Dear Photograph Taylor Jones, 2012-04-24 We all have moments we wish we could relive. We'd give anything to skid down the toboggan hills of our youth, to breathe in the smell of our children as babies or to spend just one more minute with a loved one we've lost. Dear Photograph provides a way to link these memories from the past to the present. The idea is simple: hold a photograph from the past up in front of the place where it was originally taken; take a second photograph; add a sentence of dedication about what the photograph means to you. The results, however, are astounding, which is why millions have flocked to the site, and thousands have submitted their own Dear Photographs. This stunning visual compilation includes more than 140 never-before-seen Dear Photographs. By turns nostalgic, charming and poignant, Dear Photograph evokes childhood memories, laments difficult losses and, above all, celebrates the universal nature of love.

Lord January: A LitRPG Cultivation Saga Dakota Krout,2022-01-11 Time is money. Time is a Weapon. Time is running out. Grant Leap is an orphaned, mortal farmhand in a world where cultivation methods and Weapons of Power are jealously guarded and only passed down among family. He's not content with his lot; as a Januarian, someone living in District January, he should be living the good life just like everyone else. Food, parties, food, entertainment, and food are the minimum requirement. As an orphan, specifically a reviled Leap, there's not even a chance of being treated as a human. When a celestial event pours time magic into his field, coalescing into a lost Weapon of Power, Grant leaps at the opportunity to advance beyond even the scope of standard cultivation. At the first touch of the weapon, the orphan gains everything he's ever wanted: a Sword and a Name. Also, a pesky mandatory quest with his life as the price of failure. It doesn't take him long to realize that the best thing for him to do is to sell it and live on borrowed Time. Yet, that would never happen. The blade offers him the first major choice he's ever had to make: surrender

to his desires... or live like a King.

Dungeon Walkers 2 Daniel Schinhofen, 2021-11 Alistern Stern Masterson never expected to have the sort of life he found himself living. He was an irregular- a person who looked like the undead and had unusual perks- and his life hadn't been very pleasant, so he'd written off the idea of ever finding anyone who understood him. Then, an old lady had asked for help, and he'd given it... Stern was able to rescue Cyra Walot's shards from the Bloodstone dungeon, after which he was brought before the city magistrate on false charges. Cyra helped him clear his name, and he was set free with the newly reborn Cyra

beside him. Although the rabbit lykian had lived a rough life and died horribly inside the dungeon, she wasn't about to let that stop her from following her own dream. Seeing her determination, Stern offered to help her. Together, they ran the starting dungeons so that Cyra could develop the skills she would need to survive as a Walker. Stern and Cyra found a friend in Trish Moxy, an accomplished leatherworker. That friendship blossomed and grew, becoming something that none of them had expected. The new triad relationship and fledgling crew trained together in Darkstone, preparing to take on the next set of dungeons. These would be much harder, but they felt like they had a chance if they worked together. After Darkstone, they set out for Waterrock. They were intent on finding people to fill out their crew, knowing they would need more allies for what the future held. (This book contains non-standard relationships and touches upon adult situations.)
