

Die Ungeheuer Aus Der Schreckenskammer Und Andere

Scott C. Dulebohn

Germany Neil MacGregor, 2015-09-29 For the past 140 years, Germany has been the central power in continental Europe. Twenty-five years ago a new German state came into being. How much do we really understand this new Germany, and how do its people understand themselves? Neil MacGregor argues that, uniquely for any European country, no coherent, overarching narrative of Germany's history can be constructed, for in Germany both geography and history have always been unstable. Its frontiers have constantly shifted. Königsberg, home to the greatest German philosopher, Immanuel Kant, is now Kaliningrad, Russia; Strasbourg, in whose cathedral Wolfgang von Goethe, Germany's greatest writer, discovered the distinctiveness of his country's art and history, now lies within the borders of France. For most of the five hundred years covered by this book Germany has been composed of many separate political units, each with a distinct history. And any comfortable national story Germans might have told themselves before 1914 was destroyed by the events of the following thirty years. German history may be inherently fragmented, but it contains a large number of widely shared memories, awarenesses, and experiences; examining some of

these is the purpose of this book. MacGregor chooses objects and ideas, people and places that still resonate in the new Germany—porcelain from Dresden and rubble from its ruins, Bauhaus design and the German sausage, the crown of Charlemagne and the gates of Buchenwald—to show us something of its collective imagination. There has never been a book about Germany quite like it.

Geisterwald Katalog Thomas König, 2000 Der Geisterwaldkatalog stellt eine Bibliographie aller nach 1945 in Deutschland (incl. DDR), Österreich und der Schweiz erschienenen Phantastik-Heftromane dar. Sammlern soll damit ein, in dieser Form bislang einmaliges, Werk an die Hand gegeben werden, in

dem sie alle Hefte aufgelistet finden, Informationen zu einzelnen Serien erhalten, und nachvollziehen können von welchen Autoren die einzelnen Hefte geschrieben wurden. Außerdem erhalten sie eine Übersicht darüber, welchen Wert ihre Sammlung besitzt. Hiermit liegt nun Band 1 - Horror/Grusel & Mysterie vor. Weitere Genre sollen folgen.

Neubestelltes abenteuerliches Tierhaus Walter Mehring, 1925

Antikatholizismus Manuel Borutta, 2011-02-16 Der Mönch als Ungeziefer, der Priester als Triebtäter – das sind nur zwei Bilder, mit denen im 19. Jahrhundert Liberale und Demokraten gegen den Katholizismus zu Feld zogen. Der moderne Antikatholizismus war bereits in der Aufklärung entstanden und entwickelte sich in der Folge zu einem europäischen Konflikt um den Ort und die Bedeutung von Religion und Kirche. Manuel Borutta erhellte in einem historischen Vergleich zwischen Italien und Deutschland den Zusammenhang zwischen Antikatholizismus, Kulturkampf und Säkularisierungstheorie. Er zeigt, wie sich der Antikatholizismus zunächst mit Projekten der Moderne und der bürgerlichen Gesellschaft verband, dann medial ausbreitete und Kulturkämpfe auslöste, bis er schließlich in die Selbstbeschreibung der westlichen Moderne einging.

Theater heute ,1961

Spinnen-Netze W. Michael Gear,2016-01-28 Die letzte Schlacht Die Rebellion auf Sirius ist besiegt, doch Ngen Van Chow, ihr Anführer, konnte auf einen weit entfernten Planeten fliehen. Von dort aus bereitet er jetzt seinen Gegenschlag vor. Dank einer lange verborgenen Technologie gelingt es ihm, aus ganz normalen Männern und Frauen gottesfürchtige Krieger zu machen, die kein Erbarmen kennen. Das galaktische Imperium des Direktorats, das jahrhundertlang keine Kriege mehr geführt hat, ist den rasenden Berserkern hilflos ausgeliefert. Einzig die Spinnen-Krieger, Nachfahren der amerikanischen Ureinwohner, die lange auf einer verlorenen Koloniewelt ohne Kontakt zum Direktorat lebten, haben eine hauchdünne Chance, gegen die Fanatiker zu gewinnen. Sie bereiten sich auf die entscheidende Schlacht vor, nach der nichts mehr so sein wird, wie es einmal war ...
