Once the reader learns one of Chaplin’s base recipes, whether for gluten-free muffins, millet porridge, or baked marinated tempeh, the ways to adapt and customize it are endless: change the fruit depending on the season, include nuts or seeds for extra protein, or even change the dressing or flavoring to keep a diet varied. Chaplin encourages readers to seek out local and organic ingredients, stock their pantries with nutrient-rich whole food ingredients, prep ahead of time, and, most important, cook at home.

Commensality: From Everyday Food to Feast Susanne Kerner,Cynthia Chou,Morten Warmind,2015-02-26 Throughout time and in every culture, human beings have eaten together. Commensality - eating and drinking at the same table - is a fundamental social activity, which creates and cements relationships. It also sets boundaries, including or excluding people according to a set of criteria defined by the society. Particular scholarly attention has been paid to banquets and feasts, often hosted for religious, ritualistic or political purposes, but few studies have considered everyday commensality. Commensality: From Everyday Food to Feast offers an insight into this social practice in all its forms, from the most basic and mundane meals to the grandest occasions. Bringing together insights from anthropologists, archaeologists and historians, this volume offers a vast historical scope, ranging from the Late Neolithic period (6th millennium BC), through the Middle Ages, to the present day. The sixteen chapters include case studies from across the world, including the USA, Bolivia, China, Southeast Asia, Iran, Turkey, Portugal, Denmark and the UK. Connecting these diverse analyses is an understanding of commensality's role as a social and political tool, integral to the formation of personal and national identities. From first experiences of commensality in the sharing of food between a mother and child, to the inaugural dinner of the American president, this collection of essays celebrates the variety of human life and society.

I want you to close your eyes as you hold this book in your hands and understand that it is yours to create magic, to reinvent yourself in the kitchen in ways you never thought possible. It doesn’t matter if you weren’t raised in a home with skilled cooks or entrenched in healthy food traditions as I was. It doesn’t matter if you have no culinary experience at all. This book you are holding—full of recipes, knowledge, life stories, and tips I share with my own family and clients—is an extension of who I am. I hope it helps and brings you joy, too. --from the Introduction When Agatha Achindu came to the US from Cameroon, West Africa, for university, she didn’t know what to make of the aisles and aisles of canned foods in the grocery store. She started making meals with fresh ingredients for her roommate; after her first community dinner for fifty fellow students, word spread. Fast-forward thirty years: What started as small dinners and workshops teaching moms how to make nutritious meals blossomed into a career dedicated to helping families live life unprocessed, and eat flavorful, nutrient-dense foods that can help prevent chronic disease and other food-related health concerns. No matter what Agatha does, her dishes are always based on one fundamental principle she learned from her mami: You are what you eat. Throughout her career, she has shared this ethos: for each and every person--no matter their age, background, or locale--to grow and thrive without the daily aggravation and hardship (and expense!) of preventable chronic diseases. Agatha has been on an unrelenting mission to make families and communities healthier, to live a life that is bursting with vibrant energy, age gracefully and in good health. It is never too late to start eating food that will nourish our body, mind and soul. Bountiful Cooking celebrates these matrilineal culinary philosophies with 100 recipes packed with life-giving nutrients.
