Disaster Risk Reduction and Emergency Management in Armenia ,2009

Armenia in Crisis Pierre Verluise,1995 On December 7, 1988, the northwest region of Soviet Armenia, including Leninakan, the republic's second largest city, was devastated by an earthquake which left tens of thousands dead and forced the central government, for the first time in Soviet history, to call for international assistance. Armenia in Crisis documents the tragic Armenian earthquake and the surrounding political controversies that rocked the Soviet Union and contributed to its collapse. In sparse and gripping prose, Pierre Verluise, a French journalist and Soviet specialist, uses the accounts of survivors and relief workers to tell the story of this catastrophe in its human and political dimensions. Relying on personal interviews and press reports, he recounts the destruction and despair, the emotional reactions of survivors and relief workers, the political struggles between Soviet President Mikhail Gorbachev and the Armenians, and the shortcomings in Soviet construction methods and disaster preparedness. The new epilogue by translator Levon Chorbajian completes Verluise's story of human loss and high political drama, with updates of Armenia's independence, the Soviet Union's demise, and the still uncompleted task of earthquake reconstruction.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. The Armenian Earthquake Disaster ,1989

Great Catastrophe Thomas de Waal,2015-01-02 The destruction of the Armenians of the Ottoman Empire in 1915-16 was the greatest atrocity of World War I. Around one million Armenians were killed, and the survivors were scattered across the world. Although it is now a century old, the issue of what most of the world calls the Armenian Genocide of 1915 is still a live and divisive issue that mobilizes Armenians across the world, shapes the identity and politics of modern Turkey, and has consumed the attention of U.S. politicians for years. In Great Catastrophe, the eminent scholar and reporter Thomas de Waal looks at the aftermath and politics of the Armenian Genocide and tells the story of recent efforts by courageous Armenians, Kurds, and Turks to come to terms with the disaster as Turkey enters a new post-Kemalist era. The story of what happened to the Armenians in 1915-16 is well-known. Here we are told the history of the history and the lesser-known story of what happened to Armenians, Kurds, and Turks in the century that followed. De Waal relates how different generations tackled the issue of the Great Catastrophe from the 1920s until the failure of the Protocols signed by independent Armenia and Turkey in 2010. Quarrels between diaspora Armenians supporting and opposing the Soviet Union broke into violence and culminated with the murder of an archbishop in 1933. The devising of the word genocide, the growth of modern identity politics, and the 50th anniversary of the massacres re-energized a new generation of Armenians. In Turkey the issue was initially forgotten, only to return to the political agenda in the context of the Cold War and an outbreak of Armenian terrorism. More recently, Turkey has started to confront its taboos. In an astonishing revival of oral history, the descendants of tens of thousands of Islamized Armenians, who have been in the shadows since 1915, have begun to reemerge and reclaim their identities. Drawing on archival sources, reportage and moving personal stories, de Waal tells the full story of Armenian-Turkish relations since the Genocide in all its extraordinary twists and turns. He looks behind the propaganda to examine the realities of a terrible historical crime and the divisive politics of genocide it produced. The book throws light not only on our understanding of Armenian-Turkish relations but also of how mass atrocities and historical tragedies shape contemporary politics.

Earthquake Hazard and Seismic Risk Reduction Serguei Balassanian,Armando Cisternas,Mikael Melkumyan,2013-06-29 In 1998 Armenia was commemorating the tenth anniversary of the catastrophic Spitak earthquake. The Second International Conference on Earthquake Hazard and Seismic Risk Reduction sponsored by the Government of the Republic of Armenia and United Nation's International Decade for Natural Disaster Reduction (UN/IDNDR) was held in dedication to that event between 14-21 September (later referred to as Yerevan Conference). The Yerevan Conference has been organized by the National Survey for Seismic Protection (NSSP) of the Republic of Armenia. All level's decision-makers (from the ministers to the local authorities), politicians, scientists, leaders of the executive and legislative powers, psychologists, leading businessmen, representatives from the private sector and the media as well as from the International Organizations have been invited by the Armenian NSSP to take part in joint discussion of the Seismic Risk Reduction Problem for the first time in the history of such forums. Armenian NSSP's such initiative has been triggered by the experience of the Spitak earthquake and other disasters. They showed that it will be possible to reduce the risks, posed by the natural disaster, only through the common efforts of all the community in co-operation with the International institutions.

Armenian Tragedy Yuri Rost,1990

Letter to Yerevan Andranik Tzarukian,2018-12-24 This story begins with a short, slanderous political attack by one writer, and continues with a lengthy rebuttal by another—a self-appointed target who took it upon himself to respond in kind: in verse. Written in 1944 in response to Soviet Armenian writer Gevorg Abov's «Մենք չենք մոռացել» (Menk chen moratsel, We Have Not Forgotten), and

published the following year, «Թուղթ առ Երեւան» (Tught ar Yerevan, Letter to Yerevan) made Tzarukian a prominent voice in the Armenian Diaspora almost overnight—from the Middle East to Europe and the Americas. The poem was republished more than a dozen times in various Armenian communities—including in Syria, the United States, Lebanon, and Cyprus—up until the early 1990s, and as a result became a source of inspiration for tens of thousands. Published by the 120-year-old Hairenik Press, this is the first English translation of Tzarukian's Letter to Yerevan. The translation was a collaborative effort between the former director of the ARF and First Republic of Armenia Archives and former editor of the Armenian Review Tatul Sonentz-Papazian and former editor of the Armenian Weekly Rupen Janbazian. It features an in-depth introduction by another former editor of the Armenian Weekly and the volume's English editor, Vahe Habeshian, as well as six original illustrations by Yerevan-based artist Meruzhan Khachatryan. The Armenian language republication was edited by Yeprem Tokjian of Toronto. The publication of Letter to Yerevan is the first of several initiatives planned celebrating the 120th anniversary of the Hairenik Association. All the proceeds from book sales will be donated to the Hairenik Association's Newspaper Digitization Project. Praise for Letter to Yerevan Letter to Yerevan (1945) is urgent and timeless. It may seem easy to turn the page on an oeuvre penned in a political context that no longer exists. Yet Andranik Tzarukian's powerful poetic rebuttal continues to resonate. When, as in the aftermath of the Velvet Revolution in Armenia, 'Dashnak dogs' and other Abov-esque tropes are unleashed, Tzarukian's Letter is the best antidote. Hence its urgency. When history is distorted and 'alternative facts' are tossed around, Tzarukian's Letter is highly relevant. Hence its timelessness. Translators Sonentz-Papazian and Janbazian, two generations apart, are themselves testament to the enduring power of this work that reaches English-language readers on the 100th anniversary of the First Armenian Republic. - Khatchig Mouradian, PhD Columbia University «Անդրանիկ Ծառուկեան ոչ Սիամանթօ մըն է, ոչ Վարուժան մը եւ ոչ ալ Պ. Among his most prominent works, «Մանկութիւն չունեցող մարդիկ» (People Without a Childhood, 1955) and «Երազային Հալէպը» (Ethereal Aleppo, 1980) are autobiographical accounts dedicated to his childhood life in the orphanage of Aleppo. He published only one collection of verse, Aragastner (Sails), and bade farewell to poetry in Tught ar Yerevan (Letter to Yerevan). Comprehensive analysis of the disaster risk reduction system for the agricultural sector in Armenia Food and Agriculture Organization of the United Nations,2022-04-29 This report aims to highlight the current strengths of the institutional DRR system for agriculture in Armenia as well as indicate existing gaps and capacity needs to further enhance it. A comprehensive assessment is conducted, which includes a general overview of the country's agricultural sector and outlines the most frequent natural hazards that are impacting the sector. It is followed by an analysis of the existing legal, policy and institutional structure and discusses various components of the system, including e.g. the functioning of early warning systems, assessments of disaster risks, post-disaster needs assessments, including damages and losses assessments and the availability of agricultural insurance for farmers. It concludes by providing recommendations for capacity building interventions to strengthen the current system to reduce the adverse impacts of natural hazards, in particular, floods, landslides and droughts, and climate change on agriculture in Armenia.
