**Darts Compendium 40** James Sapsford,2023-03-31 I was ignorant when it came to playing darts. 'It's just a game,' I thought. How wrong I was! This material is an excellent read; the games are designed to not only educate but to also build up your confidence and skill levels. I was amazed at how this literature has helped me, especially my mental arithmetic. When you follow the study chart for instance and the check outs, you really start from day one to improve. I thoroughly recommend you buy this book. The concept behind games is inspirational, not just for you but for your opportunity as well. I love the mental and physical challenge this book provides.

Darts Beginning to End George Silberzahn,2009-06-25 Your techniques have given me the tools to become the best player I can be. Joe Everett (aka: dart face) New York City Certainly from reading the additional information in George's book (a must for all dart players) I now understand and feel when my stroke is good and bad and also I'm in a position where I am able to correct it if the first dart thrown is poor. Antony Sharrett (aka: Tanman) Harrogate, England I know it's working for me because now what feels like a bad night would have been considered a great night 6 months ago. Mark Kelly (aka: Drac0) Australia I have never felt more controlled and focused with my darts. The drills, the reading material, all of it are a huge help. Greg Kanes (aka: P-man) S.
