This compilation of projects from String Figure Magazine presents easy-to-follow photographs and simple, step-by-step directions for creating more than two dozen captivating string figures that can jump, flip, and perform other tricks. **String Games from Around the World** Anne Akers Johnson, 1995 Complete, super clear instructions and all you need to bring is ten fingers.

**The Little Penis: A Finger Puppet Parody Book** Craig Yoe, 2013-01-08 Meet Little Penis, the cute dinky winky you bring to life when you put your finger in the

puppet in this delightfully crass and hilarious parody board book for adults. This board book parodies children's finger puppet books with its bold colors and simple illustrations, but this book is not for children! Instead, put your finger in the hole in the back of the book, and follow the adventures of Little Penis as he goes swimming (poor shrinking Penis!); gets out of bed early, so big and tall; gets a gentle kiss and hug (along with a good hard tug); head to a bar, gets drunk, and hooks up; and more—getting bigger and bigger with the turn of each page. Sometimes he's up and sometimes he's down, but there's a happy ending as he finds his snug, warm place called home!

*Cat's Cradle* Anne Akers Johnson, 1993 In today's high tech world, people have completely forgotten how to make The Cup and Saucer, The Witch's Broom, and Jacob's Ladder. Thank goodness for *Cat's Cradle*. This book's simple instructions and ultra-clear instructional art are foolproof.

The Strange Case of Origami Yoda (Origami Yoda #1) Tom Angleberger, 2012-08-07 In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy

assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of Star Wars: Return of the Jedi: Beware the Power of the Dark Side, and hailed by School Library Journal as “honest, funny, and immensely entertaining.” F&P Level: T F&P Genre: RF

*The Middle Finger Project* Ash Ambirge, 2020-02-11 Fresh, funny, and fearless, *The Middle Finger Project* is a point-by-point primer on how to get unstuck, slay imposter syndrome, trust in your own worth and ability, and become a strong, capable, wonderful, weird, brilliant, ballsy, unfuckwithable YOU. Don't worry, this isn't a book about God, nor is it a book about Ryan Gosling (second in command). But it is a book about authority and becoming your own. --Ash Ambirge After a string of dead-end jobs and a death in the family, Ash Ambirge was down to her last \$26 and sleeping in a Kmart parking lot when she faced the truth: No one was coming to her rescue. It was up to her to appoint herself. That night led to what eventually became a six-figure freelance career as a sought-after marketing and copywriting consultant, all while sipping coffee from her front porch in Costa Rica. She then launched *The Middle Finger Project*, a blog and online course hub, which has provided tens of thousands of young women who disobey with the tools and mindset to give everyone else's expectations the finger and get on your own path to happiness, wealth, independence, and adventure. In her first book, Ash draws on her unconventional personal story to offer a fun, bracing, and occasionally potty-mouthed manifesto for the transformative power of radical self-reliance. Employing the signature wit and wordsmithing she's used to build an avid following, she offers paradigm-

shifting advice along the lines of: • The best feeling in the world is knowing who you are and what you're capable of doing. • Life circumstances are not life sentences. If a Scranton girl who grew up in a trailer park can make it, so can you. • What you believe about yourself will either murder your chances or save your life. So why not believe something good? • You don't need a high-ranking job title to be authorized to contribute. You just need to contribute. • Be your own authority. Authority only works as long as you trust that someone smarter than you is making the rules. • The way you become a force is by being the most radically real version of yourself that you can be. • You only have 12 fucks a day to give, so use them wisely.

The Funny Fingers are Having a Party! Nikalas Catlow, Matthew Morgan, David Sinden, 2014-10-15 In their second adventure, the Funny Finger family hosts a fantastic party for all of their friends. An oddball family of digits, the Funny Fingers find joy and humour in everything around them. Even when their miserable neighbours, the Terrible Toes, try to spoil their fun, the Funny Fingers manage to turn mishap into an exciting adventure.
