Split the Pie Barry Nalebuff,2022-03-08 From a leading Yale expert and serial entrepreneur, a radical, principled, and field-tested approach that identifies what's really at stake in any negotiation and ensures you get your half—so you can focus on growing the pie. Negotiations are incredibly stressful and can bring out the worst in people. Wouldn't it be better if there were a principled way to negotiate? Wouldn't it be even better if there were a way to treat people fairly and get treated fairly in a negotiation? Split the Pie offers a new approach that does both—a field-tested method that reframes how negotiations play out. Barry Nalebuff, a professor at Yale School of Management, helps identify what's really at stake in a negotiation: the “pie.” The negotiation pie is the additional value created through an agreement to work together. Seeing the relevant pie will change how you think about fairness and power in negotiation. You'll learn how to get half the value you create, no matter your size. Filled with examples and in-depth case studies, Split the Pie is a practical and theory-based approach to negotiation. You'll see how it helped reframe a high-stakes negotiation when Coca-Cola purchased Honest Tea, a company Barry cofounded with his former student Seth Goldman. The pie framework also works for everyday negotiations. You'll learn how to deploy logic to determine truly equitable solutions and employ empathy to expand the pie and sell your solution. Split the Pie allows both sides to focus their energy on making the biggest possible pie—to have your pie and eat it too.

The 10 Dollar Car James H. McRae, Sr.,2022-03-21 The 10 Dollar Car, by James H. McRae, Sr. is a book written to his children concerning faith, hope, promise and fulfillment. The sub-title of the book, The Story of Ordered Steps is taken from Psalm 37:23-24, where it is stated, The steps of a good man are ordered by the LORD: and he delighteth in his way. Though he fall, he shall not be utterly cast down: for the LORD upholdeth him with his hand. During the author's junior year in college, he asked the Lord to provide the wife for him that He desired for him. Little did he know that the Lord had prepared the wife, the people who would introduce him to his wife, along with the time and location. The Ten Dollar Car would be the resource that the Lord would provide in order for the author to meet his wife. The book is a story of the many adventures in the author's life as the Lord guided him in ways that seem miraculous, in many instances, and brought people and resources into his life in order that the Lord would be glorified. A great foundation was provided as the Lord provided a stable home situation where the father and mother were both there even though in today's standards, it would appear that the author and his family were living in poverty. The final two years of college for the author were accomplished as he had no money to pay tuition or room and board. Resources in the form of people, places, and material things were always provided for the author to go from one point to the other by his Father. Obtaining, maintaining and driving a car that cost \$10.00 was a major feat for the author to accomplish, however, his Father continued to,uphold him with His hand. Many of the adventures in the book are quite hilarious, however, the Lord was always there to make sure that the author was not,utterly cast down. In order for the author to complete college, he held a full-time job working from 10:00 each evening until 6:00 each morning, five days each week. On the week-ends he also worked as a dishwasher at a local restaurant. He also played in the concert and marching bands at his college and this was the scholarship that paid for the final two years of the author's educational fees. Through it all, his steps were ordered by His Father who would not permit him to be utterly cast down and He upheld him with His hand. There is never a dull moment. Join the author in the adventures of, The 10 Dollar Car as he permitted the Lord to guide him in His steps. The Lord provided faith, hope, and promise in the life of the author and He always fulfills His promises. God bless....

Social Networks and the Life Course Duane F. Alwin,Diane H. Felmlee,Derek A. Kreager,2018-03-06 This volume engages the interface between the development of human lives and social relational networks. It focuses on the integration of two subfields of sociology/social science--the life course and social networks. Research practitioners studying social networks typically focus on social structure or social organization, ignoring the complex lives of the people in those networks. At the same time, life course researchers tend to focus on individual lives without necessarily studying the contexts of social relationships in which lives are embedded and “linked” to one another through social networks. These patterns are changing and this book creates an audience of researchers who will better integrate the two subfields. It covers the role of social networks across the life span, from childhood and adolescence, to midlife, through old age.

A Horrific Experience Dr. Sharon Campbell Phillips,2021-08-09 Human Trafficking has become a worldwide epidemic as the powers that be are not putting the necessary protocols in place to fight the cause, as result, it has caused broken families, shattered communities, and the shutdown of ethical and moral values that forefathers of the past once hold dear, one such case is the untold story of a woman by the name of Kimberley Xaviannah Alexandria, who was once a victim of abuse, betrayal, hated by many through the fact that she was just a victim of the rampant human trafficking trade but with her undying love and faith, she was able to overcome any obstacle that she encountered along the way and was able to be proudly known as the Majestic Blader.

Cemeterians Jack W. Plunkett,2008 Franklin, Jack, Marla, Thadius, and Caitlin... this unlikely group of assorted misfits are the Cemeterians, a group that will take on any job - no, really, we mean any bloody job (money's a bit tight right now)! Trudge through disgusting sewers to battle manatee-massacring mermaids and soggy cultists, creep through creepy, fog-littered cemeteries straight out of an ancient Hammer Film soundstage, confront undead lecherous lodgers and other assorted beasts, creepies, and ghoulies. It all comes down to whether an adolescent giant Automaton, a truly mad, Mad Scientist, a surly Necromancer, a Banshee's granddaughter, and a reluctant furry monster straight from under your little sister's bed can manage not to kill each other - or, at least, quit fighting over the tele-privilege-schedule long enough to get the job done! Not likely.
