Groupon's Biggest Deal Ever is the exclusive and unparalleled account of the incredible rise of discount giant Groupon and the compelling story of its offbeat founder Andrew Mason as he created a juggernaut of online commerce and ignited a consumer revolution.

We depend on them for instant connections to entertainment, social media, news, and deals. The phone has become our ticket, loyalty card, and catchall wallet. Networks are faster, phones are smarter, and the mobile shopper is ready to spend money now. What can a business do to maximize the mobile buying power of the new impulse consumer? Gary Schwartz has written a groundbreaking book that outlines the history of the mobile industry and shows just how businesses can build up their mobile platforms to maximize online sales. Gary Schwartz analyzes a phenomenon that's modifying people's actions and challenges our assumptions about our behavior as consumers. Anyone interested in the ways our behavior as shoppers is changing—and what we can do to better harness this opportunity—will find this book to be essential reading.
