

Facebook

Dan Zarrella,Alison Zarrella

Facebook Steven Levy,2020-02-25 One of the Best Technology Books of 2020—Financial Times “Levy’s all-access Facebook reflects the reputational swan dive of its subject. . . . The result is evenhanded and devastating.”—San Francisco Chronicle “[Levy’s] evenhanded conclusions are still damning.”—Reason “[He] doesn’t shy from asking the tough questions.”—The Washington Post “Reminds you the HBO show Silicon Valley did not have to reach far for its satire.”—NPR.org The definitive history, packed with untold stories, of one of America’s most controversial and powerful companies: Facebook As a college sophomore, Mark Zuckerberg created a simple website to serve as a campus social network. Today, Facebook is nearly unrecognizable from its first, modest iteration. In light of recent controversies surrounding election-influencing “fake news” accounts, the handling of its users’ personal data, and growing discontent with the actions of its founder and CEO—who has enormous power over what the world sees and says—never has a company been more central to the national conversation. Millions of words have been written about Facebook, but no one has told the complete story, documenting its ascendancy and missteps. There is no denying the power and omnipresence of Facebook in American daily life, or the imperative of this book to document the unchecked power and shocking techniques of the company, from growing at all costs to outmaneuvering its biggest rivals to acquire WhatsApp and Instagram, to developing a platform so addictive even some of its own are now beginning to realize its dangers. Based on hundreds of interviews from inside and outside Facebook, Levy’s sweeping narrative of incredible entrepreneurial success and failure digs deep into the whole story of the company that has changed the world and reaped the consequences.

The Facebook Marketing Book Dan Zarrella,Alison Zarrella,2010-12-21 How can Facebook help you promote your brand, products, and services? This book provides proven tactics that you can use right away to build your brand and engage prospective customers. With 500 million active users worldwide, Facebook offers a much larger audience than traditional media, but it's a new landscape loaded with unfamiliar challenges. The Facebook Marketing Book shows you how to make the most of the service while skirting not-so-obvious pitfalls along the way. Whether you're a marketing and PR professional, an entrepreneur, or a small business owner, you'll learn about the tools and features that will help you reach specific Facebook audiences. You'll also get an in-depth overview, with colorful and easy-to-understand introductions to Profiles, Groups, Pages, Applications, Ads, Events, and Facebook etiquette. Approach Facebook's complex environment with clear, actionable items Make sense of the social networking world Be familiar with the technologies you need for social network marketing Explore tactics for using Facebook features, functionality, and protocols Learn how to set specific campaign goals Determine which Facebook features are relevant to your campaigns Plan and execute Facebook marketing strategies Measure the results of your campaigns with key performance indicators

Facebook Me! A Guide to Socializing, Sharing, and Promoting on Facebook Dave Awl,2010-12-16 With more than 500 million active users around the world and still growing steadily, Facebook is more than just another social media site. In the words of author Dave Awl, Facebook is “the new town square”—the place where people gather to discuss the news of the day as well as share what’s going on in their lives. And Facebook can actually be a useful business tool as well as a great way to promote creative projects. So what's new in the second edition of Facebook Me? Facebook has changed dramatically since the book was first published, and this newly revised and expanded edition will bring readers up to speed on all the new features and interface elements that have been added and revamped in the time since. It addresses the ongoing controversies about Facebook's privacy policies, with detailed coverage of Facebook's privacy settings and advice for keeping your Facebook experience as secure as possible; as well as expanded info on Facebook's sharing tools and how to control who sees what. It includes a brand-new chapter called Advertising and Promoting on Facebook that shows you how to apply the principles of social media marketing specifically to Facebook's user culture, in order to maximize the ripple effect of Facebook's news feed to win new fans and customers and build stronger bonds with existing ones. Plus there's an expanded chapter on Facebook at Work – how to keep your profile professional, avoid getting in trouble, and use Facebook for job hunting. And in the etiquette department, this edition features new guidance on how to deal with conflict and avoid flame wars between Facebook friends. All in all, Facebook Me! takes you on a guided tour of everything Facebook has to offer and shows you how to get the most out of the time you spend there, while helping you avoid some of its pitfalls! Find out what you can do on Facebook, and what it can do for you. Reconnect with old friends and make new ones, let your friends know what you’re up to, and share photos or video—all while protecting your privacy. Learn Facebook etiquette: how and why to friend someone, how to socialize politely, whether you should friend your boss—and how to keep your profile looking professional if you do. Publicize your projects, business, or causes: Post to your Wall, set up a Page, organize a Group, or invite friends to Events. Discover how to use Facebook’s News Feed to connect with an audience that reaches far beyond the boundaries of your own friends list. Look for the Facebook Me! page on Facebook to connect with the author and other readers of this book!

Facebook Cookbook Jay Goldman,2008-10-23 Want to build Facebook applications that truly stand out among the thousands already available? In addition to providing easy-to-follow recipes that offer practical ways to design and build scalable applications using the Facebook Platform and its new profile design, this Cookbook also explains proven strategies for attracting users in this highly competitive environment. With plenty of examples and practical solutions, Facebook Cookbook answers some of the hardest questions Facebook application developers contend with -- including how and where to get started. This Cookbook will help you: Learn to build an application that scales to accommodate a sudden influx of users Explore changes from Facebook's old profile design to the new look and feel Take advantage of new integration points in the new profile design Get tips for designing applications with hosting and deployment costs in mind Discover which widgets and controls to use for building the most attractive user interface design Learn the differences between standard HTML, JavaScript, and SQL, and the versions used on the Facebook Platform Target large, defined groups on Facebook, including those who want to find jobs, hire employees, market a business, advertise, and more If you can build simple web applications with HTML, Facebook Cookbook will help you build applications with the potential to reach millions of users around the globe. Learn what it takes to design applications that stand above the rest.

Facebook For Dummies Carolyn Abram,2012-02-14 Facebook keeps you in touch with the important people in your life, and this book shows you how to get the most out of your Facebook experience.

Facebook Taina Bucher, 2021-04-27 Facebook has fundamentally changed how the world connects. No other company has played a greater role in the history of social networking online. Yet Facebook is no longer simply a social networking site or social media platform. Facebook is Facebook. Taina Bucher shows how Facebook has become an idea of its own: something that cannot be fully described using broader categories. Facebook has become so commonplace that most people have a conception of what it is, yet it increasingly defies categorization. If we want to understand Facebook's power in contemporary society and culture, Bucher argues, we need to start by challenging our widespread conception of what Facebook is. Tracing the development and evolution of Facebook as a social networking site, platform, infrastructure and advertising company, she invites readers to consider Facebook anew. Contrary to the belief that nobody uses Facebook anymore, Facebook has never been more powerful. This timely book is important reading for students and scholars of media and communication, as well as anyone seeking to understand the Facebook phenomenon.

The Facebook Effect David Kirkpatrick, 2010-06-08 The exclusive inside story of Facebook and how it has revolutionized the way the world uses the Internet. “A fantastic book, filled with great reporting and colorful narrative” (Walter Isaacson). In little more than half a decade, Facebook has gone from a dorm-room novelty to a company with 500 million users. It is one of the fastest growing companies in history, an essential part of the social life not only of teenagers but hundreds of millions of adults worldwide. As Facebook spreads around the globe, it creates surprising effects—even becoming instrumental in political protests from Colombia to Iran. Veteran technology reporter David Kirkpatrick had the full cooperation of Facebook's key executives in researching this fascinating history of the company and its impact on our lives. Kirkpatrick tells us how Facebook was created, why it has flourished, and where it is going next. He chronicles its successes and missteps, and gives readers the most complete assessment anywhere of founder and CEO Mark Zuckerberg, the central figure in the company's remarkable ascent. This is the Facebook story that can be found nowhere else. How did a nineteen-year-old Harvard student create a company that has transformed the Internet and how did he grow it to its current enormous size? Kirkpatrick shows how Zuckerberg steadfastly refused to compromise his vision, insistently focusing on growth over profits and preaching that Facebook must dominate (his word) communication on the Internet. In the process, he and a small group of key executives have created a company that has changed social life in the United States and elsewhere, a company that has become a ubiquitous presence in marketing, altering politics, business, and even our sense of our own identity. This is the Facebook Effect.

Facebook Marketing For Dummies John Haydon, 2013-05-21 The bestselling book updated with all of the latest features and Facebook upgrades This latest revision covers the newest Facebook tools and techniques, including how to use the Timeline for your business page and how to take advantage of third-party apps. It will also explore the psychology of the Facebook user, explain ways to build your fan base and increase brand awareness, look at how to promote your page with events and contests, and discuss ways to monitor and measure your efforts. Real-world case studies illustrate the techniques. Facebook is among the most important marketing tools for today's business or nonprofit organizations This extremely popular guidebook has been fully updated to cover Facebook's new and ever-evolving tools Shows how to create and administer the Timeline for your page, how to use events, contests, and polls to generate interest, ways to increase brand awareness, and how to integrate your Facebook marketing campaign with other marketing efforts Introduces you to the psychology of a Facebook user, shows how third-party apps can be used with your Facebook presence, and helps you focus on tried-and-true strategies and techniques Facebook Marketing For Dummies, 4th Edition is a must-read for businesses and nonprofits that want to succeed in today's social media environment.

Antisocial Media Siva Vaidhyanathan, 2018-05-15 A fully updated paperback edition that includes coverage of the key developments of the past two years, including the political controversies that swirled around Facebook with increasing intensity in the Trump era. If you wanted to build a machine that would distribute propaganda to millions of people, distract them from important issues, energize hatred and bigotry, erode social trust, undermine respectable journalism, foster doubts about science, and engage in massive surveillance all at once, you would make something a lot like Facebook. Of course, none of that was part of the plan. In this fully updated paperback edition of Antisocial Media, including a new chapter on the increasing recognition of—and reaction against—Facebook's power in the last couple of years, Siva Vaidhyanathan explains how Facebook devolved from an innocent social site hacked together by Harvard students into a force that, while it may make personal life just a little more pleasurable, makes democracy a lot more challenging. It's an account of the hubris of good intentions, a missionary spirit, and an ideology that sees computer code as the universal solvent for all human problems. And it's an indictment of how social media has fostered the deterioration of democratic culture around the world, from facilitating Russian meddling in support of Trump's election to the exploitation of the platform by murderous authoritarians in Burma and the Philippines. Both authoritative and trenchant, Antisocial Media shows how Facebook's mission went so wrong.

Facebook Marketing Chris Treadaway, Mari Smith, 2010-04-06 Develop, implement, and measure a successful Facebook marketing campaign The social networking site Facebook boasts more than 300 million users worldwide. Its ability to target users who have provided real data about themselves and their interests makes Facebook the ideal platform for marketers, and marketers everywhere recognize the importance of Facebook and are eager to successfully tap Facebook's potential. This book shows you how. Quickly get up to speed on today's Facebook conventions and demographics, and then gain an understanding of the various strategic and implementation issues you must consider from start to finish. Guides you through crafting a successful presence on Facebook and takes you through each step for developing an overall

marketing strategy Explains each step for setting realistic goals, defining metrics, developing reports, and acquiring corporate buy-in Shows how to execute your strategy while incorporating all of Facebook's relevant features Addresses Facebook's pay-per-click platform, Facebook Connect, and more Packed with tips and tactics not documented anywhere else, the book serves as the ultimate step-by-step guide to developing a winning Facebook marketing campaign.

Facebook Marketing All-in-One For Dummies® Amy Porterfield,Phyllis Khare,Andrea Vahl,2011-07-07 A detailed resource for businesses and individuals seeking to promote goods and services on Facebook Social media is the number one vehicle for online marketing, and Facebook may be the most popular site of all. Facebook marketers must consider content delivery, promotions, etiquette and privacy, creating community, applications, advertisements, the open graph, and much more. Written by social media experts, this all-in-one guide gives marketers and small-business owners all the tools they need to create successful Facebook marketing campaigns. Successful marketing campaigns today require effective use of social media, especially Facebook This guide covers understanding Facebook basics, developing a marketing plan, creating your business Facebook page, engaging your community, working with apps, advertising within Facebook, ways to connect with users, and monitoring and measuring your campaign Expert authors use plenty of examples and case studies to illustrate the techniques and how to use them Everyone with something to market on Facebook can do a better job of it with the advice in Facebook Marketing All-in-One For Dummies.

Cracking Facebook Maria Leena Korpijaakko,2015-10-30 This book presents a Facebook study on members of the Cusp Generation, or those born before the “great digital divide” of 1995. This delineation allows for a discussion on the possible socio-cultural implications of Facebook use for people of all ages. Members of the Cusp Generation are in a unique position as “part digital natives” to easily acquire and use new media technologies, while being more critically aware of the personal, social, and cultural effects that may arise from them thanks to having some memory of the pre-digital era. Drawing on identity theories rooted in critical theory and cultural studies, the author shows that there are potential constrictions on people’s agency in their Facebook use caused by consumer discourse, Facebook’s hyperreal nature and structure, psychological predispositions, and the potential for avatar attachment. In raising concerns over the impacts of technology-based communication, this book explores how the medium of Facebook extends and exacerbates processes of offline social reproduction and discusses how the positive social and political aspects of Facebook can be enhanced. The findings contribute to academic discussions in the fields of cultural studies and Education and can be applied to the development of critical media literacy for curriculum and pedagogy.

The Facebook Effect David Kirkpatrick,2010-06-08 The exclusive inside story of Facebook and how it has revolutionized the way the world uses the Internet. “A fantastic book, filled with great reporting and colorful narrative” (Walter Isaacson). In little more than half a decade, Facebook has gone from a dorm-room novelty to a company with 500 million users. It is one of the fastest growing companies in history, an essential part of the social life not only of teenagers but hundreds of millions of adults worldwide. As Facebook spreads around the globe, it creates surprising effects—even becoming instrumental in political protests from Colombia to Iran. Veteran technology reporter David Kirkpatrick had the full cooperation of Facebook’s key executives in researching this fascinating history of the company and its impact on our lives. Kirkpatrick tells us how Facebook was created, why it has flourished, and where it is going next. He chronicles its successes and missteps, and gives readers the most complete assessment anywhere of founder and CEO Mark Zuckerberg, the central figure in the company’s remarkable ascent. This is the Facebook story that can be found nowhere else. How did a nineteen-year-old Harvard student create a company that has transformed the Internet and how did he grow it to its current enormous size? Kirkpatrick shows how Zuckerberg steadfastly refused to compromise his vision, insistently focusing on growth over profits and preaching that Facebook must dominate (his word) communication on the Internet. In the process, he and a small group of key executives have created a company that has changed social life in the United States and elsewhere, a company that has become a ubiquitous presence in marketing, altering politics, business, and even our sense of our own identity. This is the Facebook Effect.

Tales from Facebook Daniel Miller,2011-04-11 Facebook is now used by nearly 500 million people throughout the world, many of whom spend several hours a day on this site. Once the preserve of youth, the largest increase in usage today is amongst the older sections of the population. Yet until now there has been no major study of the impact of these social networking sites upon the lives of their users. This book demonstrates that it can be profound. The tales in this book reveal how Facebook can become the means by which people find and cultivate relationships, but can also be instrumental in breaking up marriage. They reveal how Facebook can bring back the lives of people isolated in their homes by illness or age, by shyness or failure, but equally Facebook can devastate privacy and create scandal. We discover why some people believe that the truth of another person lies more in what you see online than face-to-face. We also see how Facebook has become a vehicle for business, the church, sex and memorialisation. After a century in which we have assumed social networking and community to be in decline, Facebook has suddenly hugely expanded our social relationships, challenging the central assumptions of social science. It demonstrates one of the main tenets of anthropology - that individuals have always been social networking sites. This book examines in detail how Facebook transforms the lives of particular individuals, but it also presents a general theory of Facebook as culture and considers the likely consequences of social networking in the future.

Facebook for Grown-Ups Michael Miller,2010-09-29 Facebook started out as a social network for high school and college kids. But now grown-ups like you are getting connected, too—even if you use Facebook much differently than your kids do. If you’re a grown-up looking to join the Facebook bandwagon, Facebook for Grown-Ups is just the guide you need. You’ll learn how to use Facebook to reconnect with old friends and family members and keep them up-to-date on what’s happening in your life. Facebook for Grown-Ups shows you how to open a Facebook account, find new friends, post status updates, and share family photos and videos. You’ll learn how to become a fan of your favorite performers, join a business network, and create your own topic-specific groups. And if you’re worried about privacy, Facebook for Grown-Ups shows you how to keep your personal information from becoming public knowledge. You’ll even learn how to keep track of what your kids are doing on Facebook—without them knowing it. Read this book to discover how grown-ups can take advantage of everything Facebook has to offer. It’s not just for kids anymore!
