Two Finger Fantasy for String Orchestra - Score ,2000-09

Beyond the Art of Finger Dexterity David Gramit,2008 Carl Czerny was a highly successful composer of popular piano music, and his pedagogical works remain fundamental to the training of pianists. But Czerny's reputation in these areas has obscured the remarkable breadth of his activity, and especially his work as a composer of serious music. This collection aims to address this.

A Pinstriped Finger's My Only Friend Robert Jeschonek,2013-07-16 Judd the popular 17-year-old jock has it all figured out. He's the star of his school, the top of the heap...but then the world starts changing around him and won't stop. Without explanation, everyone turns into purple furies...then gas-blasting puffballs...then neurotic lizards. Every time Judd falls asleep, he wakes up in a new and crazier world--a world of godlike super-teens, teenage serial killers, duck people, nudists, monsters, and more. It's like a twisted video game without rhyme or reason. The rules never stop changing, and the only thing he can depend on is his talking pinky finger with a major attitude. Together, he and Pinkerton (the finger prefers the name Killdigit!) fight through the parade of crazy realities, seeking a way to get back to normal. But what if normal just isn't an option anymore? Don't miss this wild fantasy by the award-winning author of *My Favorite Band Does Not Exist*, which won the Forward National Literature Award and was named a Top Ten First Novel for Youth by Booklist. Reviews Robert Jeschonek is the literary love child of Tim Burton and Neil Gaiman. His fiction is cutting edge, original, and pulsing with dark and fantastical life. – Adrian Phoenix, critically acclaimed author of *The Maker's Song* series and *Black Dust Mambo* Robert Jeschonek is a towering talent. – Mike Resnick, Hugo and Nebula Award-winning author Jeschonek's stories are delightfully insane, a pleasure to read... – Fabio Fernandes, Fantasy Book Critic

More Than Life Bethanie Finger,2024-02-13 A gripping story of overcoming grief, self-realization, and embarking on the adventure of a lifetime. As the daughter of a high-ranking sea captain, nineteen-year-old Cordelia Kimbal lives a life of luxury in the sea faring kingdom of Mikiria. But when her

father dies unexpectedly, she is stripped of her title and home, and forced to join the working class in order to survive. Determined to rise above her losses, Cordelia is eager to prove her worth and stand on her own. But four months after her father's passing, a mysterious letter arrives containing the secret location of the mythical island of Qualaris. Known for concealing the secrets of magic and eternal life, Qualaris is often dismissed as mere legend, but Jasper, Cordelia's father's enigmatic apprentice, is convinced of its existence and is harboring its secrets-secrets that the dark enchanter, Janus would stop at nothing to obtain. For generations, Jasper and his ancestors have pursued the discovery and rescue of Qualaris while battling a curse of nonexistence, and he believes that Cordelia is the island's true protector, the only one who can save it and its people from Janus's impending threat. Faced with the daunting task of defending Qualaris and its people, Cordelia embarks on a quest to locate the island, embrace her birthright, and take on the darkest enchanter in history. If she doesn't, the island and its people won't be the only casualties of Janus's war.

Sleight of Hand Peter S. Beagle, 2011 Collects a series of imaginative fantasy tales including a battle between author and a dragon, a story featuring the children of a Shark God and a bereaved women who sacrifices herself to change one terrible moment. By the author of *Return*. Original.

Subsect J. F. Armstrong, 2002-10-01 Armstrong has captured the setting with an eloquent style where locals and visitors alike feel at home. There are history lessons, lore, and symbolism with gruesome underpinnings. The *Chronicle Express* SUB\$ECT Mock vampires are overdosing on a mysterious new drug, and Sandy Rivet is the first to accidentally stumble across a pack of these poisoned bloodsuckers. As the body count rises, panic spreads over the Finger Lakes like flesh on bone. Once again, the Bates County Legislature hires the Jimi Miami Secret Detective Agency to flush out the drug dealers who have polluted the pristine Finger Lakes with killer narcotics, plunging Jimmy Raid, Sandy Rivet and Deepray Johnson down a path overflowing with bad blood, crazed Goths and an underwater mass grave. At the same time, the trio must track down a mansion full of missing furniture and an ex-boyfriend all belonging to one of the richest, craziest women ever to bathe in Seneca Lake. Careening to the center of the Earth, searching for answers, the private eyes uncover a brutal conspiracy bubbling below the surface, which threatens to taint the entire Finger Lakes Region. Unraveling this tapestry of pure evil leads the sleuths from a flock of dead vampires, through a blood-drenched dance crawling with spiders and finally into a piece of Paradise inhabited by the vilest of night creatures. Dripping with suspense while simmering with laughter, SUB\$ECT paints a grisly portrait and submerges the reader in a mind-twisting mystery.

More Than Legend Bethanie Finger, 2024-03-12 The second novel in the gripping *More Than Life* trilogy. A cursed man. A stolen life. A legend worth chasing... Malevolent sorcerer, Janus, has clung to life for centuries, fueled by an insatiable thirst for magic. With his Sidons, half-fish minions bound to his command, Janus is determined to unlock the secret whereabouts of a powerful island discovered millennia ago. His only obstacle is Jasper Marlow, his last living descendant and a man armed with generations of knowledge and an unwavering resolve. After a cursed life of anonymity, a powerful talisman offered Jasper a life of remembrance-and led him to his soulfate, Cordelia Kimbal. For generations, the Marlow family has sought

Qualaris, the elusive island that promises to break their curse. Yet, as Jaspar and Cordelia embark on a perilous journey, they question if Qualaris is a tangible reality-or merely legend. Having lost her father and her noble status, Cordelia sets out on a daring adventure to help Jaspar, and reconnect with a mother she never knew. But when Jaspar loses his most valuable asset, will Cordelia be able to fight Janus and the Sidons alone-or will she perish like the many who have come before her? Against a backdrop of myth, magic, and friendship, an enchanting tale of adventure is woven into an eternal quest for the greatest mystery of all time, where legends come to life, and destinies are shaped by the choices made in the pursuit of power.

The Fantasy Writer's Assistant Jeffrey Ford, 2015-06-09 The World Fantasy Award-winning collection from the architect of the Well-Built City Trilogy No matter how far into the realms of space and fantasy Jeffrey Ford's stories may venture, they have one trait in common: They're grounded in the universal. *The Fantasy Writer's Assistant*, Ford's debut collection, is no exception. "Creation," which received the World Fantasy Award for Best Short Story and a nomination for a Nebula Award, relates a boy's attempts to animate a man made of sticks and pebbles. Even as the creature's life fades along with the summer, its loneliness and yearning for contact are palpable. Other blends of the worldly and otherworldly are evident in "Bright Morning," in which a man searches far and wide for a cursed Kafka book, and "At Reparata," when the grief of a king over the death of his queen takes the form of a destructive moth that could overtake the entire kingdom. *The Fantasy Writer's Assistant*, its titular story another Nebula Award finalist, reveals Jeffrey Ford at his creative best.

A Finger Pointing to the Moon Fredrik Snell, 2016-07-31 Awakening doesn't demand anything. You don't have to do anything, make yourself worthy, or be someone special. You only need to be. You are already. You just have to see that it is so. To experience peace as your natural condition is not fantasy. The fantasy is the veil that covers this truth. More than that, this first fantasy spawns another fantasy that takes us even further away from anything real at all. It is this fantasy of the fantasy that is the reality of most people. Most of us actually experience life several steps away from what is. Do these words speak to you? Can you feel a drive inside to check to see if the experience of inner peace as your natural condition is possible? Does the idea that the isness of this world is covered from your eyes wake some sort of recognition? Then join me on a little journey through different perspectives to see whether it is possible to wake up to something else.

Forging a Nightmare Patricia A. Jackson, 2021-11-23 FBI agent Michael Childs is tasked with tracking down a serial killer with an obsession for victims born with twelve fingers and toes. But he discovers something much more startling about himself... The only link between a series of grisly murders in New York City is that the victims were all born with twelve fingers and twelve toes. These people are known in occult circles as the Nephilim, a forsaken people, descendants of fallen angels. After a break in the case

leads to supposedly killed-in-action Marine sniper Anaba Raines, Michael finds the soldier alive and well, but shockingly no longer human. Michael then discovers that he is also a Nephilim, and next on the killer's list. Everything Michael once thought of as myth and magic starts to blur the lines of his reality, forcing him to accept a new fate to save the innocent, or die trying. Modern Fantasy: The 100 Best Novels David Pringle, 2014-09-30 Pringle presents his selections in chronological order and includes a synopsis of the story, a discussion of the author's overall contribution to fantasy literature, critical commentary on the title's significance, and a brief publishing history. An introductory essay tackles the difficulty of defining fantasy, while a Brief Bibliography directs readers to other discussions of the genre. By no means a definitive subject guide, this entertaining volume should serve as a solid introduction to the elusive field of imaginative literature.

A Finger of Land on an Old Man's Hand Earl Vincent de Berge, 2022-09-21 Chronicles in words and photographs the 1962-64 adventures of young men inspired by naturalist Joseph Wood Krutch's book, "The Forgotten Peninsula," about Baja California (1961). Then a sparsely populated raw wilderness, Baja proved a formidable challenge to men and equipment within its mountainous, sometimes lush, sometimes barren, desert environments, spectacular geology and complex ecologies bracketed by oceans. They enjoyed encounters with wild animals; found bountiful places to hunt and fish; met frontier families of the kindest sort; experienced Pacific storms, and love in a frontier village; met gold prospectors, hermits and one-of-a-kind characters. They encountered brigands and fools; had life-threatening events; found gold nuggets and rescued lost team members. Plant photography was among the author's interests, only partially foiled by wind-blown sand fouling his camera lens. Most important, they learned about themselves and their relations with nature and God -- finding their own answers or clarifying what they hoped to better understand. Major contributions to this book were provided by Earl's life-long friend Mark Winheld.
