Maggie McNair Get Your Finger Out of There Sheila

Booth-Alberstadt,2021-08-09 As much as we don't like to talk about it, many kids simply have a habit of biting their fingernails, picking their nose and yes, let's face it, eating their boogers. In this entertaining and illustrative story, children will be giggling on every page as Maggie McNair learns yet another life lesson...the importance of washing her hands (often) and keeping her fingers out of her nose. Maggie McNair, like many other children, tends to pick her nose and, yes, eat her boogers. She is fascinated by its ooey-goeyness and doesn't even realize-she's eating them. In fact, this nasty habit has become hard for her to break. Then, one day Maggie finds herself at the doctor's office with a really bad sore throat. Dr. Sam shows Maggie through his super-duper, scientific microscope, just exactly what she's been eating, and reminds her of all the things her hands touch throughout the day. Maggie learns a very healthy hygiene lesson once again in this fourth installment of the Maggie McNair series. Kids will love the humorous story filled with fun illustrations and entertaining rhyme. And...if you have a nose picker, it may solve that problem, too.

The Old Place Bobby Finger,2023-08-29 A bighearted and moving debut about a wry retired schoolteacher whose decade-old secret threatens to come to light and send shockwaves through her small Texas town. Billington, Texas, is a place where nothing changes. Well, almost nothing. For the first time in nearly four decades, Mary Alice Roth is not getting ready for the first day of school at Billington High. A few months into her retirement—or, district mandated exile as she calls it—Mary Alice does not know how to fill her days. The annual picnic is coming up, but that isn't nearly enough since the menu never changes and she had the roles mentally assigned weeks ago. At least there's Ellie, who stops by each morning for coffee and whose reemergence in Mary Alice's life is the one thing soothing the sting of retirement. Mary Alice and Ellie were a pair since the day Ellie moved in next door.

That they both were single mothers—Mary Alice widowed, Ellie divorced—with sons the same age was a pleasant coincidence, but they were forever linked when they lost the boys, one right after the other. Years later, the two are working their way back to a comfortable friendship. But when Mary Alice’s sister arrives on her doorstep with a staggering piece of news, it jeopardizes the careful shell she’s built around her life. The whole of her friendship with Ellie is put at risk, the fabric of a place as steadfast as Billington is questioned, and the unflappable, knotty fixture that is Mary Alice Roth might have to change after all.

Maggie McNair, Get Your Finger Out of There! Sheila Booth-Alberstadt, SBA Books, 2020-05-15 As much as we don't like to talk about it, many kids simply have a habit of biting their fingernails, picking their noses, and--yes, let's face it--EATING THEIR BOOGERS. In this entertaining and humorously disgusting story, children will be giggling on every page as Maggie McNair learns yet another life lesson...the importance of washing her hands (often!) and keeping her fingers out of her nose.

Hand, Hand, Fingers, Thumb Al Perkins, 2016-09-06 Illus. in full color. A madcap band of dancing, prancing monkeys explain hands, fingers, and thumbs to beginning readers.

Pull Your Finger Out Craig Harper, 2013-04-24 What do you want to change today? Want to stop wasting your time, talent and opportunities? Want to break the cycle of almost, but never quite, getting things done? Want to take control of your career, your body and your life? Want to overcome your fears and succeed in your goals? Want to stop making and breaking the same promises? Craig Harper is here to tell you how. He presents 101 no-nonsense, straight-talking ways to help you get the most out of yourself - from breaking habits and getting motivated to developing self-knowledge and learning when to say no. Drawing on his vast experience as a motivational speaker, AFL conditioning coach, educator, corporate consultant and presenter, Craig offers practical, personal and effective advice that will set you on the

road to realising your potential. The self-help book for people who hate self-help.

The Finger Ratio John Manning, 2009 SCIENCE: GENERAL ISSUES. What could fingers and sex possibly have in common? What does the shape of a child's fingers reveal about future musical talent? And why should professional footballers have longer fingers than other men? This book is about a simple measurement of the human hand: the 'finger ratio', or the length of the ring finger relative to the index finger. John Manning uses a tiny difference between the sexes - that men tend to have a greater finger ratio than women - to examine a dizzying group of questions about human behaviour, from sexuality, to musical ability, to predisposition to disease. Provocative, intriguing and balanced, John Manning's cutting-edge research poses many fruitful and unusual questions about what makes us as we are.

Taro Gomi's Play All Day Taro Gomi, 2010-09-01 Taro Gomi invites children to punch out more than 60 fantastic playthings, including ring-toss games, finger puppets, boxes, picture frames, a zoo's worth of animals, and more! Packed with Gomi's fun, accessible artwork and a delightful variety of games and toys, this book will appeal to children of all ages, engaging their imaginations and entertaining them all day long.

The Crayons: A Set of Books and Finger Puppets Drew Daywalt, 2018-10-16 This adorable set of two board book editions of Daywalt and Jeffers' bestselling *The Day the Crayons Quit* and *The Day the Crayons Came Home* and two finger puppets gives young readers an exciting new way to engage with these colorful characters. Full color. Consumable.

The Fifth Finger Dave Hendrix, 2016-08-05 Bethany winks at Ronny and continues to scan her groceries. He looks like he's trying to get out of here as quickly as we are. She lifts a bag to her cart and asks quietly, Is he looking at you now? No, now he's looking at you. Michael Sure is sure of everything. His career is on the rise, family safe, and happiness always within arm's reach. The

control he craves is intoxicating. Doyen, a cult leader, has grown weary of hiding. He brings with him a message, and after that a punishment. While his next trip into town just might be the undoing of a family, it is a critical step towards fulfilling the divine destiny he embraces. Both men will be forced to deal with the stain of cruelty. How much can one person receive before they no longer remember the way home? How much can one person give out before they no longer recognize themselves? THE FIFTH FINGER is a thrilling story about surviving each day in the rift that is created when the light and dark of life meet - freedom and manipulation, sun and storm, family and followers, love and loss. The uncomfortable feeling of being watched mixed with a fragile hope that the barely recognizable pieces of a shattered family will fit together again. What would you do to keep the people you love safe? How far would you go to get them back?

The Middle Finger Project Ash Ambirge, 2020-02-11 Fresh, funny, and fearless, The Middle Finger Project is a point-by-point primer on how to get unstuck, slay imposter syndrome, trust in your own worth and ability, and become a strong, capable, wonderful, weird, brilliant, ballsy, unfuckwithable YOU. Don't worry, this isn't a book about God, nor is it a book about Ryan Gosling (second in command). But it is a book about authority and becoming your own. --Ash Ambirge After a string of dead-end jobs and a death in the family, Ash Ambirge was down to her last \$26 and sleeping in a Kmart parking lot when she faced the truth: No one was coming to her rescue. It was up to her to appoint herself. That night led to what eventually became a six-figure freelance career as a sought-after marketing and copywriting consultant, all while sipping coffee from her front porch in Costa Rica. She then launched The Middle Finger Project, a blog and online course hub, which has provided tens of thousands of young women who disobey with the tools and mindset to give everyone else's expectations the finger and get on your own path to happiness, wealth, independence, and adventure. In her first book, Ash draws

on her unconventional personal story to offer a fun, bracing, and occasionally potty-mouthed manifesto for the transformative power of radical self-reliance. Employing the signature wit and wordsmithing she's used to build an avid following, she offers paradigm-shifting advice along the lines of: • The best feeling in the world is knowing who you are and what you're capable of doing. • Life circumstances are not life sentences. If a Scranton girl who grew up in a trailer park can make it, so can you. • What you believe about yourself will either murder your chances or save your life. So why not believe something good? • You don't need a high-ranking job title to be authorized to contribute. You just need to contribute. • Be your own authority. Authority only works as long as you trust that someone smarter than you is making the rules. • The way you become a force is by being the most radically real version of yourself that you can be. • You only have 12 fucks a day to give, so use them wisely.

Walking Fingers I Have Never Seen The Claw! F C

McGill,2020-07-31 This is a simple and original series of interactive storybooks where the characters literally come to life! The reader acts out the story as our main character Indle using their INdex and midDLE fingers literally. Indle, comes to life literally as the Index and Middle fingers of the reader. She goes walking to The Hairy Forest. This is a simple and original interactive storybook that will create long lasting memories linking words with actions when telling a story. So, the story, like always, begins at the back of the hand...

Finger My Brain Alexis J. Johnson,2011-03-03 From past to present these are the words that flow through my mind day in and out, just begging for me to write them down on paper, now I share them with you so that you may know what goes on in my head. Lessons that won't be lost and events that are lost in the past, but never forgotten, you can never forget an event, however small it may be and how big it may be, it always leaves a scar on you one way or another. These words mask the truth of my feelings, and

now I share them with you. Here are the words that will never be forgotten, and here I write them out for you so that you may finger my brain as you finger the pages of this book.

Hand, Hand, Fingers, Thumb Al Perkins, 1998-01-20 A simplified board book edition of the classic Bright and Early Book featuring a band of musical monkeys who introduce babies and toddlers to hands, fingers, thumbs—and drums! The dancing, prancing monkey musicians in this Bright & Early Board Book will have kids (and their lucky parents) drumming and humming along with the story as they learn to identify their hands, fingers, and thumbs. Written in rollicking rhyme, this simplified board book edition of Al Perkins' beloved Beginner Book is ideal for reading out loud, as well as introducing kids to the joys of making music!

Five-Finger Discount Helene Stapinski, 2001-05-01 Now a PBS documentary, this astonishing memoir of growing up in rough-and-tumble Jersey City “will steal your heart” (People) With deadpan humor and obvious affection, Five-Finger Discount recounts the story of an unforgettable New Jersey family of swindlers, bookies, embezzlers, and mobster-wannabes. In the memoir Mary Karr calls “a page-turner,” Helene Stapinski ingeniously weaves the checkered history of her hometown of Jersey City—a place known for its political corruption and industrial blight—with the tales that have swirled around her relatives for decades. Navigating a childhood of toxic waste and tough love, Stapinski tells an extraordinary tale at once heartbreaking and hysterically funny. Praise for Five-Finger Discount “By turns hilarious and alarming, [Helene Stapinski’s] book reads on the surface like something by Damon Runyon and Elmore Leonard, with a dark undertow of real-life pain and disillusion.”—Michiko Kakutani, The New York Times “It’s a brilliant book, a darling book. It is the blessedly modest chronicle of a magical consciousness that seems to have been born pulling diamonds out of the muck, hearing angels’ voices in the fiercest thunder. . . . I adored every word of this wondrous book. Get it. Read it.”—Michael Pakenham,

The Baltimore Sun “In the tradition of . . . Rita Mae Brown and Amy Tan, Ms. Stapinski is an exciting writer, unabashedly candid, and at the same time unashamedly self-contained. Five-Finger Discount is a must-read.”—Victoria Gotti, The New York Observer “What [Frank] McCourt did for Limerick, Ireland, Helene Stapinski does for Jersey City.”—The Star-Ledger “Hugely entertaining.”—The Sunday Times (London)

Galileo's Middle Finger Alice Dreger, 2016-04-05 Galileo's Middle Finger is historian Alice Dreger's eye-opening story of life in the trenches of scientific controversy. Dreger's chronicle begins with her own research into the treatment of people born intersex (once called hermaphrodites). Realization of the shocking surgical and ethical abuses conducted in the name of normalizing intersex children's gender identities moved Dreger to become an internationally recognized patient rights activist. But even as the intersex rights movement succeeded, Dreger began to realize how some fellow activists were using lies and personal attacks to silence scientists whose data revealed uncomfortable truths about humans. In researching one case, Dreger suddenly became a target of just these kinds of attacks. Troubled, she decided to try to understand more -- to travel the country and seek a global view of the nature and costs of these damaging battles. Galileo's Middle Finger describes Dreger's long and harrowing journeys between the two camps for which she felt equal empathy: social justice activists determined to win and researchers determined to put hard truths before comfort. What emerges is a lesson about the intertwining of justice and truth-- and about the importance of responsible scholars and journalists to our fragile democracy. --

The Finger Trap Johnny Worthen, 2023-08 When half measures don't get you the whole truth... Tony Flaner is a part-time comedian and full-time commitment-phobe who has never been able to stick with anything in his life. After his fourteen-year marriage ends in divorce, Tony's life takes a dramatic turn when a drunken party ends in murder. With his life on the line, he must

uncover the identity of the mysterious girl who was murdered and how they ended up together in the first place. This undertaking is not just about clearing his name-Tony needs to prove to himself and everyone else that he can finish something for once in his life. But when Tony discovers that his fate is intertwined with that of the mysterious girl he hardly knew-and that their lives are connected like a Chinese finger trap-he unknowingly embarks on a journey full of twists and turns around every corner. Can Tony Flaner finish this one task and clear his name before he gets sent to prison for a murder he didn't commit?

Frank Einstein and the Electro-Finger (Frank Einstein series #2) Jon Scieszka,Brian Biggs,2015-03-17 In this second book in the series, Frank Einstein (kid-genius scientist and inventor) and his best friend, Watson, along with Klink (a self-assembled artificial-intelligence entity) and Klank (a mostly self-assembled artificial almost intelligence entity), once again find themselves in competition with T. Edison, their classmate and archrival—this time in the quest to unlock the power behind the science of energy. Frank is working on a revamped version of one of Nikola Tesla’s inventions, the “Electro-Finger,” a device that can tap into energy anywhere and allow all of Midville to live off the grid, with free wireless and solar energy. But this puts Frank in direct conflict with Edison’s quest to control all the power and light in Midville, monopolize its energy resources, and get “rich rich rich.” Time is running out, and only Frank, Watson, Klink, and Klank can stop Edison and his sentient ape, Mr. Chimp!

The Moving Finger Edward Phillips Oppenheim,2021-12-13 ertrand Saton leaned against the stone coping of the bridge, and looked downwards, as though watching the seagulls circling round and round, waiting for their usual feast of scraps. The gulls, however, were only his excuse. He stood there, looking hard at the gray, muddy water beneath, trying to make up his mind to this final and inevitable act of despair. He had walked the last hundred yards almost eagerly. He had told himself that he was absolutely

and entirely prepared for death. Yet the first sight of that gray, cold-looking river, had chilled him. He felt a new and unaccountable reluctance to quit the world which certainly seemed to have made up its mind that it had no need of him. His thoughts rushed backwards. Swim out to sea on a sunny day, he repeated to himself slowly. Yes, but this! It was a different thing, this! The longer he looked below, the more he shrank from such a death! He stood upright with a little shiver, and began--it was not for the first time that day--a searching investigation into the contents of his pocket. The result was uninspiring. There was not an article there which would have fetched the price of a dose of poison. Then his fingers strayed into a breast-pocket which he seldom used, and brought out a letter, unopened, all grimy, and showing signs of having been there for some considerable time. He held it between his fingers, doubtful at first from where it had come. Then suddenly he remembered. He remembered the runaway horses in the Bois, and the strange-looking old woman who had sat in the carriage with grim, drawn lips and pallid face. He remembered the dash into the roadway, the brief, maddening race by the side of the horses, his clutch at the reins, the sense of being dragged along the dusty road. It was, perhaps, the one physically courageous action of his life. The horses were stopped, and the woman's life was saved. He looked at the letter in his hand. Why not? he asked himself softly. He hesitated, and glanced downward once more toward the river. The sight seemed to decide him. He turned his weary footsteps again westward. Walking with visible effort, and resting whenever he had a chance, he reached at last the Oxford Street end of Bond Street. Holding the letter in his hand, he made his way, slowly and more painfully than ever, down the right-hand side. People stared at him a little curiously. He was a strange figure, passing through the crowds of well-dressed, sauntering men and women. He was unnaturally thin--the pallor of his cheeks and the gleam in his eyes spoke of starvation. His clothes had been well-cut, but they were almost in rags. His

cap had cost him a few pence at a second-hand store. He made his way toward his destination, looking neither to the right nor to the left. The days had gone when he found it interesting to study the faces of the passers-by, looking out always for adventures, amusing himself with shrewd speculations as to the character and occupation of those who seemed worthy of notice. This was his last quest now--the quest of life or death.

Simplified Signs John D.. Bonvillian,Nicole Kissane Lee,Tracy T. Dooley,Filip Loncke,Valerie Nelson-Metlay,2021 Simplified Signs presents a system of manual sign communication intended for special populations who have had limited success mastering spoken or full sign languages. It is the culmination of over twenty years of research and development by the authors. The Simplified Sign System has been developed and tested for ease of sign comprehension, memorization, and formation by limiting the complexity of the motor skills required to form each sign, and by ensuring that each sign visually resembles the meaning it conveys. Volume 1 outlines the research underpinning and informing the project, and places the Simplified Sign System in a wider context of sign usage, historically and by different populations. Volume 2 presents the lexicon of signs, totaling approximately 1000 signs, each with a clear illustration and a written description of how the sign is formed, as well as a memory aid that connects the sign visually to the meaning that it conveys. While the Simplified Sign System originally was developed to meet the needs of persons with intellectual disabilities, cerebral palsy, autism, or aphasia, it may also assist the communication needs of a wider audience - such as healthcare professionals, aid workers, military personnel, travellers or parents, and children who have not yet mastered spoken language. The system also has been shown to enhance learning for individuals studying a foreign language. Lucid and comprehensive, this work constitutes a valuable resource that will enhance the communicative interactions of many different people, and will be of great interest

to researchers and educators alike. As with all Open Book publications, this entire book is available to read for free on the publisher's website. Printed and digital editions, together with supplementary digital material, can also be found at www.openbookpublishers.com.

Dana's Finger Is Set Free Vered Kaminski, 2019-05-26 Dana's Finger Is Set Free When Dana was a baby she had pacifiers in all kinds of colors, But Dana did not want any of these pacifiers, Dana only wanted her finger... This is a true story about Dana, a kindergarten girl, that could not take out her finger from her mouth, until it became wrinkled and had a crushed nail! However, once her mother turned the responsibility for the finger to Dana- she had succeeded in her mission and Dana's finger was set free. The Book Dana's finger is set free, was first published in 1996 and gained ample demand among the children and their parents, coping with the attempts to wean their children from the habit of sucking a finger. At present, in view of the demand that has not stopped along the years, the book is published by the EPOS Digital Publishing. When the habit of sucking a finger becomes part of life, the parents could benefit from allowing their children to read the book 'Dana's finger is set free'. To be weaned from sucking a finger is a great challenge for children. This book summons you to the manner in which Dana has coped with the weaning from his habit. It is worthwhile reading. If your children has a thumb sucking habit, buy them 'Dana's finger Is set free' and watch them coping alone and beating that habit. A special toolbox for breaking thumb sucking habit is ready as a digital course, Stop your child/children from their thumb-sucking habit.

free downloadable books. Free-eBooks Finger Out Offers a diverse range of free eBooks across various genres. Finger Out Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Finger Out Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Finger Out, especially related to Finger Out, might be challenging as they're often artistic creations rather than practical blueprints. However, you can explore the following steps to

search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Finger Out, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Finger Out books or magazines might include. Look for these in online stores or libraries. Remember that while Finger Out, sharing copyrighted material without permission is not legal. Always ensure you're either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many

libraries have digital catalogs where you can borrow Finger Out eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Finger Out full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Finger Out

eBooks, including some popular titles.

FAQs About Finger Out Books

What is a Finger Out PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Finger Out PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and

operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Finger Out PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Finger Out PDF to another file format?** There are multiple ways to convert a PDF to another format: Use

online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Finger Out PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many

free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, I LovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by

selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
