*It's A Funny Thing - How the Professional Comedy Business Made Me Fat & Bald* Michael Rowe, In this chronicle of one person's poignant and harrowing road to fulfillment, Mike celebrates his chosen life in the comedy business with personal tales of romantic calamities, celebrity run-ins, professional misfortunes, and triumphs. He reinforces the notion that you can accomplish (almost) anything you want if you're willing to get your ass kicked along the way. It's a Funny Thing solidifies Michael Rowe's reputation as not just an all around nice guy, but also a skilled observer in self, the human condition, and dogged perseverance. MICHAEL ROWE, a former comedian now comedy writer/producer, has been nominated for six Emmys for his work on Futurama and Family Guy, earning one along the way. Mike's also been nominated for two Annie Awards, earning two; a Writers Guild Award, and a Gemini Award. He has earned a Webby Award for his original animated series The Paranormal Action Squad. His writing has also appeared in Vanity Fair magazine. He lives in Los Angeles with his wife, twin sons and a silly dog named Marty Allen. "If you've ever had any interest in comedians, like what went wrong in our lives to make us so deeply disturbed, you will devour Mike Rowe's insightful, personal, and yes, very funny book. Such a great read for smart people—and morons will like it, too." – Larry David "During long, grueling nights working way too late in the writers' room, when everyone had grown snarly and surly and silent, Mike would continue to pepper us with hilarious jokes. He was that cruel. And now he's written a book that's not only funny, but also sweet and sensitive. What is it with this guy?" – Matt Groening "Why would I want to read Mike's book that highlights the struggles of coming up the ranks in the New York comedy club scene? I was there with him! I could write that book myself!!Then I read it and realized...I can't write like this! Son of a bitch." –Ray Romano "Having witnessed only a part of Mike's life, I can tell you the whole thing is a doozy of a read. He is as much a fan of comedy as he is a fixture in it. The best always are." – Sarah Silverman "We expected Mike Rowe to be a dick because he's a big fancy Hollywood guy and he doesn't smoke dope, and we weren't wrong. But the book is pretty fu@king funny." – The Trailer Park Boys

**11 Hearts, 11 Helmets, 1 Goal The Austin Outlaws Women's Professional Football Team** Dennis Stostad,2011-12-30 The Austin Outlaws is a women's professional football team. They play full-contact NFL rules and have been doing this since the year 2000. Based in Austin, Texas, they play an eight game schedule in the spring of each year. In 2003 I started shooting action photos of Outlaws games and practices. In 2011 I started a blog to showcase my photos. Along with hundreds of photos, the blog includes my insights about football and any other subjects that interest me. It is a mixture of serious and silly, fun for me to do and fun for fans to visit. My blog server suggested creating a book of my blog posts - and this is that book. It is a collection of selected blog posts taken nearly exactly as they originally appeared in the blog. I've done some editing to adapt to the book format. The book is fun and a great keepsake for Austin Outlaw players. The blog is: <http://womenwhoplayfootballplus.blogspot.com/>.

**The Last Lecture** Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.
