Some of My Favorite People are Elephants Charles B. Roegiers, 2023-07-21
Some of My Favorite People Are Elephants is a collection of short stories chronicling the author's four years spent traveling with a traditional American circus in the mid-1980s--first as a musician, then (quite unintentionally) as an acrobat and flying trapeze artist. Each short story

playfully hints at a life lesson learned by a carefree young man on his unusual journey to adulthood.

The Best People Alexander Nazaryan,2019-06-18 An engrossing look at the Trump cabinet: the scandals, the incompetence, the assault on the federal government, the bungled attempts to impose order on an administration lost in a chaos of its own making. Donald Trump promised a return to national greatness, but each day of his presidency seems to bring a new crisis, a deepening sense of national unease. Why, and how, has he failed his supporters? And how has he, on occasion, bested his detractors? *The Best*

People takes complete measure of the Trump administration, to grasp with clarity the president and his intentions, and how those intentions are being carried out-or subverted-by the people he has hired. Alexander Nazaryan argues that the assault on the administrative state promised by Steve Bannon in early 2017 never came. What the American people got instead was Wilbur Ross hauling his tennis pro to confirmation hearing preparations; Scott Pruitt running away from rattlesnakes; Reince Priebus enduring insults from junior White House staffers. And yet, bungling as Trump's cabinet members have been, they have managed to either damage or arrest many of the gears that make government run. They have given away public lands to oil companies and allowed corporate lobbyists to make decisions about what is best for the American people, and have done it all while flying on private jets and dining at the finest restaurants, at taxpayers' expense. Meticulously reported and enthrallingly told, *The Best People* takes readers inside the federal government under Trump's control, a government assailed by the very people charged to lead it, a government awash in confusion and corruption.

Leader Sinks Ship Vishal Kulshrestha, Siddharth Gaur, 2021-04-13 When someone raised a question on Thomas Edison's capabilities that after doing a tremendous amount of work he is not able to bring any result. Edison responded, with a smile, I have gotten a lot of results! I know several thousand things that won't work. Unfortunately talking about failures is taboo in our society. In reality, failure is a stepping stone to success, and it creates an opportunity to learn, grow and evolve. In Leadership, failure is very common and every other aspirant leader knows they have to pass

through failures to become a successful leader. But do you think every aspirant leader has to pay a price to learn from failures? The answer is NO. We have compiled the 12 interesting failure stories with powerful lessons learned after talking to hundreds of aspirant leaders across industries. These stories are eye-opener and myth breaker that many of the practices as a leader you were doing so far are the real bottleneck to establish you as a true and great leader. It will help leaders substantially reduce their chances of sinking to the bottom.
