Yehuda D. Nevo, Judith Koren

**Arba'ūn Al-Qudsiyah** Denys Johnson-Davies,1997 The hadith qudsi are the sayings of the Prophet divinely communicated to him. The present collection has been compiled from all the available books of hadith. The forty chosen here are all well authenticated and present many of the doctrinal, devotional and ethical elements of Islam. A scholarly introduction deals fully with the subject and shows the way in which the hadith qudsi differs from the Qur'an and from the Prophetic hadith. This selection and translation has been made by the translators of An-Nawawi's Forty Hadith. Forty Hadith Qudsi is regarded as a companion volume and has been printed in similar format with the original Arabic text given alongside the English translation.

**40 Hadith Qudsi** Imam Kathir,2019-05-28 This is a collection on forty Prophet's Hadith based on Qudsi's work. There are thousands of sacred Traditions or ahadith in which Allah (God) spoke in the first person to the blessed Prophet but the words were not included in the Quran itself according to the Prophet's instructions.

**Forty Hadith Qudsi** IDP Research Division,2018-04-26 The Forty Hadeeth Qudsi (known as Sacred Hadeeth in English) is widely regarded as the most popular anthology and the best introduction to the study of the Prophet's (S) sayings. The Ahadeeth summarize the teachings of Islam, concentrating on the following areas; affirmation of the doctrine of Tawheed and understanding Allah (SWT) in all His attributes, the significance of the five pillars of Islam, attainment of virtue, self-sacrifice for the cause of Allah and preparation for the Day of Judgement. The Hadeeth Qudsi have a particularly important status because their meaning is entirely from Allah while the wording is that of the Prophet Muhammad (S) himself. Among the many definitions given by the early scholars of Islam is that of As-Sayyid Ash-Shareef Al-Jurjani (died 816 A.H.) in his lexicon At-Tarifat where he says: "A Sacred Hadeeth is, as to the meaning, from Allah the Almighty; as to the wording, it is from the Messenger of Allah (S). it is that which Allah the Almighty has communicated to His Prophet through Revelation or in a dream, and he (S), has communicated it in his own words." So these are the sayings of the Prophet divinely communicated to him. The present collection has been compiled from all the available books of Hadeeth. The forty chosen here are well authenticated and present many of the doctrinal, devotional and ethical elements of Islam. **Forty Hadith, an Exposition, Second Revised Edition** Ayatullah Sayyid Imam Ruhallah Musawi Khomeini,2018-02-16 Detailed commentary on 40 selected traditions narrated through the Prophet (S) and his Ahl al-Bayt (a) on topics of ethics and spirituality, including jihad al-nafs. Second revised edition. The original work in Persian, recently published under the title Arba'in, ya chihil hadith was written by Imam al-Khumayni forty-six years ago and was completed in the month of Muharram 1358 (April-May, 1939). **Crossroads to Islam** Yehuda D. Nevo,Judith Koren,2003-06 In this controversial exploration of the early history of Islam, archaeologist Yehuda D. Nevo and researcher Judith Koren present a revolutionary theory of the origins and development of the Islamic state and religion. Whereas most works on this subject derive their view of the history of this period from the Muslim literature, Crossroads to Islam also examines important types of evidence hitherto neglected: the literature of the local (Christian) population, archaeological excavations, numismatics, and especially rock inscriptions. These analyses lay the foundation for a radical view of the development of Islam.According to Nevo and Koren, the evidence suggests that the Arabs were in fact pagan when they assumed power in the regions formerly ruled by the Byzantine Empire. They contend that the Arabs took control almost without a struggle, because Byzantium had effectively withdrawn from the area long before. After establishing control, the new Arab elite adopted a simple monotheism influenced by Judaeo-Christianity, which they encountered in their newly acquired territories, and gradually developed it into the Arab religion. Not until the mid-8th century was this process completed.This interpretation of the evidence corroborates the view of other scholars, who on different grounds propose that Islam and the canonized version of the Koran were preceded by a long period of development. This new view turns on its head the traditional history of the rise of Islam, which claims that Islam began with Muhammad in Mecca and Medina around 622; then spread throughout Arabia under his charismatic leadership; and finally, after Muhammad's death (632), inspired his followers to conquer widespread territories both in the East and West. By contrast, Nevo and Koren suggest that the rise of the Arab state created a need for a state religion, eventually called Islam.This absorbing and controversial rethinking of Islam's early history is must reading for students and scholars of Islamic history and anyone interested in the origins of the world's second largest religion.
