**Sam Zabel and the Magic Pen** Dylan Horrocks,2015-01-18 Acclaimed cartoonist Dylan Horrocks returns with a long-awaited new graphic novel, the first since his perennial classic, 1998’s Hicksville. Cartoonist Sam Zabel hasn’t drawn a comic in years. Stuck in a nightmare of creative block and despair, Sam spends his days writing superhero stories for a large American comics publisher and staring at a blank piece of paper, unable to draw a single line. Then one day he finds a mysterious old comic book set on Mars and is suddenly thrown headlong into a wild, fantastic journey through centuries of comics, stories, and imaginary worlds. Accompanied by a young webcomic creator named Alice and an enigmatic schoolgirl with rocket boots and a bag full of comics, Sam goes in search of the Magic Pen, encountering sex-crazed aliens, medieval monks, pirates, pixies and — of course — cartoonists. Funny, erotic, and thoughtful, Sam Zabel and the Magic Pen explores the pleasures, dangers, and moral consequences of fantasy.

Pretending Is Lying Dominique Goblet,2017-02-07 Now in paperback, a “tender, affecting” (NYTBR) memoir unlike any other, and the first book to appear in English by the acclaimed Belgian artist Dominique Goblet. In a series of dazzling fragments—skipping through time, and from raw, slashing color to delicate black-and-white—Dominique Goblet examines the most important relationships in her life: with her partner, Guy Marc; with her daughter, Nikita; and with her parents. The result is an unnerving comedy of paternal dysfunction, an achingly ambivalent love story (with asides on Thomas Pynchon and the Beach Boys), and a searing account of childhood trauma—a dizzying, unforgettable view of a life in progress and a tour de force of the art of comics.

**Lesabéndio** Paul Scheerbart,2012 The serene and gentle amazement with which [Scheerbart] tells of the strange natural laws of other worlds . . . makes him one of those humorists who, like Lichtenberg or Jean Paul, seem never to forget that the earth is a heavenly body. --Walter Benjamin First published in German in 1913 and widely considered to be Paul Scheerbart's masterpiece, Lesabéndio is an intergalactic utopian novel that describes life on the planetoid Pallas, where rubbery suction-footed life forms with telescopic eyes smoke bubble-weed in mushroom meadows under violet skies and green stars. Amid the conveyor-belt highways and lighthouses weaving together the mountains and valleys, a visionary named Lesabéndio hatches a plan to build a 44-mile-high tower and employ architecture to connect the two halves of their double star. A cosmic ecological fable, Scheerbart's novel was admired by such architects as Bruno Taut and Walter Gropius, and such thinkers as Walter Benjamin and Gershom Scholem (whose wedding present to Benjamin was a copy of Lesabéndio). Benjamin had intended to devote the concluding section of his lost manuscript The True Politician with a discussion of the positive political possibilities embedded in Scheerbart's Asteroid Novel. As translator Christina Svendsen writes in her introduction, Lesabéndio helps us imagine an ecological politics more daring than the conservative politics of preservation, even as it reminds us that we are part of a larger galactic set of interrelationships. This volume includes Alfred Kubin's illustrations from the original German edition. Paul Scheerbart (1863-1915) was a novelist, playwright, poet, newspaper critic, draftsman, visionary, proponent of glass architecture and would-be inventor of perpetual motion, who wrote fantastical fables and interplanetary satires that were to influence Expressionist authors and the German Dada movement, and which helped found German science fiction.

**The Secrets of Ordinary Farm** Tad Williams,Deborah Beale,2012-03-29 Tyler and Lucinda have returned to a far-from-ordinary place for the summer. Shortly after Uncle Gideon declares he wants to leave the farm to Tyler and Lucinda, he goes missing, and the children suspect the evil hand of the witch-housekeeper, Mrs. Needle. But then Gideon just as mysteriously returns, weak and unwell. Mrs. Needle persuades him that the children are conspiring against him and, suddenly, horribly, the tables are turned... So begins an adventure to save the farm, involving a magnificent dragon, magic mirrors and a haunted mine.

**Poppies of Iraq** Brigitte Findakly,Lewis Trondheim,2021-04-22 A personal account of an Iraqi childhood Poppies of Iraq is Brigitte Findakly’s nuanced tender chronicle of her relationship with her homeland Iraq, co-written and drawn by her husband, the acclaimed cartoonist Lewis Trondheim. In spare and elegant detail, they share memories of her middle class childhood touching on cultural practices, the education system, Saddam

Hussein’s state control, and her family’s history as Orthodox Christians in the arab world. Poppies of Iraq is intimate and wide-ranging; the story of how one can become separated from one’s homeland and still feel intimately connected yet ultimately estranged. Signs of an oppressive regime permeate a seemingly normal life: magazines arrive edited by customs; the color red is banned after the execution of General Kassim; Baathist militiamen are publicly hanged and school kids are bussed past them to bear witness. As conditions in Mosul worsen over her childhood, Brigitte’s father is always hopeful that life in Iraq will return to being secular and prosperous. The family eventually feels compelled to move to Paris, however, where Brigitte finds herself not quite belonging to either culture. Trondheim brings to life Findakly’s memories to create a poignant family portrait that covers loss, tragedy, love, and the loneliness of exile. Poppies of Iraq has been translated from the French by Helge Dascher. Dascher has been translating graphic novels from French and German to English for over twenty years. A contributor to Drawn & Quarterly since the early days, her translations include acclaimed titles such as the Aya series by Marguerite Abouet and Clément Oubrerie, Hostage by Guy Delisle, and Beautiful Darkness by Fabien Vehlmann and Kerascoët. With a background in art history and history, she also translates books and exhibitions for museums in North America and Europe. She lives in Montreal.

**The Wandering Jew** Stefan Heym,1999 Beginning at the Beginning, Heym introduces both Ahasverus and Lucifer as angels in free fall, cast out of heaven for their opinions of God's order.
