Professional Driving Lessons – Free of Charge Graham Hughes, 2012-05 There is no book like it! Complete the journey from pedestrian to excellent driver. Concise and easy to read Buy all your driving lessons for the price of this book. Use my SYSTEM and pass your practical driving test without paying for a single lesson. This book is essential if you want to pass your driving test the first time. Take your time to get things right and work at your own pace. Check your problems with the Problem pages. On average, less than 50% of pupils trained by a driving instructor in the UK, pass the driving test. Who are the driving instructors with a pass rate under 50%? None of us knows! Why pay for driving lessons when you do not know whether you are going to pass the test? Buy this book instead. IMPORTANT The helper must not charge for lessons. If you do, you are committing a serious offence. You are not a Registered Driving Instructor. These are the only people that can charge for driving lessons.

L of a Way 2 Pass Diane Hall, 2008-11-06 Every year over half of the driving tests taken result in failure, often just as a result of nerves on the day rather than due to bad driving. In addition, learner drivers may be spending much more money and time on repetitive lessons than they need to. This book shows you how to pass your driving test stress free and in fewer lessons, saving you lots of time money. Now you need to ask yourself: are you ready for that? If you already feel completely confident in your ability, believe that you can perform all the manoeuvres correctly, drive totally without your instructors help and guidance, and are totally confident in your ability to pass your test, then don't buy this book because you don't need it. However, if there is the slightest doubt in your mind about your confidence or competence levels, or you think that nerves will get the better of you on your test, then read on, this book has been written especially for you. If you are one of the ten percent of the population who is dyslexic you will know that learning to drive can present challenges for you. Therefore, a specialist chapter has been written for you using multi-sensory learning techniques to make learning easier and much more enjoyable. If you are thinking about taking your driving test, you need to read the chapter 'Top Ten reasons for failure and how to avoid them' View this FREE now at www.Lofaway2pass.com

A through Zs of Learning to Drive, Accident Free! James Q. Glenn, 2014-02-28 There are two phases to learning to drive. In the first phase you will learn to maneuver your vehicle. There are three basic maneuvers of a vehicle: you can make a right turn, a left turn and a lane change. Think of it this way: parking is no more than a right or left turn; in expressway driving you lane change to get on, lane change while on, and lane change to get off; and even city driving you are either making a turn or a lane change. In the second phase you are learning the laws of the roadway, general rules people drive by, and the safest way of getting to where you are going.
