Jane Grigson's Fruit Book Jane Grigson,2007-04-01 Jane Grigson's Fruit Book includes a wealth of recipes, plain and fancy, ranging from apple strudel to watermelon sherbet. Jane Grigson is at her literate and entertaining best in this fascinating compendium of recipes for forty-six different fruits. Some, like pears, will probably seem homely and familiar until you've tried them ¾ la chinoise. Others, such as the carambola, described by the author as looking ?like a small banana gone mad,? will no doubt be happy discoveries. ø You will find new ways to use all manner of fruits, alone or in combination with other foods, including meats, fish, and fowl, in all phases of cooking from appetizers to desserts. And, as always, in her brief introductions Grigson will both educate and amuse you with her pithy comments on the histories and varieties of all the included fruits. ø All ingredients are given in American as well as metric measures, and this edition includes an extensive glossary, compiled by Judith Hill, which not only translates unfamiliar terminology but also suggests American equivalents for British and Continental varieties where appropriate.

San Francisco-Oakland Directory ,1907

Durians Are Not the Only Fruit Wong Yoon Wah,2013 In this mix of memoir, essay and nature writing, Wong Yoon Wah evokes the beauty and seduction of the tropical rainforest and rubber plantations of his childhood in Malaya. He examines what surrounds us: the fruits we grow, the food we eat, the trees and animals that thrive in our midst. Along the way, we gain fascinating insights: how thunder tea rice acquired its name; how early settlers used the rain tree to tell time; how the behaviour of ants can tell us when a monsoon is about to arrive. Both personal and informative, this selection of Wong's essays is a stunning re-addition to the creative non-fiction landscape.

The Fish That Ate the Whale Rich Cohen,2012-06-05 When Samuel Zemurray arrived in America in 1891, he was gangly and penniless. When he died in New Orleans 69 years later, he was among the richest men in the world. He conquered the United Fruit Company, and is a symbol of the best and worst of the United States.

Fruit and Vegetable Phytochemicals Elhadi M. Yahia,2017-11-06 Now in two volumes and containing more than seventy chapters, the second edition of *Fruit and Vegetable Phytochemicals: Chemistry, Nutritional Value and Stability* has been greatly revised and expanded. Written by hundreds of experts from across the world, the chapters cover diverse aspects of chemistry and biological functions, the influence of postharvest technologies, analysis methods and important phytochemicals in more than thirty fruits and vegetables. Providing readers with a comprehensive and cutting-edge description of the metabolism and molecular mechanisms associated with the beneficial effects of phytochemicals for human health, this is the perfect resource not only for students and teachers but also researchers, physicians and the public in general.

Pineapples Passion Fruit and Poi Mary Lou Gebhard, William H Butler, 2012-11-27 Here are more than two hundred recipes from Hawaii that are as varied and distinctive, as appealing and inviting as are its delightful scenery and its charming people. Polynesian to begin with, the islanders and their food have been tempered extensively—and nicely—by assimilating many of the fine traits of the Chinese, Japanese, Korean, Filipinos, Portuguese, and mainland Americans who have made Hawaii their home. All of these influences are reflected in this delightful potpourri of delectable and distinctive Hawaiian dishes. Some of them call for the generous use of the Islands luscious fruits and vegetables, or its readily available and varied products of the sea, with plenty more proving how versatile pork and poultry can be. Besides describing a kaleidoscopic variety of drinks, desserts, and main dishes, this book provides numerous menus and complete notes on how to entertain in a truly Hawaiian manner. In addition there is a glossary of Hawaiian terms and an extensive list of specialty food shops in the United States where one can find the few unusual ingredients that are called for.
