Think Like a Fish Tom Mann,Tom Carter,2002 Tom Mann is an American original. Growing up in Depression-era Alabama, for him fishing was more than a recreational activity-it was a way of putting dinner on the table. Following his father's simple advice, to catch fish, you have to find fish, six-year-old Tom came up with an innovative way of finding the drop-offs in a creek where fish seek refuge from predators. As a young teenager, he began to design and craft special lures, always with an eye toward tricking the freshwater dean of the deep-the largemouth bass. Tom's innate talent in outsmarting the competition above and below the waterline quickly took him from local hero to three-time world bass fishing champion to living legend. He also tapped into his skill for designing lures, building a multi-million-dollar enterprise that has sold over one billion lures to date in major sporting goods and fishing retailers around the world, all with his smiling face on the packages. Yet despite the prestige and fame of a forty-year career, he still resides where it all began-deep in the heart of the South. Filled with touching childhood stories and hilarious down-home fisherman's lore, Think Like a Fish reveals how Mann quite literally learned to think like a fish. He explains the technique and mindset that enable him to lure a fish from thirty yards away into a circle the size of a hula hoop; how he trains bass to jump right into his boat; and how he purportedly managed to lure a shark to shore with rod and reel. But in addition to the fishing techniques and words of wisdom, Mann explores the path that got him where he is today-a poignant story of determination, Southern grit, and good-ole-boy charm. Full of gentle humor and wit, this book brings to life the allure of the South and one of its favorite pastimes.

Jay Yelas Jay A. Yelas,2003

Jay Yelas Cool Springs Press,2000-05-24 My life journey is one of faith, family and fishing...in that order. Not until I correctly prioritized my life did I position myself for winning the Bassmasters Classic and FLW Angler of the Year awards in 2002. Certainly, hard work and perseverance were vital, but I learned there is much more. I learned I could not do it by myself. Early in my career, I reached a level of success, but it was limited and not very promising. It took one eye-opening experience to make me understand that true success in life is the result of a faithful relationship with God. Once I embraced this, my career exploded. I approached life with new direction and I learned how to win! Read this book and you will find my personal keys to becoming a more complete person...and a champion. Experience the highs and lows of tournament fishing, and learn how my relationships have inspired and motivated me to achieve my goals as a professional bass fisherman, and as a person. My hope is that this book will help you in your personal journey to success. Book jacket.

Fishing Henry Cholmondeley-Pennell,1885

Next-Level Bass Fishing Joe Kinnison,2021-10-05 Tips to become a bass fishing pro! While many people catch fish, even the occasional lunger, few actually acquire bass fishing proficiency. The popular view is that anglers who achieve such prominence do so through a collection of vices. These afflictions range from luck, to fraudulence, to worst of all, patience. Few, however, talk about the true qualities that lead to angling success. That’s what Joe Kinnison, himself a sportsman, gathered in Next-Level Bass Fishing: the tips, options, strategies, and winning methods, to allow those who fish recreationally to employ the knowledge base of a pro. Five professional anglers work with Joe to identify distinctive characteristics that elevate the best in the field. Bassmaster Elite pro Tyler Carriere illustrates a structured approach to fishing. Six-time Ladies Bass Anglers Association (LBAA) Angler of the Year, Pam Martin- Wells explains versatility as she takes readers on a tour of her favorite waterways. Brandon, Palaniuk, two-time 2020 tournament champion and one of the leading money winners on tour, discusses details such as hormones and sensory ranges of his quarry. Christaina Bradley teaches focus, and Destin Demarion provides an example of productive originality. When qualities are translated into lure selections and lake terrain targets, the results are far superior to those of the average angler reminiscing about how one got away. Kinnison explores the key relationships, the innovative techniques, and the special places that have elevated the world’s best anglers to the top of their craft. Next-Level Bass Fishing is the next-best thing to touring with the pros.

IGFA's 101 Freshwater Fishing Tips & Tricks Bill Dance,2007-04-17 One of America’s best known fishermen with more than 50 years of on-water experience, Bill Dance is also a tournament champion and a television personality. His tips will help any angler catch more and bigger fish. Even experienced fishermen may not know that dark-colored lures work best during low light conditions; that reluctant bass often bite at smaller lures fished slowly; that 75% of all line failures occur at the knot, so good knot tying is essential to success; that when waters rise, bass move shallower—when it falls, they move deeper. Dance’s knowledge is so wide-ranging that absolute beginners and crusty old veteran fishermen alike will be educated and entertained and amazed. This book is being supported by The International Game Fish Association (IGFA), a leading authority on angling and the keeper of fishing’s world record. Skyhorse Publishing is proud to publish a broad range of books for fishermen. Our books for anglers include titles that focus on fly fishing, bait fishing, fly-casting, spin casting, deep sea fishing, and surf fishing. Our books offer both practical advice on tackle, techniques, knots, and more, as well as lyrical prose on fishing for bass, trout, salmon, crappie, baitfish, catfish, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.
