Alex and Penny's Italy Jigsaw Book Giada Francia,2007-09-04 Each jigsaw book is an innovative design: a large-format book with four 96-piece jigsaw puzzles bound into it, each puzzle comprising a page in the book. When assembled, the pieces of each puzzle depict a scene of great natural beauty or historical interest. On the page opposite each puzzle, fascinating tidbits are presented through sidebars and illustrations, introducing young explorers to some of the world's most unique regions, natural wonders, and cultural treasures. Printed on each page under the puzzle pieces are mazes and brain teasers to reinforce the facts on the adjoining page. With their durable quality and unique presentation of information that makes learning fun, the Alex & Penny puzzle books are a welcome addition to the literature for kids on world cultures. Teachers, parents, and most of all, kids, will appreciate the ingenious presentation of facts. Alex & Penny's Jigsaw Puzzles: Wild West takes the twins along the Oregon Trail. The images on the four puzzles depict a wild and rocky canyon, a breathtaking view of the spectacular Monument Valley, cowboys rounding up wild mustangs, and an aerial view of the Colorado River. In Alex & Penny's Jigsaw Puzzles: Italy, twins Alex and Penny explore Italy, learning about the country through games and brain teasers. From the peaks of the Dolomites to the crystal-clear waters of Sardinia, from the brightly-colored houses of Burano to the massive majesty of the Colosseum, the images on the puzzles in this book convey the diverse attractions of Italy.

My First Jigsaw Book: What Colour Are You? Ronny Gazzolla,2019-05-23 Jigsaw puzzles are one of

the simplest and most effective ways to learn while having fun! Created for pre-school children, the aim of this new and innovative collection is to unite reading time with playtime and manual creativity. In each volume, the pages of text are alternated with puzzle pages to put back together: in order to see how many sheep there are in the field, or what the bird's house is made of, children will have to piece together Ronnie Gazzola's illustrations on their own, giving them a whole new sense of satisfaction! Depending on the volume, the puzzles are made up of 1 or 6 pieces: in both cases they are very easy to put back together, but at the same time stimulating and exciting (and made in durable cardboard!). In Numbers and colours with Leo the Chameleon and Life on the Farm, the two-piece puzzles will teach children to count from one to five and to recognise colours together with some lovely little animals; in Where do they live? and Little Dinosaur, the six-piece puzzles will teach them to link each animal to their home in the first book and all about the most famous dinosaurs in the second. This is a sure method for children to learn with ease and above all having lots of fun! AGES: 3 plus AUTHOR: Ronny Gazzolla was born in a little town near Venice. After the diploma at the artistic high school and through workshops and several international competitions he approached illustration. He has worked as freelancer with several companies. He realises editorial illustrations, illustrations for children and graphic projects.
