**The Firefly Episode Guide** Mimi Noyes,2005-01-01 Firefly, we barely knew thee. But with the release of all fourteen episodes on DVD, we're ready to rekindle our love. It's been six years since civil war between the Alliance and the Independents ended with an Alliance victory at Serenity Valley. Now the Alliance controls not just the core planets but all the once-independent worlds as well. One of the few survivors of Serenity Valley, Malcolm Reynolds refused to live under the Alliance's thumb. Aboard Serenity, his firefly-class ship, Mal and his crew take whatever work comes their way--whether it be running cargo or ridding a village of bandits. It doesn't have to be legitimate, or even legal, as long as it pays. Firefly, Joss Whedon's short-lived series, creates a fascinating blend of two genres: The western and classic space-faring science fiction and makes something truly new. Join Mimi Noyes for in-depth critique of and witty banter about Whedon's foray into the final frontier.

Firefly - Carnival Una McCormack,2021-12-14 A heist by the Serenity crew goes badly wrong in a captivating original Firefly tie-in novel from the award-winning series by Titan Books. City of sin Neapolis: a desert city on planet Bethel where all manner of entertainment can be found: high-stakes gambling, luxurious hotels, exclusive clubs and any form of diversion imaginable may be had for a price. It's the eve of the annual carnival: three days of decadent revelry, and Serenity arrives to take a security job, guarding a costly shipment. An unattainable ransom Tragedy strikes: the shipment is stolen, and the wealthy owner kidnaps Zoë and Book, holding them to ransom for the lost shipment's value. If Mal can't find the enormous sum of five hundred platinum by the next evening, both of them will be killed. A race against time As the carnival begins the crew must attempt the impossible, calling on contacts, calling in favours, and revealing hidden talents to save their crewmates' lives. Meanwhile, the hostages have their own plans...

**Firefly Lane** Kristin Hannah,2008-02-05 From the New York Times bestselling author Kristin Hannah comes a powerful novel of love, loss, and the magic of friendship. . . . now a #1 Netflix series! In the turbulent summer of 1974, Kate Mularkey has accepted her place at the bottom of the eighth-grade social food chain. Then, to her amazement, the coolest girl in the world moves in across the street and wants to be her friend. Tully Hart seems to have it all---beauty, brains, ambition. On the surface they are as opposite as two people can be: Kate, doomed to be forever uncool, with a loving family who mortifies her at every turn. Tully, steeped in glamour and mystery, but with a secret that is destroying her. They make a pact to be best friends forever; by summer's end they've become TullyandKate. Inseparable. So begins Kristin Hannah's magnificent new novel. Spanning more than three decades and playing out across the ever-changing face of the Pacific Northwest, Firefly Lane is the poignant, powerful story of two women and the friendship that becomes the bulkhead of their lives. From the beginning, Tully is desperate to prove her worth to the world. Abandoned by her mother at an early age, she longs to be loved unconditionally. In the glittering, big-hair era of the eighties, she looks to men to fill the void in her soul. But in the buttoned-down nineties, it is television news that captivates her. She will follow her own blind ambition to New York and around the globe, finding fame and success . . . and loneliness. Kate knows early on that her life will be nothing special. Throughout college, she pretends to be driven by a need for success, but all she really wants is to fall in love and have children and

live an ordinary life. In her own quiet way, Kate is as driven as Tully. What she doesn't know is how being a wife and mother will change her . . . how she'll lose sight of who she once was, and what she once wanted. And how much she'll envy her famous best friend. . . . For thirty years, Tully and Kate buoy each other through life, weathering the storms of friendship---jealousy, anger, hurt, resentment. They think they've survived it all until a single act of betrayal tears them apart . . . and puts their courage and friendship to the ultimate test. *Firefly Lane* is for anyone who ever drank Boone's Farm apple wine while listening to Abba or Fleetwood Mac. More than a coming-of-age novel, it's the story of a generation of women who were both blessed and cursed by choices. It's about promises and secrets and betrayals. And ultimately, about the one person who really, truly knows you---and knows what has the power to hurt you . . . and heal you. *Firefly Lane* is a story you'll never forget . . . one you'll want to pass on to your best friend.

*Firefly - Life Signs* James Lovegrove, 2021-03-16 *Serenity* races against time to save Inara's life in an original *Firefly* tie-in novel that reads like a lost episode from the show. A deadly disease. Months after Inara leaves *Serenity*, Mal and the crew finally learn the reason for her sudden departure: she is dying of a terminal illness. It is Kiehl's Myeloma, a form of cancer that's supposedly incurable, and Inara has very little time left. A disreputable scientist. Through their shock and despair, rumors of a cure reach the crew. Expert Esau Weng is said to have developed a means to treat Inara's condition, but he has been disgraced and incarcerated for life on a notorious Alliance prison planet. An infamous prison. On the planet of Atata, inmates are abandoned with no guards and left to survive as best they can. What's more, terraforming the planet did not take properly, so the world is a frozen wasteland. To save Inara, the *Serenity* crew must infiltrate the prison...

*Firefly Trivia Questions & Answers* Timothy Copeland, 2021-04 *Firefly* is an American space Western drama television series. The series is set in the year 2517, after the arrival of humans in a new star system, and follows the adventures of the renegade crew of *Serenity*, a *Firefly*-class spaceship. The ensemble cast portrays the nine characters who live on *Serenity*. Whedon pitched the show as nine people looking into the blackness of space and seeing nine different things. The show explores the lives of a group of people, some of whom fought on the losing side of a civil war, who make a living on the fringes of society as part of the pioneer culture of their star system. In this future, the only two surviving superpowers, the United States and China, fused to form the central federal government, called the Alliance, resulting in the fusion of the two cultures. According to author's vision, nothing will change in the future: technology will advance, but we will still have the same political, moral, and ethical problems as today. *Firefly* premiered in the U.S. on the Fox network on September 20, 2002. By mid-December, *Firefly* had averaged 4.7 million viewers per episode and was 98th in Nielsen ratings. It was canceled after 11 of the 14 produced episodes were aired. Despite the relatively short life span of the series, it received strong sales when it was released on DVD and has large fan support campaigns. It won a Primetime Emmy Award in 2003 for Outstanding Special Visual Effects for a Series. TV Guide ranked the series at No. 5 on their 2013 list of 60 shows that were Cancelled Too Soon. This book includes quizzes and fun facts you never know about movie. Why don't you read today.

*Firefly: A Celebration (Anniversary Edition)* Joss Whedon, 2012-10-02 Titan's three bestselling *Firefly* titles collected together at last, just in time for the 10th anniversary of Joss Whedon's beloved series. This huge, 544 page full colour volume is simply one of the most lavish books ever produced for a TV show, and is presented in a foil-stamped leather-effect binding. Plus, as an exclusive bonus for this edition, a pocket at the back of the book contains 9 frameable photo prints of the cast, featuring rare and previously unseen images, and a facsimile of one of the prop banknotes used in the show.

*Finding Serenity* Jane Espenson, Glenn Yeffeth, 2005-03-11 In this eclectic anthology of essays, former cast member Jewel Staite, Kaylee, philosopher Lyle Zynda, sex therapist Joy Davidson, and noted science fiction and fantasy authors Mercedes Lackey, David Gerrold, and Lawrence Watt-Evans contribute to a clever and insightful analysis of the short-lived cult hit *Firefly*.

**Firefly - The Magnificent Nine** James Lovegrove, 2019-03-19 The second original novel tying into the critically acclaimed and much-missed *Firefly* series from creator Joss Whedon. An old flame of Jayne Cobb's, Temperance McCloud, sends a message to Serenity, begging him for help. She lives on the arid, far-flung world of Tethys, and bandits are trying to overrun her town to gain control of their water supply: the only thing standing between its people and dustbowl ruin. Jayne tries to persuade the Serenity crew to join the fight, but it is only when he offers Vera, his favourite gun, as collateral that Mal realises he's serious. When the Serenity crew land at a hardscrabble desert outpost called Coogan's Bluff, they discover two things: an outlaw gang with an almost fanatical devotion to their leader who will stop at nothing to get what they want, and that Temperance is singlehandedly raising a teenage daughter, born less than a year after Temperance and Jayne broke up. A daughter by the name of Jane McCloud...

**Firefly - Big Damn Hero** Nancy Holder, 2018-11-20 The first original novel tying into the critically acclaimed and much-missed *Firefly* series from creator Joss Whedon. The Battle of Serenity Valley was the turning point that led the Independents to their defeat at the hands of the Alliance. Yet the Browncoats had held the valley for weeks against all odds, before being ordered to lay down their arms. Command stated they refused to send in airpower because the ground war was too hot. But the soldiers who were there insist that was not true... While picking up a new cargo on Persephone, Captain Malcolm Reynolds is kidnapped by a bunch of embittered veteran Browncoats who suspect him of sabotaging the Independents during the war. As the rest of the crew struggle to locate him, Mal is placed on trial for his life, fighting compelling evidence that someone did indeed betray them to the Alliance all those years ago. As old comrades and old rivals crawl out of the woodwork, Mal must prove his innocence, but his captors are desperate and destitute, and will settle for nothing less than the culprit's blood.
