*Shoot to Win* Chris Cheng,2018-05-01 A surprising journey from tech support to professional marksman in front of the cameras. Chris Cheng won the title of “Top Shot,” a \$100,000 cash prize, and a professional marksman contract with the show sponsor, Bass Pro Shops. How did a tech support guy who didn’t shoot a lot of guns beat out seventeen other competitors—including seasoned military veterans, law enforcement officers, and pro marksmen—in History Channel’s Top Shot season 4? An excellent guide for beginning shooters, Cheng focuses on the basics and ammunition of pistols, rifles, and shotguns, marksmanship fundamentals, and buying a firearm. Other chapters include: Dry Fire Practice Firearm Accessories Safely Storing Your Firearm Cleaning and Maintaining Your Guns And much more! Additionally, Cheng covers his approach to staying calm under pressure, teamwork, sportsmanship, and leadership. These traits contributed to his coming out on top and staying above the fray. With a foreword written by Top Shot season 3 champion Dustin Ellermann and an afterword written by the original Top Shot champion Iain Harrison, Shoot to Win is sure to please shooters of all stripes, but especially fans of History Channel’s program Top Shot. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

**"Guns Don't Kill People, People Kill People"** Dennis A. Henigan,2016-07-26 “A must-read for every American who longs to bring sanity to our nation’s gun laws,” this book debunks the lethal logic behind the myths that have framed the gun control debate (Ariana Huffington, co-founder of HuffingtonPost) The gun lobby’s remarkable success in using engaging slogans to frame the gun control debate has allowed it to block lifesaving gun legislation for decades. But is there any truth to this bumper-sticker logic? Dennis Henigan exposes the mythology and misguided thinking at the core of these pro-gun catchphrases, which continue to have an outsized influence on public attitudes toward guns and gun control. He counters the gun lobby’s messages by weaving together the most compelling current research and insights drawn from the grim reality of deadly gunfire in our homes and communities. Henigan charts a new path toward ending the American nightmare of gun violence. Pro-Gun Myths Include: “When guns are outlawed, only outlaws will have guns.” “An armed society is a polite society.” “The only thing that stops a bad guy with a gun is a good guy with a gun.” “Gun control doesn’t work because criminals don’t follow the law.” “Gun manufacturers shouldn’t be responsible for gun crime, any more than Budweiser is responsible for drunk driving.” “We don’t need new gun laws. We just need to enforce the ones we have.” “Gun control is a slippery slope to complete gun bans.”

Citizen-Protectors Jennifer Carlson,2015-04-01 From gang- and drug-related shootings to mass shootings in schools, shopping centers, and movie theatres, reports of gun crimes fill the headlines of newspapers and nightly news programs. At the same time, a different kind of headline has captured public attention: a steady surge in pro-gun sentiment among Americans. In Citizen-Protectors, Jennifer Carlson offers a compelling portrait of gun carriers, shedding light on Americans' complex relationship with guns. Delving headlong into the world of guns, Carlson participated in firearms training classes, attending pro-gun events, and carried a firearm herself. Through these experiences, she explores the role guns play in the lives of Americans who carry them and shows how, against a backdrop of economic insecurity and social instability, gun carrying becomes a means of being a good citizen. A much-needed counterpoint to the rhetorical battles over gun control, Citizen-Protectors is a captivating and revealing look at gun culture in America, and a must-read for anyone with a stake in this heated debate.

**Lethal Logic** Dennis A. Henigan,2011 Systematically refutes the bumper-sticker logic of the gun lobby.

**Armed and Female** Paxton Quigley,1993-03-15 The first complete book on one of the hottest subjects in the media today--gun ownership. Quigley offers women sound advice about everything from whether to buy a gun to choosing the proper weapon to training yourself to use it. Personal stories and crime victims' accounts help her make her case for women arming themselves.

*Modern Handgun Fundamentals* Brad Engmann,2012-02-01 This guide is for shooters of all levels: it establishes a strong shooting foundation by solidifying strengths and eliminating weaknesses.

**Shooters** Abigail A. Kohn,2004-06-10 Frequenting gun shops and shooting ranges, and devoting particular attention to those whose interest in weaponry extends beyond the casual, Abigail A. Kohn captures in finegrained and often entertaining, yet always humane, detail how gun owners actually think and feel about their guns. Through her conversations--with cowboy action shooters at a regional match, sport shooters, hunters, with shooters of all ages and races--we hear of the savage beauty of a beautifully crafted long gun, of the powerful historical import owners attach to their guns, of the sense of empowerment that comes with shooting skill, and the visceral thrill of discharging a dangerous weapon. Cutting through the cliches that link gun ownership with violent, criminal subcultures and portray shooters as gun nuts or potential terrorists, Kohn provides us with a lively and untainted portrait of American gun enthusiasts.

**The War on Guns** John R. Lott,2016-08-01 When it comes to the gun control debate, there are two kinds of data: data that's accurate, and data that left-wing billionaires, politicians, and media want you to believe is accurate. In The War on Guns, economist and gun rights advocate John Lott turns a skeptical eye to well-funded anti-gun studies and stories that perpetuate false statistics to frighten Americans into giving up their guns.

**Take My Gun If You Dare!** Morgan Norval,1979

*Guns of the NRA National Sporting Arms Museum* Jim Supica,2017-09-15 Guns of NRA National Sporting Arms Museum features the most common and popular sporting arms in America pictured side-by-side with some of the greatest firearm rarities...These guns reflect the three-part theme of the NRA National Sporting Arms Museum at Bass Pro Shops. -- Amazon.com.

**Guns and Control** Guy Smith,2020-09-01 A Nonpartisan guide that arms both sides of the gun control debate. The slogan of the Gun Facts Project is “We are neither pro-gun nor anti-gun. We are pro-math and anti-BS.” From project creator Guy Smith comes Guns and Control: A Nonpartisan Guide to Mass Public Shootings, Gun Accidents, Crime, Public Carry, Suicides, Defensive Use, and More. No matter what side of the aisle one is on, people are baffled by gun control. This book is designed to be a guide to thoughtful discussion; it arms readers with facts and the logic behind conflicting arguments and leaves emotional rhetoric to the pundits and focuses on the thorny issues of the debate. Guns and Control will: • Guide readers step-wise through each of the major gun control topics: mass public shootings, assault weapons, street crime, suicide, private carry, defensive gun use, gun availability, and more. • Help readers gain the broad perspective and the full set of important, true facts, just in time for the 2020 Presidential Election. • Arm readers against some of the more egregious misinformation. • Support readers in formulating their own conclusions. Guns and Control will grant high-level perspectives—for example, that mass public shootings are a global phenomenon, occurring in nearly all developed nations—and explore details to understand the causes, and thus possible cures, of gun violence-related problems. Was the push for de-institutionalization in mental health management a contributing factor to the rise in mass public shootings? Guns and Control will help readers find answers to such questions. What the public lacks is a clear, unbiased, broad perspective on the realities of guns, explained in simple, straightforward, and entertaining ways. Guns and Control will demystify these misunderstood aspects of who uses and misuses guns.

**Women and Guns** Deborah Homsher,2015-05-20 This timely and provocative book looks at contemporary American women and their experiences with guns. Scrupulously balanced, this new paperback edition features a new appendix containing a wealth of primary source documents that help illuminate both the dangers and attractions of guns in our society.

**The Gun Debate** Philip J. Cook,Kristin A. Goss,2020-04-02 No topic is more polarizing than guns and gun control. From a gun culture that took root early in American history to the mass shootings that repeatedly bring the public discussion of gun control to a fever pitch, the topic has preoccupied citizens, public officials, and special interest groups for decades. In this thoroughly revised second edition of The Gun Debate: What Everyone Needs to Know® noted economist Philip J. Cook and political scientist Kristin A. Goss delve into the issues that Americans debate when they talk about guns. With a balanced and broad-ranging approach, the authors thoroughly cover the latest research, data, and developments on gun

ownership, gun violence, the firearms industry, and the regulation of firearms. The authors also tackle sensitive issues such as the impact of gun violence on quality of life, the influence of exposure to gun violence on mental health, home production of guns, arming teachers, the effect of concealed weapons on crime rates, and the ability of authorities to disarm people who aren't allowed to have a gun. No discussion of guns in the U.S. would be complete without consideration of the history, culture, and politics that drive the passion behind the debate. Cook and Goss deftly explore the origins of the American gun culture and the makeup of both the gun rights and gun control movements. Written in question-and-answer format, this updated edition brings the debate up-to-date for the current political climate under Trump and will help readers make sense of the ideologically driven statistics and slogans that characterize our national conversation on firearms. This book is a must-read for anyone interested in getting a clear view of the issues surrounding guns and gun policy in America.

**Guns, Gun Control, and Elections** Harry L. Wilson, 2007 Gun-related violence remains an intractable problem despite a decline in the past decade. Some believe the solution lies in stricter gun control laws while others think these measures would be ineffective or counter-productive. *Guns, Gun Control, and Elections* examines current gun control policy and explains how it was adopted by discussing the roles and interactions of elected officials, interest groups, political parties, and the public. Original research on media coverage and public opinion as well as a chapter on state policy (Virginia) make the book both informative and accessible. The book focuses on the utility of gun policy, and its discussion of policy impact is grounded in real-world politics. Wilson also highlights the importance of gun control in the Presidential elections of 2000 and 2004 as well as in some U.S. Senate and statewide campaigns.

**The Gun Debate** Philip J. Cook, Kristin A. Goss, 2014-04-01 No topic is more polarizing than guns and gun control. From a gun culture that took root early in American history to the mass shootings that repeatedly bring the public discussion of gun control to a fever pitch, the topic has preoccupied citizens, public officials, and special interest groups for decades. *The Gun Debate: What Everyone Needs to Know®* delves into the issues that Americans debate when they talk about guns. With a balanced and broad-ranging approach, noted economist Philip J. Cook and political scientist Kristin A. Goss thoroughly cover the latest research, data, and developments on gun ownership, gun violence, the firearms industry, and the regulation of firearms. The authors also tackle sensitive issues such as the effectiveness of gun control, the connection between mental illness and violent crime, the question of whether more guns make us safer, and ways that video games and the media might contribute to gun violence. No discussion of guns in the U.S. would be complete without consideration of the history, culture, and politics that drive the passion behind the debate. Cook and Goss deftly explore the origins of the American gun culture and the makeup of both the gun rights and gun control movements. Written in question-and-answer format, the book will help readers make sense of the ideologically driven statistics and slogans that characterize our national conversation on firearms. This book is a must-read for anyone interested in getting a clear view of the issues surrounding guns and gun policy in America. *What Everyone Needs to Know®* is a registered trademark of Oxford University Press.

*America's Great Gun Game* Earl E. McDowell, 2007 More than 30,000 American deaths are caused each year by firearms, and more than 230,000,000 guns exist in the United States today. *America's Great Gun Game: Gun Ownership vs. Americans' Safety* presents two sides of the gun issue- the gun control advocates, the silent majority; and the gun rights supporters, the vocal minority. Author Earl E. McDowell urges the silent majority to become the vocal majority as he tackles the controversial topics of gun control and concealed carry laws. Unlike other volumes on the gun issue, *America's Great Gun Game* challenges the National Rifle Association's interpretation of the Second Amendment by citing the opinions of Supreme Court justices, the president of the American Bar Association, state and federal legislators, and former U.S. presidents. McDowell traces attempted presidential assassinations and presents a detailed account of the gun movements from 1922 through 2000, assessing which side won the gun game for each movement. *Gun Game* is unique, as it also reports statistics on how guns affect women and children and which women's and children's organizations support gun control. *America's Great Gun Game* presents McDowell's thoroughly researched argument in favor of stopping the proliferation of guns throughout the United States and the increasing need for federal gun control legislation.

**DIY Guns** Roy Huntington, Tom McHale, Will Dabbs, MD, 2020-05-21 Do it yourself gunsmithing tips, tricks and ideas for every skill level. □ This version features black & white interior pages □ Want to upgrade the trigger on your polymer pistol? No problem. We'll show you how. How about making your standard pistol shoot 1 groups? A semi-drop-in barrel job will do the job. Here's the best part: You won't even need a pile of expensive tools. On the other hand, if you're looking for an excuse to add to your tool collection, you'll find some recommendations. If you're already an intermediate or advanced home gunsmith, never fear. We've got plenty of valuable tips and tricks in this issue for you too. If you're feeling adventurous, consider making your own 1911 - from scratch! You'll be surprised at what you can accomplish with kits and hand tools. You might have a wall hanger or beater gun that's seen better days or doesn't work at all. Whether yours are revolvers, surplus rifles or shotguns, you'll find stories to help bring old guns back into range or field condition. You're about to gain valuable pro tips on woodworking, metal working, parts fabrication, lathe and mill techniques, and even a bit of welding. Here's a sample of what's inside *American Handgunner's DIY Guns* special Edition: The Right Stuff - Your Excuse To Buy Pro Tools. Sighting-In - 4 Million Shooters Strong! Installing Novak Sights. Tack Driver! - Fitting A Barrel For 1 Groups. Lever-Action Accuracy - Installing Aperture Sights On Your Classic Rifle. Star Wars Armory - How To Make An Imperial Blaster ... That Shoots. Ejector Rod Wrench - A Shop-made Solution You Can Tackle. Now, order this book, get reading, then go hit the shop!

**Gunstories** S. Beth Atkin, 2007-11-13 Guns are a fact of life for young people growing up in the United States. They are found in homes—for protection, sport, and hunting. Guns are also on the street—for defense and security, and in gang-related uses. Guns can cause accidents, and even deaths, while they can also nurture self-esteem and athletic abilities. The impact of guns on young people's lives is undebatable—and often dramatic. S. Beth Atkin's evocative photographs and candid interviews share the remarkable stories—told in their own voices—of an array of young people's life-changing experiences with guns.

**Bibliography of Pro-gun Literature** William L. Garrison (Jr.), 1981

*The Way of the Gun* Iain Overton, 2016-03-22 In this gripping tour de force of investigative reporting, an award-winning journalist travels through America and beyond to understand the brutal reality—and consequences—of a world in which twelve billion bullets are produced every year for almost a billion guns. According to the United States Bureau of Justice, more than 4.5 million Americans became victims of gun crime between 2004 and 2013. With the highest global rate of gun ownership and gun imports and exports—not to mention the controversial Second Amendment—America is justifiably the focus of a growing gun debate. But the five hundred thousand people around the world killed by guns every year suggest that it is far from the only nation in the cultural, political, economic, and lethal grip of the gun. Over a hundred countries have their own firearm industries, and twenty nations recently saw children carrying guns into conflicts. *The Way of the Gun* is a shocking, eye-opening exposé of the global gun ecosystem and its long-reaching impact. Traveling to America, the Middle East, South America, Africa, and Asia, veteran journalist Iain Overton meets murderers and law enforcement marksmen, gun fetishists and weapons smugglers, gun manufacturers and grieving relatives of victims. He unearths the sobering scale of the international gun economy, explaining the relationships between its legal and illegal players, and powerfully portrays its effects on health care, religion, law enforcement, politics, and, most of all, individuals. Driven by firsthand research and objective reporting, *The Way of the Gun* is not a polemic. Overton, who works for the international nonprofit Action on Armed Violence but also hunts and once ran a gun club, eschews heated rhetoric for a compelling factual narrative that puts America's unique relationship with guns into an

international context—providing a sobering perspective on the arguments dividing our nation and, increasingly, the world. Shortlisted for the Crime Writers’ Association Dagger Award for Nonfiction Praise For The Way Of The Gun “Every page is packed with emotional power and startling statistics. . . . A passionate mix of rhetoric and travelogue, Overton’s book takes the gun debate into impressive new territory.”—Kirkus Reviews (starred review) “Adventurous, ambitiously tracing the often devastating impact of guns around the world. . . . Punctuated with thoughtful discussions on issues from the Second Amendment to the US Constitution to women’s attitudes toward guns . . . contains moments of great poignancy.”—Financial Times “Riveting . . . poignant. . . . This book is more than just facts, it’s insight and revelation on a very human level.”—Independent “Shocking. . . . Overton has supped full of horrors and is not reticent about sharing them.”—Newsweek “Gripping reportage that’s as disturbing as it is enlightening . . . without—crucially—lapsing into an antigun diatribe.”—GQ Magazine

**Guns Pro Book Review: Unveiling the Power of Words**

In a world driven by information and connectivity, the ability of words has be much more evident than ever. They have the capacity to inspire, provoke, and ignite change. Such is the essence of the book **Guns Pro**, a literary masterpiece that delves deep to the significance of words and their effect on our lives. Compiled by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we shall explore the book is key themes, examine its writing style, and analyze its overall effect on readers.

**Guns Pro Introduction**

In todays digital age, the availability of Guns Pro books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Guns Pro books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Guns Pro books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Guns Pro versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Guns Pro books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Guns Pro books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Guns Pro books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Guns Pro books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals.

Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Guns Pro books and manuals for download and embark on your journey of knowledge?

FAQs About Guns Pro Books

**What is a Guns Pro PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Guns Pro PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Guns Pro PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Guns Pro PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Guns Pro PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
