**Slaying the Dragon** Ben Riggs, 2022-07-19 Dungeons & Dragons. It's the fantasy role-playing game first conceived over fifty years ago by the now-legendary company TSR, which has enthralled millions of devoted gamers around the world for generations. It's a test of skill, intelligence, audacity, and survival. But no D&D game ever played could compare to the stunning behind-the-scenes melee for power and dominance that was the true story of TSR. *Slaying the Dragon* chronicles the rise and fall of TSR (Tactical Studies Rules), how the brilliant and wild minds of the legendary Gary Gygax and his co-creator Dave Arneson gave birth to a game that would capture the imagination of outsiders and underdogs throughout the world. From its humble beginnings in the small town of Lake Geneva, Wisconsin to its emergence as a cultural phenomenon, TSR soon spawned an unlikely empire of games and geekdom—with *Dungeons & Dragons* leading the way—that was decades ahead of its time, inviting both hyper-devoted fans as well as hysteria surrounding the game's supposed corrupting influence on America's youth. TSR was in the news, in the money, and on top of the world. But success soon took its toll, with creative control and rivalries within the firm threatening the stability of TSR. Former allies grew apart personally and professionally, and the formerly fun, freewheeling firm founded by a band of misfits collapsed into a desperate struggle for survival. Despite attempts to grow in a changing market, setbacks and management decisions put TSR in a downward spiral in the 1990s which resulted in the company's death and then resurrection by the most unlikely of saviors. With author access to previously unreleased documents and insider stories, and interviews with former TSR employees and associates who witnessed the high-stakes machinations and maneuvering that would eventually seal the company's fate, *Slaying the Dragon* is a fascinating, revealing tale of friends turned enemies, success and failure, and loyalty and betrayal that no roll of the die could predict... Riggs has written a fascinating and dishy account of the business hits and whistling misses of a band of dreamers, writers, artists, and geeks... A must-read for fighters, magic-users, and even bards -- and everyone else, too. — Brad Ricca, Edgar-nominated author of *Mrs. Sherlock Holmes* and *True Raiders* Far from a fluff piece on a beloved hobby, this book goes behind the GM's screen to take a hard-nosed look at the people and circumstances that first gave rise to D&D, then nearly killed it -- twice. Riggs takes you on a roller-coaster from boom to near bankruptcy, but never loses sight of the individuals involved, the good, the bad, and the geeky. — Marie Brennan, Hugo-Award nominated author of the *Memoirs of Lady Trent* series
