The Ne'er-Do-Well Rex Beach, 2018-02-02 Rex Beach was born in Atwood, Michigan, but moved to Tampa, Florida, with his family where his father was growing fruit trees. Beach was educated at Rollins College, Florida (1891-6), the Chicago College of Law (1896-7), and Kent College of Law, Chicago (1899-1900). In 1900 he was drawn to Alaska at the time of the Klondike Gold Rush. After five years of unsuccessful prospecting, he turned to writing

The Fruits and Fruit Trees of Monticello Peter J. Hatch, 1998 Not since Jefferson himself has anyone combined such love and knowledge of all that blooms and grows and bears fruit at Monticello as does Peter Hatch.... History, pomology, the mind of Thomas Jefferson, the best of many worlds in scholarship and nature, are all to be found here, as well as a number of surprises.... The book is at once thorough, authoritative, and a pleasure to read. For it's not only that the author knows his subject as does no one else, but that he has the natural ability as a writer to include us in its pleasures.—David McCullough Anyone who didn't already know that fruit-growing looks more romantic from the outside than the inside will come away from the book recognizing that a working 'fruitery' is a hard-won achievement. As seen here, Monticello fascinatingly crystallized an age full of promise, puzzlement, and contradictions. It was a place quintessentially Jeffersonian: the creation of a man who loved experimenting with unions of the useful and the beautiful.— Los Angeles Times This is an intriguing book. It took Hatch 10 years to write a book that will appeal to pomologists, backyard fruit growers, historians, and politicians. That is a wide sweep and Hatch does it magnificently.— Richmond Times-Dispatch Illustrated both with old drawings and photographs as well as recent color photographs of the varieties, this book has an astonishing amount of historical detail.... Those interested in early American fruit culture and the dawn of horticulture (which were nearly synonymous) will find no better account than this.— Horticulture Beautifully illustrated, *The Fruits and Fruit Trees of Monticello* is indispensable reading for anyone interested in Jefferson, or the history of American horticulture. — Traditional Gardening Lavishly illustrated, Peter Hatch's *The Fruits and Fruit Trees of Monticello* is not only a detailed history of Jefferson's gardens and their recreation but a virtual encyclopedia of early American pomology. Peter J. Hatch is Director of Gardens and Grounds at Monticello and the author of *The Gardens of Monticello* and *Thomas*

Flowing Gold Rex Beach,2007-02 Room service at the Ajax is of a quality befitting the newest, the largest, and the most expensive hotel in Dallas. While the standard of excellence is uniformly high, nevertheless some extra care usually attaches to a breakfast ordered from the Governor's suite-most elegant and most expensive of all the suites-hence the waiter checked over his card and made a final, fluttering examination to be sure that the chilled fruit was chilled and that the hot plates were hot before he rapped on the door. A voice, loud and cheery, bade him enter. Would the gentleman wish his breakfast served in the parlor or -No, the gentleman would have it right in his bedroom; but first, where were his cigarettes? He hoped above all things that the waiter had not forgotten his cigarettes. Some people began their days with cold showers-nothing less than a cruel shock to a languid nervous system. An atrocious practice, the speaker called it-a relic of barbarism-a fetish of ignorance. Much preferable was a hygienic, stimulating cigarette which served the same purpose and left no deleterious aftereffects.
