Frankly Speaking Frank Levans, Ramakrishna Puligandla, 2005-06-15 Bartenders, simply by virtue of their position, get to know a lot of people from different strata of society. Like psychiatrists without degrees, they come to learn things about human beings that the rest of us miss. In *Frankly Speaking*, Frank Levans shares the insights he has accumulated from three decades of tending bar, relating his observations about the gender divide, the mysteries of sex, the causes of racism, the role of the media in our lives, and much more. Sit back, pour yourself a drink, and glimpse the world from a bartender's point of view. You'll be intrigued by what you learn.

Frankly Speaking Barney Frank,

Frankly Speaking about Widowhood: Dealing with Loss and Loneliness Beth E. Wallace, 2016-06-06 Beth E. Wallace married her best friend when she was twenty-seven years and ten months old. They were married twenty-seven years and ten months when she lost him to cancer. Sometimes she thought her life had ended, and sometimes she wished it would, but God had other plans for her. In *Frankly Speaking About Widowhood*, Beth offers a hand to Christians who are traveling the path of loss. While everybody deals with the same heartbreaking emotions when a loved one dies, Christians often feel guilty about them. Do anger, frustration, and loneliness mean you don't believe your spouse is in a better place? Have you rejected God's will? Beth gently assures you that such feelings are normal and talks about how you can allow God to help you heal . . . without trying to suppress

your own grief. Adjusting to widowhood is one of the hardest things you'll do. But hearing from someone who has been there -- and made it through -- will provide the encouragement you need to begin rebuilding your life.

Frankly Speaking... Shawna Suckow, CMP, SFP, Bonni Scepkowski, Maralynn Adams, Tracey Smith, CMP, CMM, 2018-08-27 Within the pages of this book, you'll find the combined wisdom of over 600 years (more or less) of meeting planning expertise, all aimed at helping you book more business as a speaker. The four of us sat down and had a very candid conversation on fifteen different official topics (and many unofficial ones...) to help speakers of all experience levels navigate their prospecting and relationship-building with planners. Our goal is to give a rare peek inside the planner's brain (it can get scary in there, but we've got your back!). We want you to be more findable, likeable, memorable, and bookable! What speakers are saying: WOW! OMG! This is the most powerful, realistic book I've ever read (and I've read hundreds!) that is laser-targeted to those of us in professional speaking. These four wonderful ladies are coming from the real world, nitty-gritty reality of what works and what doesn't. They make it clear what is NOT working and what IS in today's meetings industry. If you're thinking of or are already practicing professional speaking, get updated as to what works now, get the money-losing habits out of your system, and find out what is needed in today's white-hot competitive speaking world. Get this book. Learn from it. Profit from it! - Terry Brock, MBA, CSP,

CPAE, Cavett Award Winner Frankly Speaking is like stealing the playbook on getting booked. If you want better relationships with meeting planners and more business than you can handle, then pick up a copy. - Kate Delaney, Global Speaker, Emmy-winning Journalist, and NBC Sports Radio Talk Show Host Frankly Speaking is packed full of helpful nuggets of information professional speakers can use to navigate their work with meeting planners. It's irreverent, funny, and 100% useful. You will benefit hugely by devouring this book and heeding these secrets from 4 people who want to help you succeed! - Phil Gerbyshak, Sales and Marketing Speaker and Trainer

Frankly Speaking Constance Johnson, 2010-01-01 In the beginning, you have the expectation of living happily ever after, then you fall in love. You say, wow, this is it. Easy, right? Then you soon find out it is harder than you thought. In your lifetime, you will meet many people. Then you meet that special someone, and your happiness seems like it will last forever, then bam it's over. What happened? Life's choice is what happened. You need to ask yourself if you are really ready for a serious, and life long commitment. The questionnaire inside will help you to understand who you really are. Be honest with yourself.

Frankly Speaking Harper Starlight, 2019-04-24 When I write I want to write from the spirit and mind. With empathy and compassion. When I write I want to make an assertion about other people, for myself and the human circumstance. With warmth and indifference. I want the reader to understand I'm only an individual and I'm only a Soul just like

them.Sometimes I get it right sometimes I don't.All I can say is when I write, I write from the heart

Frankly Speaking Frank Moore,2014 In this, the first collection of prose by one of the U.S.'s most controversial performance artists (P-Form Magazine), Frank Moore explores his deep and uncompromising vision of human liberation and art as a battle against fragmentation. In the essays, writings and rants of *Frankly Speaking*, roughly covering the period from the late 1970s until his death in 2013, Moore reveals his plan for the complete political and social transformation of American society (see Platform for Frank's Presidential Candidacy 2008), stirs up the art world, urging fellow artists to truly live their calling and not accept censorship (see Art is Not Toothpaste or The Combine Plot), pulls the reader deeply into the heart of magic, responsibility, shamanism, play, and expanded sexuality (see Inter-Penetration or Dance of No Dancers), and much much more. Frank Moore's essays have been praised by political activists, authors, artists and cultural icons like Bill Mandel, John Sinclair, Penny Arcade, Annie Sprinkle and many others for their comprehensive and revolutionary world-view. The reader gets to join Frank's joyful and fearless digging into the core issues of human experience to get to something deeper: intimacy, tribal community, freedom. *Frankly Speaking* also gives us a peek into the history of these pieces, which have been widely published all over the world, from the smallest of underground zines to the most established mainstream art journals. But

Frank always focused on the small, personal, intimate level, and always fought to stay underground. As he writes in *Mainstream Avant-Garde?*: The underground is where the real freedom and the real ability to change society are to be found. The writings in this collection have this beautiful slow pace as if forcing the mind of the reader to change pace as well and let the other world come to the forefront - the cartography of the soul is where you take us ... each in our own way ... rather than your way ... which is generous indeed of you. (Shelley Berc, writer, teacher) You've hit another homer ... You ought to publish a book of essays or perhaps a Frank Moore anthology. - Bill Mandel, broadcast journalist, left-wing political activist and author, best known for his televised condemnation of Sen. Joseph McCarthy in the early '50s and later for his dramatic defiance of the House Un-American Activities Committee (HUAC) in May 1960. Published by Inter-Relations

Frankly Speaking Frank L. Cloutier, 2021-06-02
Geographically, it ranges from the Aleutians and Anchorage to Islamabad, from Biloxi to Brussels, and Maine to Mississippi. Vocationally, it covers the waterfront from student to assistant professor, from field engineer to vice-president, and from author to Program Manager. Recreational activities include some memorable Alaskan hunting and fishing adventures as well as a third of a million miles in six different recreational vehicles. He installed the first jam-resistant radio in a tactical aircraft, and he co-authored *The Strategy of Electro-magnetic Conflict*. He was on the ground for the momentous Good Friday earthquake in Anchorage in 1964 and in Islamabad for the assassination of President Zia-ul-Haq in 1988. Along the way he enjoyed a six decade plus marriage to Durelle, raised two kids, had four grandkids, college graduates all; and now has three great-grandkids. Pick up any chapter or read the entire book. You will appreciate the many unusual adventures as well as his polished craftsmanship of storytelling.

Speaking Frankly Barney Frank, 1992 The author, a liberal Democratic representative, analyzes the reasons for the party's problems in national elections since 1968, and suggests strategies for electing a Democratic president.

Frankly Speaking Bonnie Lautenberg, 2024-05-17
Frank Lautenberg was the embodiment of the American dream. The son of Eastern European immigrants who toiled in the factories of northern New Jersey, he rose to become a Fortune 500 CEO and eventually a five-term US senator. Yet his is

not a simple rags-to-riches tale, but is rather the story of someone who used his newfound affluence and influence to improve the lives of ordinary Americans. Told by one of the people who knew him best, his widow Bonnie, *Frankly Speaking* reveals the political strategies that made Lautenberg one of the Senate's most powerful advocates for the health and safety of America's citizens. He championed seemingly minor, unglamorous reforms that made a big difference to everyday lives, from raising the national drinking age to preventing domestic abusers from purchasing guns. These campaigns earned him powerful enemies in the alcohol, tobacco, and firearms industries, and he was subjected to some of the most brutal campaign mudslinging in American history. Yet, as this inspiring biography reveals, New Jersey's longest-serving senator was not afraid to take big political risks if it meant standing up for his principles, whether that meant opposing the Iraq War or protecting LGBTQ and women's rights.

Frankly Speaking... Four Decades on the Air and Off a Memoir Frank Reed, 2013-10 Frank Reed and I share a long history together. For over 20 years it's always been a pleasure to join Frank on the radio, or have him introduce me in concert. He's been a supportive friend and the consummate professional. I always love when Frank shares his stories and now they're all captured here, in '*Frankly Speaking*.' His journey through secular radio, to finding Christ, his wife Patti, and his on air 'home' at KLTY in Dallas-Ft. Worth. It's an address I hope he keeps for years to come! Within

these pages you have the opportunity to look into the heart of the man behind the microphone, my good friend Frank Reed. Steven Curtis Chapman, Nashville, Tennessee I've always known that Frank had a way with words. For twenty-plus years I've laughed and cried as his rich voice inspired and informed listeners of all ages on KLTY Radio in Dallas. So it's no surprise that the man who has held my attention behind the microphone carried that same authenticity and character to the written page. Yet, here I found more to the man than just the incredible 'radio' voice-celebrity. In the pages of his book, I found a jazzy wordsmith willing to share his authentic and sometimes painful journey. And once again, I found myself laughing, crying, and learning as he shared his journey of career, family, and faith. At some point, (as is often the case with many of my morning drives listening) I found myself wishing it didn't have to end so soon. Dan Dean, Phillips, Craig and Dean, Colleyville, Texas 'Frankly Speaking', A Memoir, is the personal life journey of Dallas-Ft. Worth radio personality Frank Reed. From his humble beginnings in Kissimmee, Florida, to the halls of Rockefeller Plaza in New York where he worked on the air between Don Imus and Howard Stern, to his current radio address at KLTY in North Texas, Reed shares the adventures, stories and insights that led to the spiritual truths that now guide his life. 'Frankly Speaking' is very much like listening to Frank Reed on the radio; it is friendly, warm, and welcoming. What I've concluded is God is looking for willing hearts, not perfect people. Frank Reed FRANK REED

is the host of the highly rated 'Family Friendly Morning Show' on America's most listened-to Christian radio station, 94.9 KLTU-FM in Dallas-Ft. Worth. Reed's broadcast career spans over forty-four years, including stops in Orlando, Jacksonville, Miami, and New York. In 2009 he received the 'Air Personality of the Year' award from The National Religious Broadcasters Association. Frank and his wife, Patti live in Colleyville, Texas, and are the proud parents of son Ryan, and daughter Hope.

Frankly Speaking Carol Conyers, 2015-06-10

Frankly Speaking is a book of poetry that encourages and motivates the reader. The book is divided into 4 sections that appeal to the reader on the basis of word expressions, racial and social issues, motivation, love, and hope. Many of the poems leave you with the feeling that nothing is impossible to accomplish. Not only does the author capture a global perspective on a number of social issues, but the book gently nudges the reader to take a stand on issues that plague our society. This book will make you smile, laugh, and even cry as you read the poems and feel the heart of the author.

Frankly Speaking ... Charles Chupp, 2008-05-02

Hugh Chupp and Thelma Brownlee tied the nuptial knot on May 30th, 1925 at De Leon in Comanche County Texas. Hugh was 26 years old, an eighth grade graduate, a bronc buster and a horse trainer. Thelma was 17, a junior at De Leon High

School and had an ambition to be a glamorous flapper. That was the extent of their schooling, but the subsequent sixteen years would provide education. Rumors that their wedding was of the shotgun variety were proven baseless when their first son didn't see daylight until November 22nd of 1929. The roaring twenties were in session, even in rural De Leon, and the good times rolled until Black Friday, October 25th, 1929 – and the arrival of Charles Elvin a month later. He did not cause the Great Depression, nor did the Great Depression cause him. Times got tough but Hugh and Thel were blessed with yet another son, March 15th, 1933, as they moved from one rundown shelter to another, usually when rent was due. Benny Wayne was born December 18th, 1939, and Hugh and Thel ceased production. Hugh haunted the corner on Texas Street where day labor was chancy and often non-existent. He watched as the Houston and Texas Central freight train rolled through town and envied the hobos who adorned the empty cars and went on down the tracks looking for the Promised Land. To his credit he resisted the urge to climb aboard and leave his troubles behind. Despite the hard times and the gloomy forecast for the future, the little family managed to stay together when it would have been easier to quit. As a matter of fact Hugh and Thel shared their shelter and food with Nancy Brownlee, Thel's widowed mother. Tom Brokaw's "Greatest Generation" was hanging tough in the eye of the hurricane. "When the going gets tough, the tough get going" is one version of an old adage and the Chupp family managed to weather the storm. Grit and good humor was a major

contributor to their will to hang on, and when good times crept across America in the early days of 1941 they managed to move up a rung on the ladder of success. A stroke of good fortune elevated the Chupps from day labor to tenant farming. The story is an eyewitness account, recounted here for your amusement and edification by the eldest son of Hugh and Thel. And, the story may sound familiar—you may have lived it too.

Frankly Speaking Cathy Ols, 2004-06 *Frankly Speaking* is a book about business, management and life. There is not another book like it on the market today. It is a collection of life experiences, common among many women and some men. Like so many of our lives, it reflects a variety of seemingly unrelated lessons and experiences and connects them with a common thread. Woven throughout the experiences are wise words and lessons. They serve as a guide and a philosophy for success and happiness at work, in relationships, and in life. In today's world and with today's business demands this book will be a valuable tool. No businesswoman or man should be without a copy. It will not only give you an advantage in business, IT COULD CHANGE YOUR LIFE!
