Making News at The New York Times Nikki Usher, 2014-04-24 *Making News at The New York Times* is the first in-depth portrait of the nation's, if not the world's, premier newspaper in the digital age. It presents a lively chronicle of months spent in the newsroom observing daily conversations, meetings, and journalists at work. We see Page One meetings, articles developed for online and print from start to finish, the creation of ambitious multimedia projects, and the ethical dilemmas posed by social media in the newsroom. Here, the reality of creating news in a 24/7 instant information environment clashes with the storied history of print journalism, and the tensions present a dramatic portrait of news in the online world. This news ethnography brings to bear the overarching value clashes at play in a digital news world. The book argues that emergent news values are reordering the fundamental processes of news production. Immediacy, interactivity, and participation now play a role unlike any time before, creating clashes between old and new. These values emerge from the social practices, pressures, and norms at play inside the newsroom as journalists attempt to negotiate the new demands of their work. Immediacy forces journalists to work in a constant deadline environment, an ASAP world, but one where the vaunted traditions of yesterday's news still appear in the next day's print paper. Interactivity, inspired by the new user-computer directed capacities online and the immersive Web environment, brings new kinds of specialists into the newsroom, but exacts new demands upon the already taxed workflow of traditional journalists. And at time where social media presents the opportunity for new kinds of engagement between the audience and media, business executives hope for branding opportunities while journalists fail to truly interact with their readers.

Online Games, Social Narratives Esther MacCallum-Stewart, 2014-06-13 The study of online gaming is changing. It is no longer enough to analyse one type of online community in order to understand the plethora of players who take part in online worlds and the behaviours they exhibit.

MacCallum-Stewart studies the different ways in which online games create social environments and how players choose to interpret these. These games vary from the immensely popular social networking games on Facebook such as Farmville to Massively Multiplayer Online Roleplaying Games to Free to Play online gaming and console communities such as players of Xbox Live and PS3 games. Each chapter deals with a different aspect of social gaming online, breaking down when games are social and what narrative devices make them so. This cross-disciplinary study will appeal to those interested in cyberculture, the evolution of gaming technology, and sociologies of media.

Red Rascal's War Garry Trudeau,2011-11-22 Readers and critics were wowed by G. B. Trudeau's epic masterpiece 40: A Doonesbury Retrospective, and they'll rejoice when they see this beautiful follow-up volume. Featuring an innovative format and an all-new collection of strips, Red Rascal's War is the first all-color Doonesbury book ever. Both Trudeau and his fans have followed Doonesbury's ever-expanding cast through four decades of cultural turbulence and change. With its arresting cover and rich interior, Red Rascal's War showcases the most recent additions to a body of work the New York Times admiringly refers to as a sprawling masterwork. [Trudeau is] Dickensian in his range of characters, writes Garry Wills in The New York Review of Books. Trudeau has just kept improving, year after year, in part because he stays so close to changing events. . . . He has never been better than in the last six years. From the exploits of Afghan legend-in-chief Sorkh Razil to the pipe dreams of Malibu's top nanny Zonker Harris, and from the no more chill pills intervention by Obama's aides to the way-cool love of a headbanging war vet and his MIT-grad gal, Doonesbury marches wildly on. What else is guaranteed to make you think, feel nostalgic, and laugh out loud at least once a page? --Karen Holt, O Magazine
