*Fundamentals of Management with Online Study Tools 12 Months* Danny Samson, Richard L Daft, Timothy Donnet, 2017-12-05 Samson/Daft/ Donnet's *Fundamentals of Management* is a robust foundation text providing a balance of broad, theoretical content with accessible language for students. This sixth edition features a new author on the team and contains updates to content based on recent research. Along with current management theory and practice, the text integrates coverage of innovation, entrepreneurship, agile workplaces, social media and new technology throughout. The book is rich with experiential exercises, self-assessment activities, challenges and cases for students to engage with, developing multiple skills. Examples within the text are both local and global, with a new focus on a 'skills approach', and each part of the text concludes with a contemporary continuing case study, focussing on car company, Toyota, as it faces managerial challenges and opportunities in the region The text covers the four key management functions: Planning, Organising, Leading, and Controlling, conveying to students the elements of a manager's working day.

**Come from Away** Genevieve Graham, 2018-04-24 From the bestselling author of *Tides of Honour* and *Promises to Keep* comes a poignant novel about a young couple caught on opposite sides of the Second World War. In the fall of 1939, Grace Baker's three brothers, sharp and proud in their uniforms, board Canadian ships headed for a faraway war. Grace stays behind, tending to the homefront and the general store that helps keep her small Nova Scotian community running. The war, everyone says, will be over before it starts. But three years later, the fighting rages on and rumours swirl about "wolf packs" of German U-Boats lurking in the deep waters along the shores of East Jeddore, a stone's throw from Grace's window. As the harsh realities of war come closer to home, Grace buries herself in her work at the store. Then, one day, a handsome stranger ventures into the store. He claims to be a trapper come from away, and as Grace gets to know him, she becomes enamoured by his gentle smile and thoughtful ways. But after several weeks, she discovers that Rudi, her mysterious visitor, is not the lonely outsider he appears to be. He is someone else entirely—someone not to be trusted. When a shocking truth about her family forces Grace to question everything she has so strongly believed, she realizes that she and Rudi have more in common than she had thought. And if Grace is to have a chance at love, she must not only choose a side, but take a stand. *Come from Away* is a mesmerizing story of love, shifting allegiances, and second chances, set against the tumultuous years of the Second World War.

Hard Truths Thornton Dial, David C. Driskell, Greg Tate, 2011 Thornton Dial has lived his entire life in the American South. Incorporating salvaged objects into his art, he creates epic works including haunting reflections on homelessness, global conflict, the tragedy of 9/11, and African American history.

**The Master Within** Gary Hopkins,2008-12-25 The Master Within is the result of over 5 years of diligent research and the private healing practice of Gary Hopkins. This book is geared toward teaching people how to physically feel energy and how to perform healing sessions on themselves and others. This book also includes a Grid Work sequence (which is considered advanced energy healing technique) that is called Axiatonal Integration.

**The Lion King** ,2003 Life is full of fun and games on the African plains for Simba, a young lion cub. But when Simba's father is killed, and his uncle, Scar takes over, he makes Simba leave the Pride. With the help of his comical friends, Pumbaa the warthog and Timon the meerkat, Simba can finally claim his throne. But first he must stand up to his villainous uncle, Scar.

**Axiatonal Integration** Gary Hopkins,2010-06-28 Axiatonal Integration is an Energy based Healing modality rooted in the logic of Quantum Physics, Sacred Geometry, and Philosophy. In this continuation of the authors first book, The Master Within, these pages contain a step by step guide to three grid work sequences. These three sequences are based on The Tree of Life, Metatron's Cube, and the Tibetan Knot. These sequences can transform your mental, physical and psychological health in unlimited ways, if you choose to practice them. Implementing this work into your life awakens the mind to healthier, more sustainable states of consciousness. Axiatonal Integration compliments any faith or belief system and is a powerful healing technique that can help you greatly improve the quality of your daily life.

**The Long Tail** Chris Anderson,2006-07-11 What happens when the bottlenecks that stand between supply and demand in our culture go away and everything becomes available to everyone? The Long Tail is a powerful new force in our economy: the rise of the niche. As the cost of reaching consumers drops dramatically, our markets are shifting from a one-size-fits-all model of mass appeal to one of unlimited variety for unique tastes. From supermarket shelves to advertising agencies, the ability to offer vast choice is changing everything, and causing us to rethink where our markets lie and how to get to them. Unlimited selection is revealing truths about what consumers want and how they want to get it, from DVDs at Netflix to songs on iTunes to advertising on Google. However, this is not just a virtue of online marketplaces; it is an example of an entirely new economic model for business, one that is just beginning to show its power. After a century of obsessing over the few products at the head of the demand curve, the new economics of distribution allow us to turn our focus to the many more products in the tail, which collectively can create a new market as big as the one we already know. The Long Tail is really about the economics of abundance. New efficiencies in distribution, manufacturing, and marketing are essentially resetting the definition of what's commercially viable across the board. If the 20th century was about hits, the 21st will be equally about niches.

**Cincinnati Beer** Michael D. Morgan,2019 Despite a brewing pedigree richer than that of Milwaukee or St. Louis,

Cincinnati's role in American beer history is quite often underappreciated. Drawing on years of research, Michael D. Morgan, author of the award-winning *Over-the-Rhine: When Beer Was King*, tackles this subject with a fresh perspective. Complete with new findings, the true story of the city's first brewer comes to light, as do the oft-heralded deeds – and overlooked misdeeds – of the beer barons who built empires their progeny drove to ruins. From the story of the Scottish brewery that made Cincy famous for English ales, through forgotten Prohibition political scandals, to the birth and rise of the modern craft beer movement, *Cincinnati Beer* explores previously untold stories of our beer-soaked past.

**Talent Chooses You** James Ellis, 2020-06-03 If you want your business to grow, you need to be able to rely on your ability to hire talent reliably and consistently. No talent pipeline? No growth, and no business. But your recruiting team is drowning (I asked them). They need help. Now, if you ask recruiters, they will ask for headcount. Or more technology. But more bodies and more tools won't solve the issue (though it will eat up your budget). What you need is a better strategy. And that strategy is called employer branding. Employer branding is about understanding, distilling and communicating what your company is all about in order to attract all the talent you need. That will differentiate your company as a place where people will want to work, rather than a place they land because they didn't know better. If you've heard about employer branding in business magazines, it might seem like something only big companies can do. Something that requires a dedicated team, expensive platforms, or a bunch of consultants. That isn't true. If you understand where your brand comes from, and how to apply it, any company (especially yours) can hire better with it. And this book will teach you how to do all of that, and then some. In this book, you'll learn what employer branding really is, how to make a compelling argument internally to leadership that creates commitment, how to work with other teams and be creative in finding solutions. As a special bonus, we are including a handbook on how to work with recruiting teams. This hands-on workbook is chock full of examples, checklists, step-by-step instructions and even emails you can copy and paste to make things happen immediately.
