499 Words Every College Student Should Know Stephen Spignesi,2017-08-29 Words equal credibility. The more articulate a person is, the more seriously they will be taken—by everyone. On any given day, you might read “abrogate” used in a USA Today article; or “demagogue” or “fiduciary” used on CNN. You might hear “ensorcelled” and “torpor” in a TV drama; you’ll hear a political candidate described as “truculent.” You may hear “pedantic” used in a movie. How many of these words are part of most college students’ “arsenal of words”? Hopefully all of them, but if not, 499 Words Every College Student Should Know will provide them with what they need to become more articulate in their speaking and writing. It will also enhance their comprehension in their reading, ultimately culminating in what every student aspires to: earning better grades! 499 Words Every College Student Should Know teaches truly important vocabulary words and focuses on Professor Spignesi’s classroom-tested Trinity of Vocabulary Use. For each word, the vocabulary-enriched and educated student will be able to: Understand the word in their reading Use the word in their speaking Make good use of the word in their writing Using easy-to-understand, informative, and often humorous explanations of every word, 499 Words Every College Student Should Know also explores how to use the words in sentences, and in proper context. The majority of these words were individually chosen because they are fairly commonplace in media, books, online, and elsewhere, and students need to be able to understand them. Knowing them — in fact, using the words and making them part of their everyday language — will make any college student or those soon-to-be, more credible.

499 Facts about Hip-Hop Hamilton and the Rest of America's Founding Fathers Stephen Spignesi,2016-10-25 You want a revolution? So did Alexander Hamilton and the Founding Fathers! America has fallen in love again with Alexander Hamilton and the Founding Fathers. Here is a popping fresh collection of facts and forgotten trivia surrounding the American Revolution and our forefathers – from those you’d expect (George Washington, Thomas Jefferson, Ben Franklin, and Hamilton, of course) to those you may never have heard of, but you probably should have (who the heck was Rufus King?): Alexander Hamilton was born on foreign soil and became an American hero - the founder of the U.S. Mint and the U.S. Coast Guard. The naval communication book he wrote was still being used by the US Navy and Coast Guard through the Cuban Missile Crisis. Roger Sherman (of Connecticut) was one of only two Founding Fathers who signed the three bulwark documents of our republic: The Declaration of Independence, the Articles of the Confederation, and the Constitution. (Give props to this guy.) By the time he was thirty, George Washington had had smallpox, pleurisy, dysentery, and malaria. Readers will be left with a greater appreciation and deeper respect for these human beings who were just trying to accomplish the incredible: create the greatest nation in history. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
