Confessions of a Corporate Trainer Jonathan Halls,2019-04-23 Embrace the Gritty Reality of Training Ever watched half your class stomp out on you? Fallen asleep facilitating a creativity workshop? Planned a bulletproof lesson plan, then dropped it 10 minutes after you started? Don't worry—it's fine to confess. If you have faced a surprise in the training room, chances are Jonathan Halls has seen it, too. As a result, he doesn't pretend to be a shiny happy trainer anymore; his 25-plus years of training and facilitating in 25 countries have taught him not to stress over a less-than-flawless class—and helped him focus less on himself and more on letting his learners shine. In *Confessions of a Corporate Trainer: An Insider Tells All*, Jonathan tells relatable and charming stories of what corporate training is really about, drawing from his highly rated train-the-trainer workshops and hundreds of honest conversations with like-minded trainers. He recounts the curveball he was thrown midway through a change management workshop in Zagreb, Croatia—and how it showed him the futility of overplanning. He shares the time a fire alarm disrupted a training program he led in Washington, D.C., and how he embraced the interruption. And he reflects on what conspires to knock trainers off their game (psst: demanding clients, heavy workloads, and frequent travel are only a few of the culprits). Discover the gritty reality of training. *Confessions of a Corporate Trainer* will entertain you, challenge you, and remind you why you as a trainer are so important in today's workplace.

The Passenger Has Gone Digital and Mobile Nawal K. Taneja,2016-02-24 Technology is changing expectations in the airline industry. Passengers want to be in control, and they expect airlines to become solution providers and aggregators of value, to provide them with personalized services. Airline employees expect to be given the tools to do their jobs and to meet passenger expectations. Airline executives expect to make returns that are reasonable and relatively stable through business cycles. All of these expectations can be met by airlines through the effective and efficient leveraging of information and technology, to shift from being operations- and product-centric to becoming customer-centric and dramatically improving the overall passenger travel experience throughout the travel cycle. In this new book by world-renowned airline expert Nawal K. Taneja, the 7th in a series with Ashgate, the author explores and explains the game-changing opportunities presented to the industry by new-generation information and technology. He shows how information and technology can now drive, not just enable, an airline's strategy to become truly customer-centric at a personalized level, while at the same time enabling the operator to reduce costs, enhance revenues, reduce risks and become much more flexible and agile by better managing complexity.

The iPhone Book Scott Kelby,Terry White,2012-12-19 If you're looking for a book that focuses on just the most important, most useful, and most fun stuff about your iPhone 5, 4S, or 4—you've found it. There are basically two types of iPhone books out there: (1) The tell-me-all-about-it kind, which includes in-depth discussions on everything from wireless network protocols to advanced compression codes. (2) Then there's this book, which instead is a show-me-how-to-do-it book that skips all the confusing techno-jargon and just tells you, in plain, simple English, exactly how to use the iPhone features you want to use most. The iPhone Book is from Scott Kelby, the award-winning author of the smash bestseller, *The iPod Book*, who takes that same highly acclaimed, casual, straight-to-the-point concept and layout and brings it to learning Apple's amazing iPhone. Scott teams up once again with gadget guru and leading iPhone authority Terry White to put together a book that is an awful lot like the iPhone itself—simple to use and fun to learn. The book's layout is brilliant, with each page covering just one single topic, so finding the information you need is quick and easy,

with a large full-color photo on each page so you can see exactly how it works. Scott and Terry added even more tips and tricks than the previous editions, and made it even easier by focusing on just the most useful and most requested iPhone 5 features, so you can start really using your iPhone today!

Open Tourism Roman Egger,Igor Gula,Dominik Walcher,2016-03-02 This book examines the concepts of open innovation, crowdsourcing and co-creation from a holistic point of view and analyzes them considering their suitability to the tourism industry. Methods, theories and models are discussed and examined regarding their practical applicability in tourism. The book illustrates the theoretical mechanisms and principles of Open Innovation, Crowdsourcing and Co-creation with case studies and best practices examples. In addition to the scientific target group, the book is a useful resource for managers of the entire tourism industry. First, the book presents the theoretical fundamentals and concepts in 11 specific chapters. This basis is then enriched by three parts with case studies, focusing on information, creation and provision respectively. Finally in a concluding part the editors sum up the book and give an outlook on the implications, learnings and future perspectives of open innovation, crowdsourcing and collaborative consumption in the tourism industry.

Online Security for the Business Traveler Deborah Gonzalez,2014-08-23 Whether attending conferences, visiting clients, or going to sales meetings, travel is an unavoidable necessity for many businesspeople. Today's high-tech enabled businessperson travels with electronic devices such as smartphones, tablets, laptops, health sensors, and Google Glass. Each of these devices offers new levels of productivity and efficiency, but they also become the weak link in the security chain: if a device is lost or stolen during travel, the resulting data breach can put the business in danger of physical, financial, and reputational loss. Online Security for the Business Traveler provides an overview of this often overlooked problem, explores cases highlighting specific security issues, and offers practical advice on what to do to ensure business security while traveling and engaging in online activity. It is an essential reference guide for any travelling business person or security professional. Chapters are organized by travel stages for easy reference, including planning, departure, arrival, and returning home Touches on the latest technologies that today's business traveler is using Uses case studies to highlight specific security issues and identify areas for improved risk mitigation

How To Be a Digital Nomad and Work Wherever You Want Curtis Duggan,2022-08-16 If you're reading this, congratulations! You're one of the first people to check out this new book How To Be a Digital Nomad and Work Wherever You Want. I can guarantee it'll be the best, most concise book you'll read out there on becoming an effective remote worker and digital nomad. This book was created to help you do something that is life-changing but straightforward: Take your source of income and move (temporarily or permanently) wherever you'd like to go in the world. That's it. No fluff, no aspirational lifestyle mantras, no self-help guru stuff. I break down the components of the remote work lifestyle, tackle them one by one, and give you the frameworks you need to plan your next move. By the way, we're also always updating it and improving it as we learn new information. The global landscape for remote work is changing every single week. We'll keep this guidebook updated accordingly. You won't have to worry about purchasing the 2023, 2024, and 2025 versions of this guidebook over and over again—like your favorite guidebook at the bookstore. Purchasing this book is a lifetime pass to all future versions of this book. How To Be a Digital Nomad and Work Wherever You Want is your trusty guidebook as you prepare to embark on a remote work adventure. I wrote this book based on my decade of experience as a remote worker, CEO and co-founder of a remote-first company, and as a part-time digital nomad. And now, I get to share my information with you. It's never been easier to design the life you want and work wherever you want. This is why I love the era that we are living in! Remote work has created the biggest shift in 100 years in how we work. That's right. Remember the invention of computers? The Internet? Smartphones? Those were just warm-up rounds that enabled the latest seismic earthquake in how we live and work. For the first time in history, you don't need to be physically located close to your job or source of economic opportunity. In this easy-to-digest book, I share everything I know about planning, executing, and transitioning to life as a remote worker abroad. You'll learn: What the term 'digital nomad' means, why I think it's cheesy, and how you can get past the jargon to think about the underlying principles of location independence Different paths to becoming a digital nomad Finding your purpose Choosing a digital nomad destination in South America, Europe, Asia, and more Tips and tricks for living life as a remote worker abroad Best practices for being an effective remote worker with teammates and clients A long-term strategy for adopting the digital nomad lifestyle 📌📌📌 To get more details on what's in the book, scroll through images above to see the table of contents. You'll get access to: 100 pages in PDF and EPUB format All future versions of this guide, for the rest of your life! Exclusive access to an upcoming private community of digital nomads and remote workers One more thing... If you're thrown off by the term ebook, consider this more like a how-to guide. There are probably 'digital nomad coaches' charging hundreds of dollars for one-hour consulting calls and video courses. Those overpriced offers will contain a lot of the same info that's in this relatively inexpensive digital book. It's a deal! Join thousands of other people worldwide in starting your digital nomad journey today!
