**The Ancient Armenian Papacy: Strategic Wars at the Echmiadzin Church** Ali Arslan,2015-04-23 Armenian History shows parallelism with the history of Armenian Church; therefore, they should be handled together. In this respect, this study is unique in the field. St. Gregorian rejected the decisions of the Consul of Kadikoy (Calchedon) in 451 and dissent from the Roman church. While their followers were trapped in the conflict between the Eastern Roman-Sassanid, thanks to Seljuks Turkish State all Armenians were able to live their religion freely. After the Mongols seized Etchmiadzin, the center was moved to Akhtamar and Sis. Later all these three centers came under the rule and influence of the Ottomans. The Ottoman sultans appointed cathogigos of the Etchmiadzin, which was the oldest and the most powerful Armenian Church. The Russians began to penetrate the Armenians beginning from 1750, and after 1828 they gained direct control of them and tried to use them for their expansion strategy. At the end of the First World War Britain gained the control of Ecmiyazin, which was in the position of Armenian papacy. In the period of USSR, Etchmiadzin was under the control of Russians while Sis (Antilyas) had entered the control of USA. This study covers the power struggle of states around the active church center.

**Eastern Christianity and Politics in the Twenty-First Century** Lucian N. Leustean,2014-05-30 This book provides an up-to-date, comprehensive overview of Eastern Christian churches in Europe, the Middle East, America, Africa, Asia and Australia. Written by leading international scholars in the field, it examines both Orthodox and Oriental churches from the end of the Cold War up to the present day. The book offers a unique insight into the myriad church-state relations in Eastern Christianity and tackles contemporary concerns, opportunities and challenges, such as religious revival after the fall of communism; churches and democracy; relations between Orthodox, Catholic and Greek Catholic churches; religious education and monastic life; the size and structure of congregations; and the impact of migration, secularisation and globalisation on Eastern Christianity in the twenty-first century.

**Patriotism and Piety in Armenian Christianity** Abraham Terian,2005 Armenian Christianity manifests a unique blend of patriotism and piety - given its ethnic character from the outset and the fact of its having survived the unfavorable currents of history. Beginning from the inception of Armenian letters at the turn of the fifth century, the author surveys that blend in ancient Armenian sources spanning a thousand years. He shows how the theme finds its fullest manifestation as a literary motif in the medieval panegyrics dedicated to St. Gregory the Illuminator, founder of the Armenian Church at the dawn of the fourth century. Of these, the panegyric by Hovhannes of Erzenka (a prolific author of the thirteenth century) exhibits all the characteristics of the motif in ancient Armenian literature. Consequently, his work receives ample coverage in this unique study, including a translation of the entire text with commentary. Annotated selections from the other panegyrics on St. Gregory complete the book, the second volume in the AVANT series devoted to the study of the Armenian Christian heritage.--BOOK JACKET.

**Russia's Entangled Embrace** Stephen Badalyan Riegg,2020-07-15 Russia's Entangled Embrace traces the relationship between the Romanov state and the Armenian diaspora that populated Russia's territorial fringes and navigated the tsarist empire's metropolitan centers. By engaging the ongoing debates about imperial structures that were simultaneously symbiotic and hierarchically ordered, Stephen Badalyan Riegg helps us to understand how, for Armenians and some other subjects, imperial rule represented not hypothetical, clear-cut alternatives but simultaneous, messy realities. He examines why, and how, Russian architects of empire imagined Armenians as being politically desirable. These circumstances included the familiarity of their faith, perceived degree of social, political, or cultural integration, and their actual or potential contributions to the state's varied priorities. Based on extensive research in the archives of St. Petersburg, Moscow, and Yerevan, Russia's Entangled Embrace reveals that the Russian government relied on Armenians to build its empire in the Caucasus and beyond. Analyzing the complexities of this imperial relationship—beyond the reductive question of whether Russia was a friend or foe to Armenians—allows us to study the methods of tsarist imperialism in the context of diasporic distribution, interimperial conflict and alliance, nationalism, and religious and economic identity.

**The Armenian Diaspora and Stateless Power** Talar Chahinian,Sossie Kasbarian,Tsolin Nalbantian,2023-11-02 From genocide, forced displacement, and emigration, to the gradual establishment of sedentary and rooted global communities, how has the Armenian diaspora formed and maintained a sense of collective identity? This book explores the richness and magnitude of the Armenian experience through the 20th century to examine how Armenian diaspora elites and their institutions emerged in the post-genocide period and used "stateless power" to compose forms of social discipline. Historians, cultural theorists, literary critics, sociologists, political scientists, and anthropologists explore how national and transnational institutions were built in far-flung sites from Istanbul, Aleppo, Beirut and Jerusalem to Paris, Los Angeles, and the American mid-west. Exploring literary and cultural production as well as the role of religious institutions, the book probes the history and experience of the Armenian diaspora through the long 20th century, from the role of the fin-de-siècle émigré Armenian press to the experience of Syrian-Armenian asylum seekers in the 21st century. It shows that a diaspora's statelessness can not only be evidence of its power, but also how this "stateless power" acts as an alternative and complement to the nation-state.

**Hidden Histories in the United Church of Christ** Barbara Brown Zikmund,2007-06-01 The United Church of Christ (UCC) is a denomination that reflects the pluralistic story of American Protestantism. Created in 1957, the UCC has brought together ecclesiastical bodies rooted in English Puritanism, American frontier revivalism, and German religious history. In this book, the contributors attempt to move beyond the four main streams of the UCC—the UCC historical orthodoxy. This collection of essays expands knowledge about the diversity of the UCC, and connects the UCC with many significant developments in American religious and ethnic history. It explores such areas as: Native American Protestantism; black Christian churches; a schism in the German Reformed Church; Armenian congregationalism's missionary beginnings; German congregationalism; blacks and the American Missionary Association; Deaconess ministries; the Schwenkfelders; the Calvin Synod (Hungarian); women's work and women's boards; and Japanese-American Congregationalists. Contributors include Clifford Alika, Percel O. Alston, John Butosi, William G. Chrystal, Clara Merritt DeBoer, Sally A. Dries, Serge F. Hummon, Martha B. Kriebel, Miya Okawara, Ruth W. Rasche, John C. Shetler, Vahan H. Tootikian, and Barbara Brown Zikmund.

Early Modernity and Mobility Sebouh David Aslanian,2023-06-27 A history of the continent-spanning Armenian print tradition in the early modern period Early Modernity and Mobility explores the

disparate yet connected histories of Armenian printing establishments in early modern Europe and Asia. From 1512, when the first Armenian printed codex appeared in Venice, to the end of the early modern period in 1800, Armenian presses operated in nineteen locations across the Armenian diaspora. Linking far-flung locations in Amsterdam, Livorno, Marseille, Saint Petersburg, and Astrakhan to New Julfa, Madras, and Calcutta, Armenian presses published a thousand editions with more than half a million printed volumes in Armenian script. Drawing on extensive archival research, Sebouh David Aslanian explores why certain books were published at certain times, how books were sold across the diaspora, who read them, and how the printed word helped fashion a new collective identity for early modern Armenians. In examining the Armenian print tradition Aslanian tells a larger story about the making of the diaspora itself. Arguing that confessionalism and the hardening of boundaries between the Armenian and Roman churches was the driving engine of Armenian book history, Aslanian makes a revisionist contribution to the early modern origins of Armenian nationalism.
