**Kill Everyone** Lee Nelson,Tysen Streib,Steven Heston,2009-07-15 One of the most highly regarded poker books to come out in the last decade is now even better than before. This book is for anyone serious about playing tournament poker, both live and online. **Further Limit Hold 'em** Philip Newall,2013-01-15 Limit hold em, while currently not as popular as no-limit hold em, is an extremely interesting game from a theoretical standpoint: The rules are complex enough to allow constant intrigue, yet simple enough to allow computer bots to play the game on an extremely high level. These are important advantages over the two other most commonly played flop games: no-limit hold em and pot-limit Omaha. And yet, all three games share crucial similarities in terms of community cards, game structure, and position. Consequently, these advantages make it the model poker game. This book approaches limit hold em in a rigorous way: using game theory, statistical analysis, and a focus on posing new questions that can produce additional value to your game. Some of the conclusions are provocative and counter-intuitive; providing new ideas for any poker player. While targeted to the dedicated professionals, Further Limit Hold em is accessible to players of all levels, including someone just started in poker. Concepts are woven together and developed from the ground up, while at the same time, you're shown when to forego higher

level ideas in favor of simpler and more profitable alternatives.

Treat Your Poker Like a Business ,2009-12 Poker star Dusty Schmidt presents his first book [→ one that stands to shake up poker in the same way Moneyball did for baseball. Schmidt offers an inspiring look at how in just five years, he went from not knowing a thing about poker to netting a seven-figure annual income. Far from a mathematical or technological genius, Schmidt says what guides him through is a fundamental understanding of business. Treat Your Poker Like A Business provides a foundation upon which all poker will be evaluated in the future, and will help an entire generation of poker players evolve their games into empires. A consummate grinder, Dusty Schmidt has played nearly 7 million hands of online poker over more than 10,000 hours during his five-year career. He's won over \$3 million during that period, and has never experienced a losing month. In 2007, he achieved Poker Stars' SuperNova Elite status in just eight months while playing high-stakes cash games exclusively. Schmidt posted the world's highest win rate in both 5/10 NL and 10/20 NL in both 2007 and 2008. In a four-month period between Nov. 2007 and Feb. 2008, Schmidt won in excess of \$600,000 in high-stakes cash games. He is now a highly respected instructor at Stoxpoker.com, and plays as high as 25/50 NL. As a young man, Schmidt was a top-ranked golfer. He broke two of Tiger Woods' junior records, and was the leading money winner on the Golden States Tour when, at age 23, he suffered a career-ending heart attack. Schmidt returned to golf in 2009, winning medalist honors in qualifying for the Oregon Amateur Championship. Later that year, Schmidt famously represented himself in federal court in his suit against the United States Golf Association, which controversially stripped him of his amateur status, in part due to his poker profession. Schmidt is now a volunteer assistant coach for the University of Oregon's men's golf team, working under his good friend, Head Coach Casey Martin. Schmidt is also a successful entrepreneur. He is part-owner of Stoxpoker.com and Imagine Media, and the creator of 10thGreen.com, the first social network for golfers. His story has been featured in Sports Illustrated, Card Player, Poker News, Golf Magazine, Fairways and Greens, Golf Week, Golf World and the Portland Oregonian, as well as on ESPN, cnn.com, wallstreetjournal.com, forbes.com, fortune.com, espn.com, golfdigest.com and golf.com, among many others. He recently founded the House of Cards Project, a philanthropic effort to provide food and shelter to disadvantaged families. His life story will be told in the book [→Raise: The Impossibly True Tale of Dusty Schmidt, [→? to be released later in 2010. He lives in Portland, Ore., with his wife, Nicole, and daughter, Lennon.

*The Intelligent Poker Player* Philip Newall,2011-04 As poker theory develops, the field is becoming more abstruse and mathematical; gradually becoming less accessible to the layperson. The Intelligent Poker Player by Philip Newall aims to reverse this trend by presenting a cohesive and sophisticated method of play in plain English. This approach, in principle, can be used to analyze any form of poker, although this book mainly shows applications in the popular forms of limit and no-limit hold 'em. The Intelligent Poker Player is also the first book to discuss the emergent field of artificial poker intelligence - otherwise known as poker robots. The best computers are capable of playing heads-up limit hold 'em at a world class level, and this book deconstructs some interesting features of their play. And finally, professional poker is a risky career choice. So in addition to the strategy chapters which include topics such as ôInformation Hiding,ö ôMiddle Game Concepts,ö and ôNo-Limit Hold 'em: Applications and Extensions,ö the author will show how to mitigate avoidable risks with topics such as ôBankroll Management and Shot Selection,ö ôRisk Preferences,ö ôPsychological Biases,ö ôInvesting,ö and ôPredicting Future Poker Returns.ö Book jacket.
