Sports & Recreation Fads Frank Hoffmann, Beulah B Ramirez, 2013-12-16 True to the spirit of the all-American athlete and our society's seemingly endless pursuit of and passion for leisure activities is *Sports & Recreation Fads*. This readable and fascinating reference book highlights some of the most notable as well as some long-forgotten pastimes and personalities. Sporting and recreation events have thrived in the United States for more than two centuries. Just about every sport and recreation embraced from Colonial America to the present has had its faddish aspects. The fascinating introduction provides a basic understanding of the importance of fads in the development of sports and recreation. No book on sports fads would be complete without several chapters on baseball, and this exciting volume is no different--Hank Aaron's 715th home run, baseball card collecting, Mark "the Bird" Fidrych's shining season with the Detroit Tigers, Bo Jackson's double career, Jackie Robinson's success in breaking the color barrier, and Pete Rose's gambling troubles--a true slice of Americana, the best and the worst of our favorite pastime! From the controversial people and events in professional athletics--Mohammed Ali, Joe Namath, Mike Tyson, the "battle of the sexes" between Billie Jean King and Bobby Riggs, the "Black Sox Scandal," and the Dallas Cowboys cheerleaders, to the heroes--Charles Atlas, Joe Louis, and Babe Ruth, Hoffmann and Bailey illustrate the often fickle and sometimes enduring interest that Americans have for sports figures and their games. This informative and entertaining book also examines our personal quest for fitness, our devotion to automobiling, and our love of games, including bridge, charades, crossword puzzles, Monopoly, Dungeons & Dragons, Scrabble, and Trivial Pursuit. *Sports & Recreation Fads* is a handy guide to our favorite leisure activities of the last 200 years.

The Cooperative Sports & Games Book Terry Orlick, 1978 All the fun of active sports -- without the hurt of losing The idea behind this book is simple: people should play together, not against each other. To show you how enjoyable (and challenging) that can be, Terry Orlick has created and collected over one hundred brand-new games based on cooperation, not competition, with the perfect one for every occasion. Who can play? People of every size, shape, age, and ability, from preschoolers to senior citizens. Where can you play? In the gym, on the beach, in the swimming pool, around the playground, in the classroom, in your backyard, or even in your own living room. What do you need? Nothing fancier than a ball, a mat, or a net -- and an active imagination. What kinds of games are there? -- Completely original ones like Sticky Popcorn, Bump and Scoot, Double Bubble, Big Snake, Fish Gobbler, and Collective Beach-blanketball. -- Familiar ones like Musical Chairs and even football and hockey recycled into fun-for-all adventures. -- Games from the Arctic, New Guinea, and the People's Republic of China. -- Plus ideas for making up a

whole new set of games on your own. Games nobody loses means no more disappointed players sitting on a bench or out in the first round of play -- because taking the competition out leaves more room for fun for everybody!

Lead-up Games to Team Sports O. William Blake, Anne M. Volp, 1964 This book is a single source of good games leading up to team sports. Challenging games are the stock-in-trade of every successful physical education teacher and recreation leader. Every physical education teacher sooner or later feels the need for new and different games that will enrich, vary, and vitalize his program. These games are the means through which many of the objectives of physical education are achieved. Without them physical education programs can become dull and meaningless to students. Books written on team sports are geared usually for either boys or girls. In this book the lead-up games have been presented so that they are applicable to both boys' and girls' programs. -from Preface.
