colonizing minority-world imperatives and retraditionalizing ramifications. It also shows how the global cultural economy - the disjunctive flows of images, people, and ideas - both challenges and reinforces conventional educational trajectories. The global/national mesh-works created by drugs, technology, and unions are among the complicated connectivities explored. This book exposes the more pernicious effects on education of neo-liberal and corporate globalization and explores and identifies innovative and transformative educational policies, pedagogies, and politics.

Becomings Johanna Kirk, 2024-06-04 This book explores postmodern choreographic engagements of pregnant bodies in the US over the last 70 years.

Johanna Kirk discusses how choreographers negotiate identification with the look of their pregnant bodies to maintain a sense of integrity as artists and to control representations of their gender and physical abilities while pregnant. Across chapters, the artists discussed include Anna Halprin, Trisha Brown, Twyla Tharp, Sandy Jamrog, Jane Comfort, Jody Oberfelder, Jawole Willa, Miguel Gutiérrez, Yanira Castro, Noémie LaFrance, and Meg Foley. By presenting their bodies in performance, these artists demonstrate how their experiences surrounding pregnancy intersect not only with their artform and its history but also with their personal experiences of race, gender, and sexual identification. In these pages, Johanna Kirk argues that choreography offers them tools that are alternative to medicine (or other forms of social representation) for understanding what/how pregnant bodies do and feel and what they can mean for individuals and their communities. The works within these chapters invite readers to see dancing bodies and pregnant bodies in new ways and for their potential to manifest new possibilities. This study will be of great interest to students and scholars exploring dance, theatre and performance, race, and gender.

Dancing through the dissonance Lesley Pruitt, Erica Rose Jeffrey, 2020-05-01 Conflicts are increasingly recognised as situated in local contexts with culturally specific elements playing important roles. At the same time, conflicts reflect and contribute to global dynamics. Seeking peace within this complexity requires curious, creative and critical approaches that can account for politics. But how can peacebuilders account for unique local settings while also recognising multiple and diverse perspectives within and between them? Reflecting on this question, *Dancing through the dissonance* explores the relationship between peacebuilding and dance in pluralist societies, examining the practice of dance-focused peacebuilding programmes in Colombia, the Philippines and the United States. Incorporating participant voices, critical political analysis and reflections on dance practice, the authors reveal the implications and nuances of arts-based peace initiatives. This book offers a unique insight into the application, practice and analysis of dance-focused peacebuilding programmes, building on a critical understanding of the politics of integrating dance into peacebuilding and the ways in which these programmes fit into global debates around peace and conflict. As the global community continues to seek inclusive pathways to peace that improve upon, supplement, or replace existing dominant approaches, this book provides a valuable in-depth analysis and recommendations for arts-based peacebuilding approaches.

Balkan Fascination Mirjana Lausevic, 2007-01-04

Divi Zheni identifies itself as a Bulgarian women's chorus and band, but it is located in Boston and none of its members come from Bulgaria. Zlatne Uste is one of the most popular purveyors of Balkan music in America, yet the name of the band is grammatically incorrect. The members of Sviraci hail from western Massachusetts, upstate New York, and southern Vermont, but play tamburica music on traditional instruments. Curiously, thousands of Americans not only participate in traditional music and dance from the Balkans, but in fact structure their social practices around it without having any other ties to the region. In *Balkan Fascination*, ethnomusicologist Mirjana Lausevic, a native of the Balkans, investigates this remarkable phenomenon to explore why so many Americans actively participate in specific Balkan cultural practices to which they have no familial or ethnic connection. Going beyond traditional interpretations, she challenges the notion that participation in Balkan culture in North America is merely a specialized offshoot of the 1960s American folk music scene. Instead, her exploration of the relationship between the stark sounds and lively dances of the Balkan region and the Americans who love them reveals that Balkan dance and music has much deeper roots in America's ideas about itself, its place in the world, and the place of the world's cultures in the American melting pot. Examining sources that span more than a century and come from both sides of the Atlantic, Lausevic shows that an affinity group's debt to historical movements and ideas, though largely unknown to its members, is vital in understanding how and why people make particular music and dance choices that substantially change their lives.
