The Evolved Nest Darcia Narvaez, PhD, G. A. Bradshaw, PhD, 2023-08-08 A fascinating look into nurturing and parenting in the natural world, supplemented with original illustrations For readers of *Becoming Animal* and *World of Wonders* A beautiful resource for Nature advocates, parents-to-be, Animal lovers, and anyone who seeks to restore wellbeing on our planet, *The Evolved Nest* reconnects us to lessons from the Animal world and shows us how to restore wellness in our families, communities, and lives. Each of 10 chapters explores a different animal's parenting model, sharing species-specific adaptations that allow each to thrive in their "evolved nests." You'll learn: How Wolves build an internal moral compass How Beavers foster a spirit of play in their children How Octopuses develop emotional and social intelligence How, when, and whether (or not) Brown Bears decide to have children What their lessons can teach you—whether you're a parent, grandparent, caregiver, or childfree Psychologists Drs. Darcia Narvaez and Gay Bradshaw show us how each evolved nest offers inspiration for reexamining our own systems of nurturing, understanding, and caring for our young and each other. Alongside beautiful illustrations, stunning scientific facts, and lessons in neuroscience, psychology, and evolutionary biology, we learn to care deeper: to restore our innate place within the natural world and fight for an ecology of life that supports our flourishing in balance with Nature alongside our human and non-human family.

Nest Jennifer McGuire, 2021-05-08 At 46, Jen McGuire made good on a daydream. A little whisper of something that had sustained her through 25 years of raising four boys alone. She would sit in a broken down car in the school line up and think, Europe. Pick nits out of her kids' hair, then her own afterwards and think, Alone. Move from one rental home to another, and another, and think, Someday. Someday she could go places. Beyond No Frills. Beyond the schoolyard. Beyond the park and the laundromat. Someday

Italy. Someday France. Someday, maybe even Ireland. When her nest emptied, she did it. Armed with just enough money to rent a studio apartment, her laptop for remote work, and two fancy dresses she will never wear, she flew the coop and spent four months alone. For the first time ever, completely alone. And lost. And found. And lost again. And she saw a monkey. In Ireland. Read on.

The Nest Kenneth Oppel, 2015-09-29 Kenneth Oppel's most haunting story yet . . . She was very blurry, not at all human looking. There were huge dark eyes, and a kind of mane made of light, and when she spoke, I couldn't see a mouth moving, but I felt her words, like a breeze against my face, and I understood her completely. We've come because of the baby, she said. We've come to help. In this beautiful, menacing novel, perfect for fans of Neil Gaiman's *Coraline*, an anxious boy becomes convinced that angels will save his sick baby brother. But these are creatures of a very different kind, and their plan for the baby has a twist. Layer by layer, he

unravels the truth about his new friends as the time remaining to save his brother ticks down. With evocative and disquieting illustrations by Caldecott Medal- and Governor General's Award-winning artist Jon Klassen, *The Nest* is an unforgettable journey into one boy's deepest insecurities and darkest fears.

The Nest Cynthia D'Aprix Sweeney, 2016-03-22 A warm, funny and acutely perceptive debut novel about four adult siblings and the fate of the shared inheritance that has shaped their choices and their lives. Every family has its problems. But even among the most troubled, the Plumb family stands out as spectacularly dysfunctional. Years of simmering tensions finally reach a breaking point on an unseasonably cold afternoon in New York City as Melody, Beatrice, and Jack Plumb gather to confront their charismatic and reckless older brother, Leo, freshly released from rehab. Months earlier, an inebriated Leo got behind the wheel of a car with a nineteen-year-old waitress as his passenger. The ensuing accident has endangered the Plumbs' joint trust fund, "The Nest," which they are months away from finally receiving. Meant by their deceased father to be a modest mid-life supplement, the Plumb siblings have watched *The Nest's* value soar along with the stock market and have been counting on the money to solve a number of self-inflicted problems. Melody, a wife and mother in an upscale suburb, has an unwieldy mortgage and looming college tuition for her twin teenage daughters. Jack, an antiques dealer, has secretly borrowed against the beach cottage he shares with his husband, Walker, to keep his store open. And Bea, a once-promising short-story writer, just can't seem to finish her overdue novel. Can Leo rescue his siblings and, by extension, the people they love? Or will everyone need to reimagine the futures they've envisioned? Brought together as never before, Leo, Melody, Jack, and Beatrice must grapple with old resentments, present-day truths, and the significant emotional and

financial toll of the accident, as well as finally acknowledge the choices they have made in their own lives. This is a story about the power of family, the possibilities of friendship, the ways we depend upon one another and the ways we let one another down. In this tender, entertaining, and deftly written debut, Cynthia D'Aprix Sweeney brings a remarkable cast of characters to life to illuminate what money does to relationships, what happens to our ambitions over the course of time, and the fraught yet unbreakable ties we share with those we love.

Surrounded by sandy beaches, fresh air and wildlife, Chirp is free to roam as she pleases.
