**Encore!** Brian Leahy Doyle,2009 In *Encore! The Renaissance of Wisconsin Opera Houses*, Brian Leahy Doyle chronicles the histories of ten Wisconsin opera houses and theaters, from their construction to their heydays as live performance spaces and through the periods when many of these stages went dark. All but one of the featured theaters has been restored to its original splendor. Just as the beginnings of these theaters were often the result of the efforts of local citizens, Doyle discovers that their restoration is due to the commitment of dedicated and passionate people. More than one of these revived theaters has spurred the revitalization of its surrounding downtown business district as well.

**Grand Opera** Anthony Gishford,1972 Anthony Gishford has collaborated with five other distinguished writers on opera, Harold Rosenthal, Tony Mayer, Horst Koegler, Patrick Carnegy and Richard Comyns Carr, to record the many widespread artistic achievements which this extravagant medium has inspired over the centuries. The text is written with a dry humor which, while not hesitating to poke fun at the pomopous targets of the opera world, never forgets that this is an art form which inspires passionate devotion as well as uncomprehending dismay. The book is divided into twelve national sections and within each of these the individual opera houses are separately treated. There has never, until now, been a book which attempted to explore this subject with such wide scope. Illustrations of the architecture, of historic performances, of programs, prints and all the lore of the operatic stage make the book a vivid contribution to this branch of theater history. --

**The Smallest Grand Opera in the World** Anthony (Tony) Amato,2011-08-30 "The Amato Opera Company has delighted music lovers throughout the years, establishing an extraordinary artistic tradition in New York City." -- Bill Clinton "The Amato Opera theatre is a truly extraordinary New York cultural institution and it is a priceless addition to our great City's music industry." -- Rudolph W. Giuliani Author Anthony (Tony) Amato produced full-staged grand opera in New York City for 61 years. Now Tony tells his story—from his earliest childhood in Minori, Italy; immigration to the U.S.; his early career in restaurant kitchens and as a butcher; and the courtship of his beloved wife Sally when they were both young, working singers. The book goes on to describe how Tony and Sally created The Smallest Grand Opera in the World, gaining international critical acclaim in the process. The Smallest Grand Opera in the World is a story of the extraordinary will and effort of two people in an uncommon marriage and partnership. It is a joyous story in which Tony willingly shares the secrets of why The Amato Opera was a success. It is a how-to book for the aspiring theatre professional as well as an inspiration for all who have ever dreamed of being a part of the miraculous world of opera.

**The Grand Opera House** Steven Leo Bartkoski,Felicia Hardison Londré,2009 Built in 1891, the Grand Opera House was the last standing of the nineteenth-century theatre buildings in Kansas City, Missouri. The Grand had years of great success due to the effort of its manager, Abraham Judah. The building was converted into a parking garage in 1926, but its brick Greco-Roman shell remained. With parking ramps installed, the theatre served as a public garage until the early 2000's when it fell into disrepair. There were many attempts to save and restore the Grand to its original glory. Not enough money was found and it was demolished in the spring of 2009. The intention of this thesis is to present a comprehensive history of the Grand Opera House's initial building and wonderful stories through its transformations and its disappointing destruction. This distinctive piece of Kansas City history can tell us much about our past, our present, and our future.
