Highway 61 Jessica Lange,2019-10-01 A personal journey made on one of America's most historic and defining routes-Highway 61-by one of Hollywood's finest, most gifted talents--Jessica Lange. These photographs are a chronicle of what remains and what has disappeared. It has a long memory, Highway 61. - Jessica Lange Renowned actress and photographer Jessica Lange was raised in Northern Minnesota and has travelled the length of Highway 61 countless times since her childhood and throughout her life. This storied route originates at the Canadian border in Minnesota and runs along the great Mississippi river through the American Midwest and South, rolling through eight states, down to New Orleans. With more than 80 stunning tritone photographs, Lange's Highway 61 reveals her deep connection to this iconic route, and presents that which she has long held dear along its way. This is a tale of our shared national heritage as seen by one of the most talented artists of her generation.

Demosthenes, Speeches 60 and 61, Prologues, Letters ,2009-03-16 This is the tenth volume in the Oratory of Classical Greece. This series presents all of the surviving speeches from the late fifth and fourth centuries BC in new translations prepared by classical scholars who are at the forefront of the discipline. These translations are especially designed for the needs and interests of today's undergraduates, Greekless scholars in other disciplines, and the general public. Classical oratory is an invaluable resource for the study of ancient Greek life and culture. The speeches offer evidence on Greek moral views, social and economic conditions, political and social ideology, law and legal procedure, and other aspects of Athenian culture that have recently been attracting particular interest: women and family life, slavery, and religion, to name just a few. Demosthenes is regarded as the greatest orator of classical antiquity. This volume contains his Funeral Oration (Speech 60) for those who died in the Battle of Chaeronea in 338 BC, in which Philip of Macedonia secured his dominance over Greece, as well as the so-called Erotic Essay (Speech 61), a rhetorical exercise in which the speaker eulogizes the youth Epicrates for his looks and physical prowess and encourages him to study philosophy in order to become a virtuous and morally upright citizen. The volume also includes fifty-six prologues (the openings to political speeches to the Athenian Assembly) and six letters apparently written during the orator's exile from Athens. Because so little literature survives from the 330s and 320s BC, these works provide valuable insights into Athenian culture and politics of that era.
