Let It Rip! Amy Nystrom, 2020-12-09 Let It Rip! The Art of the Fart takes children readers as travelers around the world, under the sea, and up into space, teaching about gas everywhere, including gas and individual beings. Through our host, Fluff the Fart, we come to understand that farting makes us a part of everything; we learn how gas has an impact on climate change; we even learn how to say fart in different languages! Let It Rip! The Art of the Fart is chock full of relatable kids--every reader will identify with at least one! Delightful characters entertain and educate young (and old) kids about Fartiquette--the etiquette of farting--as if it is no big deal; and teach us the most important rule of all, which is: Always remember to say 'Excuse me!' Let It Rip! The Art of the Fart is a charmingly illustrated children's survival manual with specific advice on how to deal with farting, AND how to transform fart-based isolation, rejection, and shame into everyday life skills. Accompanied by expressive illustrations, this journey turns one of the (formerly) most dreaded bodily functions, The Fart, into a well-timed, normal, and acceptable behavior. Let It Rip! The Art of the Fart is a must-read for anyone who farts. Back of Book People. Animals. Machines. Planets. What do these things have in common? They all fart! Let It Rip! travels around the world, under the sea, and up into space, teaching young readers about gas in relation to our diets and to climate change, and even how to fart in different languages. Learn about fartiquette--the etiquette of farting like it's no big deal--including the most important rule of all . . . Don't forget to say Excuse me!

**Like Farts in a Whirlwind** Tony Farley, 2010-08 When I was growing up, Sesame Street had only made it to the letter, C. There were no purple dinosaurs on television either. The only prehistoric creatures we got to watch on the two channels we received were the ones that were chasing Raquel Welch around while she was dressed in that skimpy animal-hide costume of hers. Don't think that I'm complaining about this. Trust me, watching Raquel was far more educational. Our television choices were limited, and there were no personal computers or video games back then either. For years, I thought a joy stick was the switch that brought a big smile to my mother's face every time she used it to wear out my rear-end. Like Farts in a Whirlwind is a humorous look back at some of the things that made my mother have to grab that switch. This book is not a nostalgic walk down memory lane. It's more like trampling through the flower beds of my mind. Every time I tell someone about the things we did in Vienna, I always receive the same three responses. First, I get a look of total bewilderment, which is followed by three or four vigorous head shakes, and then I hear, You should write a book about that Well, that's what I've done, and I hope you have as much fun reading these stories as I had living and writing them. Tony Farley is a life-long resident of the Vienna area. He is a graduate of Louisiana Tech University, and the owner of Vienna Motors, which sits at the epicenter of most of the stories in his book.

Once Upon A Time in the Past Earnest "Tex" Sims Sr., 2010-06-29 In three books I tried to capture all aspects of the Old West--the rowdy towns, saloons, prostitutes, homesteaders, cattle ranchers, cattle rustlers, cattle drives, stampedes, canvas-covered wagons, wagon trains, wild horses, cowboys, Indians, miners and prospectors, fur traders, claimjumpers, sheriffs, outlaws, gunfighters, railroads and trains, stagecoaches, banks and holdups, love, life, and death--when I wrote the trilogy of "Once Upon A Time In The Past". Book One of Once Upon A Time in the Past, subtitled "The Sons Of Sam Logan"--involves four young boys, Chance William, Burt Wiley, Peter Wallace and Jesse Lee "Boots" Logan, a black youth who adopts the Logan name, who grows up and become outlaws--opens circa 1890 in Payton, Kansas: Rancher Clay Miller sat behind his desk staring at four miniature porcelain horses: a black and white piebald; black, white-rump appaloosa; golden palomino with a white blazed face; and a black stallion with a diamond-shaped white dot on its forehead. The rancher's eyes then stared down at a necklace made with pure gold nuggets wedged together on a long string of rawhide-leather with a black, genuine Indian arrowhead at the end. He reached down and picked the necklace up. A shadow of sudden gloominess crossed his face as he gazed at the necklace. A finger fiddled unconsciously with the arrowhead dangling at the end of it, as he held the necklace in his hands, staring into space. The necklace brought back memories of the past--good times and bad times. His thoughts wiggled and wagged as his recollections took him back into time long before he was a man:
