**PhDeath** James Carse,2016-11-01 (Book). PhDeath is a fast-paced thriller set in a major university in a major city on a square. The faculty finds itself in deadly intellectual combat with the anonymous Puzzler. Along with teams of US Military Intelligence and the city's top detective and aided by the Puzzle Master of The New York Times , their collective brains are no match for the Puzzler's perverse talents. Carse, Emeritus Professor himself at a premier university in a major city on a square shows no mercy in his creation of the seemingly omniscient Puzzler, who through a sequence of atrocities beginning and ending with the academic year, turns up one hidden pocket of moral rot after another: flawed research, unabashed venality, ideological rigidity, pornographic obsessions, undue political and corporate influence, subtle schemes of blackmail, the penetration of national and foreign intelligence agencies, brazen violation of copyrights, even the production and sale of addictive drugs.

One Conrad Williams,2009-04-02 This is the United Kingdom, but it's no country you know. No place you ever want to see, even in the howling, shuttered madness of your worst dreams. You survived. One man. You walk because you have to. You have no choice. At the end of this molten road, running along the spine of a burned, battered country, your little boy is either alive or dead. You have to know. You have to find an end to it all. One hope. The sky crawls with venomous cloud and burning red rain. The land is a scorched sprawl of rubble and corpses. Rats have risen from the depths to gorge on the carrion. A glittering dust coats everything and it hides a terrible secret. New horrors are taking root. You walk on. One chance.
